Newsy Notes of Pendleton

Steers Are Shipped.
The Pendleton meat company has shipped a carload of prime steers to Portland to the stock show to be held there. One carload of hogs also have been shipped. Ross Carney, who is manager of the local concern, has gone to Portland to attend the show.

Making Improvements.
Neagle Brothers shop at Cottonwood and Water street is being improved so that the familiar corner is taking on a new appearance. Frank Neagle announces that the firm has still other improvements in view. Among the improvements nearly completed are new walks along the street front at Cottonwood and water streets.

Sends Interesting Data.
George H. Himes of Portland, secretary of the Oregon Historical society, has sent some interesting data regarding the organization of the Pendleton fire department. The first fire company in this city, he says, was organized in September, 1879, the officers being J. F. Dunn, chief engineer; William Mays, foreman; Lot Livermore, president; D. W. Bailey, secretary, and S. Rothchild, treasurer. So far as Mr. Himes knows, Lot Livermore is the only survivor of the officials of this first company.

Mud Hens Protected.
It may not be generally known by sportsmen, but it is true nevertheless that mud hens or coots as they are

technically called are protected by law and Game Warden George Tonkin announced that he will be forced to prosecute those who persistently violate the law by killing these water birds. The coot is a game bird and usually hunters kill them more as pests than anything, for they are not particularly good eating unless a man happens to have an abnormal appetite. The birds are plentiful in many sections of the state.

Will Build Roosting House.
C. E. Howlsby has taken out a permit to erect a frame roosting house on Garden street. It will cost \$150.

Pull Bearers at Funeral.
Edward Mauer and H. C. Dunn were among the pull bearers at the funeral yesterday afternoon of the late John W. Sparks, prominent pioneer who died Monday.

May Undergo Operation.
County Commissioner J. M. Cockburn left today for Portland with his mother, Mrs. H. J. Cockburn of Milton. Mrs. Cockburn has been in poor health for some time and she will visit a specialist in Portland in the hope of gaining relief. It may be necessary for her to undergo an operation.

Take Prisoners to Pen.
Sheriff Til Taylor and Deputy Sheriff Jim Estes left on No. 17 today for Salem where John Richardson, self-confessed murderer of J. T. Owens, and Tom Swiftwood, convicted of stealing a horse, will be turned over to the state penitentiary authorities. Richardson was sentenced to life imprisonment and Swiftwood to from one to 10 years.

Resisted Arrest; Fined.
Because Dick Phillips resisted arrest last night when he was being taken to the city jail for being drunk, Judge Fitz Gerald added a few extra days to the ordinary sentence in drunk cases, when Phillips appeared in court this morning. Phillips demanded a trial. He was found guilty and sentenced to pay \$8 or serve four days in jail. He is in jail.

Warehouse Is Filled.
L. L. Bakken, foreman of the warehouse at Lens, owned by the Pendleton Roller Mills, was in town today on business. He says that the warehouse is now filled with grain only five carloads having been shipped out thus far this season. There are yet 1500 sacks, he estimates, to come in. The warehouse will be receiving wheat up to November 1.

Were Elk Hunting.
Fay La Grow and Homer Watts, both of Athena, have returned from an Elk hunt in the continental divide country in Montana. They had exceptionally fine luck and returned with a handsome display of Elks' teeth and several hundred pounds of elk meat. They were accompanied on the trip by Sam Pambrun and Frank Grasty, the latter of Montana.

No. 6 held here.
To accommodate members of "The New Henrietta" company, with William H. Crane, which played in Walla Walla last evening, west bound passenger No. 6 was delayed an hour here this morning that the company might make Baker where they are to play tonight. The company came in on a special car attached to the train from Walla Walla at shortly after 3 o'clock this morning.

Petition is Circulated.
A petition for a pardon for Joseph Picard was circulated here today among the businessmen of the city. Picard is a mixed breed and a well known farmer on the reservation. He was recently indicted by a federal grand jury at Portland on a charge of bringing liquor on the reservation. It is said the liquor was for use in his own household. The petition was drawn up by Colonel Raley and will be sent to President Wilson in the hope that Picard may escape serving sentence. Picard was sentenced to pay a fine of \$100 and serve 60 days in the Multnomah county jail, the latter sentence to begin on November 1.

Stars Leave Today.
The All Stars, which will play here November 12, will leave for their western trip today, according to a dispatch received here today. The Americans will comprise Kieffer, Ayres, James and Harper, pitchers; Henry and Cady, catchers; Hoblitzel, first base; Mullen, second base; Schank, second baseman; Sloan, shortstop; Walker, Itoh and Strank, outfielders; Pipp, utility. The Nationals will comprise Countee, Alexander, Pfeiffer and Vaughn, pitchers; Miller and McCherry, catchers; Daubert, first base; Evers, second base; Groh, third base; Fisher, shortstop; Carey, Waite, Killifer and Magee, outfielders. The players leave from Chicago and will play several towns before reaching Pendleton.

Eligible to Parole.
Glen Rust, sentenced yesterday to a year in the county jail, will probably be eligible for a parole. Rust was brought into the circuit court yesterday afternoon and Judge Phelps passed sentence on him. At the same time the court granted Rust's wife a divorce and she left last evening for Montana points. Rust was recently found guilty by a trial jury of non-support and the court required a bond from him to assure his contributing toward the support of his wife. The terms of the bond were not complied with, according to the court, and Rust was brought up yesterday to answer the charge. According to attorneys for Rust, all back alimony due Mrs. Rust has now been paid. After the young man has served a short time he may be paroled.

THE good people realize that in buying the way we do for 83 big busy stores in great quantities, for spot cash, direct from the manufacturers (the scarce of supply) we buy for less than the one store merchant can hope for, together with our modern selling methods. