**PHILADELPHIA SLUGGERS LIKE

**Bancroft is Only Player Who Can Hit
Regularly—Leonard is Classed as
Equally Good as Foster, Hero of
Saturday's Game.**

BOSTON, Oct. 12.—The Red Sox have outhit the Phillies in two out of three games, outhit them from the word go, and outhit them, and finally have outgassed them at the most critical point of the world's series to date.

If you are in search of the reason for the fact that the Sox have a one game edge and appear to be pointed straight to the world's title, there it is.

When the turning point of Monday's game arrived the Phillies were outgassed. Then came Lewis with a good solid blow, scoring Hooper, and the show was over.

The turning point came before Lewis' smack. It was with Scott's sacrifice which followed Hooper's single. Scott fouled twice. Another fouled him and he would have been retired. Under all ordinary rules, he should have hit the next ball. The Phillies guessed thus, and lost. They played for the expected solid blow. Instead, Scott bunted. This caught them flatfooted. Hooper scurried to second. Scott was thrown out at first, but the winning run was perched on second with only a single needed to stow away the game. Lewis delivered this after Speaker had been walked.

Leonard on Plane With Foster.

Leonard gets the credit for pitching equal to Foster, who was Saturday's hero. He furnished no personal dramatic climax by making individually the winning run, but it was done for him, just as the necessary hit would have been delivered for Foster had the latter needed it.

Alexander pitched another steady, brainy game, but the Red Sox artillery was effective enough to put over two runs, which, with Leonard standing the Philly sluggers on their heads was sufficient. As things are going, the series may go down as one of the best pitched world's title in history. Foster and Leonard, of course, loom up as the real heroes with a three hit game each, but Alexander worked 18 innings, and was scored on only three, although he was nicked for 14 hits.

Mayer yielded 10 hits and two runs making 24 hits and five runs the Red Sox have registered for three games.

The Phillies were held even tighter off shore. Foster and Leonard they connected with only 11 hits in 27 innings, and scored five runs.

Bancroft Hits Each Game.

Bancroft is the only Philly player who has hit safely in every game. Niehoff has not hit once and he is the only player of either team who has played thrice and failed to connect.

Lewis leads with two safeties in the first, none in the second, three in the third, including the winning smash yesterday.

Cravath and Luderus, the siege guns of the Philly artillery, have been almost entirely spiked. Except for Saturday's uprising, when their brace of doubles brought a run from Foster, neither reached first more than once. Cravath walked in the first game, and Luderus singled in the same. Cactus has fanned three times and Luderus four times. The latter whiffed three times yesterday. The Phillies must win today to have a look-in.

**Events in the War
One Year Ago Today**

• Anglo-French Parisaid ousted Germans and occupied Ypres. The Belgian army joined the English at the northern frontier. German forces from Ghent were expected to occupy Ostend.

• Germany was silent on the French situation. A Russian repulse was reported at Przemyśl and a big battle predicted in Russian Poland.

• Russia claimed a German setback on the Warsaw advance along the Vistula, with two companies captured. Fighting continued south of Przemysl. Martial law was declared in the Portuguese Congo, but Portugal, though mobilizing, has not declared war on Germany.

• The German cruisers Breslau and Goeben, sold to Turkey, appeared in the Black sea.

• The British ambassador at Constantinople has asked the embassy women to depart.

**GLASS OF SALTS
CLEANS KIDNEYS**

**TAKE SALTS TO FLUSH KIDNEYS
IF BACK HURTS OR HEAD-
BOOTHERS.**

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

**HOGS ADVANCE
VERY SLIGHTLY**

From Tuesday's Journal.
There was a further advance of a dime in the price of hogs at North Portland, placing the extreme top at \$6.60, although the stock that secured this amount was free to Puget sound. However, the quality was extra good and would have brought the advance from local parties.

The advance in the price here was not sufficient to decrease the difference between this market and the east. Omaha was up 20c for the day with tops 12 above those here.

General hog market:
Best light \$ 5.50
Medium light 6.25 @ 6.50
Good to heavy 6.00 @ 6.25
Rough to heavy 4.50 @ 5.50

Mutton comes lower.
While there was a fair showing of mutton and lambs in the yards overnight, not a single head came for the open market. The four loads that came forward were a direct shipment to a local meat company.

Conditions in the mutton and lamb trade are quiet but firm at former prices here. Leading shippers, however, are still keeping their stuff off the market.

**LADIES! DARKEN
YOUR GRAY HAIR**

**USE GRANDMA'S SAGE AND TEA
AND SULPHUR RECIPE AND
NOBODY WILL KNOW.**

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wynth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy, soft and abundant.

Trade in the cattle market continues quiet, with no change in either the general situation or the price at North Portland. There was only a small supply shown overnight and nothing of a special quality was available.

**MILLERS WAIT TO SEE
HOW MARKET WILL GO**

(From Tuesday's Journal.)
Millers are still unwilling to force the price of patent flour upward because they are not as yet certain whether the advanced price will be maintained for wheat. The price of patent flour for the immediate future depends entirely upon the action of the wheat trade.

In the meantime there has been very liberal increase in business in patent flour. Contracts are now being written for the season by many of the big buyers.

Wheat market is extremely quiet. While some business is reported in the interior, the market in general is stagnant. There was no session of the Portland Merchants exchange today; in fact all American exchanges
