Summer and Albert lakes, to post securities in compliance with an offer made a month ago, \$15,000 general mortgage 6 per cent 20 year bonds of the Port Reading company of New Jersey was considered. In his telegram Moore said that interest on the bonds has been paid regularly since 1910 and that the company is in good standing with large land and water terminals owned at Port Reading. Will Investigate Further. At the end of the session it was given out that the board had decided to wire New York financial correspondents to ascertain if the securities are as valuable as claimed. If an affirmative reply is received, it was stated, and with \$10,000 already posted, will form a bond that will insure the carrying out of the terms of the lease. The 30 days given Moore to post the securities expired Saturday, and the telegram offering the Port Reading securities was received that day. While the meeting was in session it is said, L. H. Cordes, a Portland attorney, who has been associated with H. S. Wallace in an effort to lease the lakes, and who later is said to have affiliations with former Governor Jay Bowerman of Portland, called up to learn if the Moore lease had fallen through. It is said that Bowerman, who was strongly opposed to letting Moore have the contract last winter, will have a proposition for certain interests if the Moore deal should fall through. Reports have mentioned the name of Senator Lair Thompson of Lake county in this connection. Doors Were Closed. It is also said that Governor

**HOW SHE ENDED TEN YEARS OF SKIN-TORTURE**  
Oct. 28, 1914.—"I had eczema on my face for ten years. Little red pimples formed in a small spot on my chin and then spread all over my face. They itched and burned me awfully. It was certainly embarrassing to me, and I would not go amongst people. I tried almost every remedy and treatment that could be used for this trouble, but nothing did me any good. I used Resinol Ointment and Resinol Soap, and was relieved in a day or two. In one month I was cured. This was six months ago and the trouble has never returned."—(Signed) Mrs. C. C. Roberts, Weatherford, Okla.  
The Resinol treatment specially heals eczema, rashes, ringworm, and other eruptions, and clears away disgusting pimples and blackheads, even when other treatments prove worse than useless. Doctors have prescribed Resinol Ointment and Resinol Soap for eighteen years, and all druggists sell them.

What a Londoner Thinks. WASHINGTON, Oct. 20.—A view of one Londoner's attitude toward the war now came to Washington today in a letter from John Brooks, former Indiana newspaperman, now at Homburg, Essex, outside London. To quote:

"What is it like to be in a land where khaki is not, and military aircraft is conspicuous by its absence, in a land where there is a cholera murder or a cluster of suicides on the front pages, instead of the eternal round of advances and retreats."

### OLD AND NEW WAY TO TREAT CATARRH

#### BREATHING A GERM KILLING AIR ENDORSED BY ACTUAL RESULTS.

The discovery of Hyomel has wrought a wonderful change in the treatment of catarrh.

Prior to three years ago the medicines ordinarily employed in the cure of this disease were drugs, sprays, lotions, etc. In some instances they benefited, but the improvement was not lasting.

With Hyomel you take into the air passages of your throat and head a balsamic air that goes into the minutest cells, and should effectually kill all germs and microbes of catarrh. Its purpose is to enter the blood with the oxygen, killing the germs in the blood, and restore health to the whole system. Many astonishing testimonials have been received from those who have been helped by Hyomel.

A complete outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomel for several weeks' treatment.

Perhaps the strongest evidence that can be given to doubters, is the fact that Tallman & Co. have so much faith in Hyomel that they sell every package under a positive guarantee to refund the money if it does not relieve.
