Californian Had
Kidney Trouble
 Jack Maltos, Copperopolis, Calif., says: "I had such a severe case of kidney trouble I thought I would have to sell out my business. I took three bottles of Foley's Kidney Pills which entirely relieved me and I have had no recurrence of kidney trouble since."
 "Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder troubles. The ache across your back grows worse with every move you make and every step you take. It just seems to rob you of all strength and energy. Your head aches, your appetites and work-out, sleep poorly and have no appetite, stomach is upset and bowels irregular."
 "Foley's Kidney Pills loosen the pain, and it is finally gone entirely. They give strength and tone to the kidneys, make them strong, active, their action becomes regular and normal again, and your health grows better each day you take this great healing medicine."

MOTHERS SOCIETY
IN SESSION TODAY
CORVALLIS IS HOST

DELEGATES FROM OVER STATE
NOW ASSEMBLED AT WIL-
LAMETTE VALLEY TOWN.

Parent-Teachers' Association Meeting in conjunction with Mothers' Congress—Auto Rides Planned for Those Attending Meeting.

CORVALLIS, Ore., Oct. 20.—The Oregon Congress of Mothers and Parent-Teachers' Associations begins its annual state convention here this afternoon. Advance information indicates that between 300 and 400 women from all parts of Oregon will be in attendance.

The first hour of the convention will be devoted to registration of delegates at the Presbyterian church, Eighth and Monroe streets, where the convention sessions will be held. The remainder of the afternoon session consists of a varied program of music, discussions and announcements. At the evening session the meeting will open with a violin solo by E. Heller-Collens, of Corvallis. Greetings will be given by Governor Withycombe, who lives in this city; Mrs. Edward B. Fitts, president of Corvallis Parent-Teacher Council; Dr. J. R. N. Bell, well-known minister; C. L. Springer, president of the Commercial club; Dr. W. J. Kerr, president of Oregon Agricultural College, and R. W. Kirk, superintendent of the city schools. Responses will be made by Mrs. R. H. Felt, vice president of the National Mothers' Congress, Mrs. Alva Lee Stephens, president of the Portland Council of Parent-Teacher Associations; Mrs. J. C. Elliott King, first vice president of the Oregon Congress of Mothers. Following the greetings and acceptances, President Mrs. Aristene N. Felt will deliver her annual address, "Modern Tendencies in Education."

Great preparations have been made for the convention to make it a successful one. Eleven convention committees of Corvallis women have met frequently to carry out their work. The committee on hospitality has canvassed the city for sleeping quarters for the visiting delegates, each family who takes a delegate agreeing to furnish bed and breakfast. For some of the delegates rooms will be provided by Corvallis women at Wald and Cauthorn halls, the girls' dormitories at the college. The reception committee, the largest in number of any appointed, is made up of 19 women. This committee not only will form the receiving line at the formal reception, but members of the committee will be at each session to see that no delegate wants for anything. Between sessions the reception committee plans to call on the transportation committee for automobiles to tour the paved streets of the city.

All day automobiles with members of the transportation committee will meet the incoming trains to welcome the delegates to the city. They will be taken to the church and assigned to quarters.

LOCAL GRAVEL PIT
ADDS CONSIDERABLY
TO CITY PAYROLL

Within the last few weeks the payroll in Pendleton has been increased by \$50 a day through the operation of a plant here for the preparation of sand and gravel for use in cement and on road construction. This plant, has been installed by A. H. Cox, manager of the Oregon Lumber Yard. Up to this time, all sand and gravel used in the city has been secured from Umatilla. With the preparation of a local plant the cost has been greatly reduced through eliminating freight charges, and at the same time the plant has been a benefit to Pendleton through adding to its payroll.

Mr. Cox is employing 16 men with teams in getting out sand and gravel from the Umatilla river bed just east of the Lee street bridge. The product has been approved for use at the new wing of the Eastern Oregon State Hospital, the new library building and the federal building. Oison and Johnson have used large quantities of it in their work at the hospital and will also use it when work starts on the Umatilla county library building.

Mr. Cox began furnishing sand and gravel for the Oison and Johnson company at the time the Eastern Oregon State Hospital was being constructed and large quantities of the product were shipped in from Umatilla. Finally, when there was to be considerable work here this year a plan was formulated whereby this sand and gravel could be secured at home and, during last July, Mr. Cox had his plant set up. It has proved a good investment. Not only is the sand and gravel used in construction, but the Warren Construction

company is using a large amount of it as top dressing on the paving work now under way. During the three or four years that Mr. Cox had contracts to supply sand and gravel, he has shipped several thousand carloads of it into Pendleton. Through establishment of the plant here, all this money spent in shipping charges and in buying the product from outside firms, will be saved to Pendleton.

 FRANKFURT-AM-MAIN, Germany Oct. 20.—Kaiser Wilhelm was expected to attend the inaugural ceremonies formally opening the new university here under the direction of Herr Arctes.

Amusements

What the press agents say about Pendleton's present and coming attractions.

"A Pair of Sixes." Edward Pele's laughing success, under the direction of H. H. Frazee, is announced as the offering at the opera house on Friday Oct. 22, with Oscar Figman and the New York company.

No farce of recent years has created more laughter than this sensational hit which has been a positive and legitimate success from its first production. The aim of the author and producer has been to create real fun, merriment and laughter and they have succeeded almost to the limit. A year in New York and six months in Chicago is but a brief record of "A Pair of Sixes" in the larger cities.

WAR ODDITIES.

LONDON—Sergeant Tom Jones, Royal Fusiliers, has been three times officially reported dead, and once privately.

Aix La Chapelle—The Germans have confiscated all rubber available here.

There is no other syrup "just like" or "just as good" as Tea Garden. Hold a spoonful of all glucose syrup to your tongue, note how quickly it pall—try it with Tea Garden—its flavor lasts—it does not sicken or pall. Tea Garden is inimitable in flavor, unequaled in purity and nutritive properties.

DON'T RUB THE SPOT THAT
HURTS---IT'S RHEUMATISM

You cannot rub out Rheumatism. You can get temporary relief, but the blood must be cleansed to make it permanent.

It is natural to rub the spot that hurts when the stabbing pains are causing agony, when joints and muscles are sore and stiff; that is the time when liniments and plasters are called upon to relieve the distress. The fallacy of such treatment and its danger lies in the fact that it may afford temporary relief, it lulls the victim into a sense of security, meanwhile the insidious poison of Uric Acid slowly, but surely, is getting a stronger grip upon the entire system. Rheumatism is one of the most dangerous of blood diseases, for the reason that it transforms its victims' life into a period of misery and suffering—a veritable living torment. If you suffer from Acute Rheumatism, Sciatica, Lumbago, Muscular Rheumatism or this fateful trouble in any form, you know that these words are true. There is only one way to get permanent relief from Rheumatism. Too much acid in the blood is one cause, stomach troubles, indigestion, weak kidneys, constipation are

other causes; but from whatever source the poisonous matter comes it affects the blood, is carried through the entire system until muscles, tendons, and the vital organs themselves are diseased. Furthermore, certain secret diseases cause forms of Rheumatism. There is no time like the present to free yourself from the suffering caused by this dreadful ailment. As a positive relief for Rheumatic troubles, S. S. S. has never been equalled. It goes straight to the seat of trouble, gently acts upon the blood, tones up and re-vitalizes—literally flows out from the life-giving stream all poisonous acids and matter. When S. S. S. has restored the blood to its normal condition Rheumatism, with all of its attendant suffering and pains, is likewise banished. You are transformed once more to the realm of perfect health, you will feel the vigor of renewed youth, you are well. If you are Rheumatic, even in a mild way, take S. S. S.—get it from your druggist. We will deem it a favor if you will write to us and tell us about your particular case. Avoid substitutes.
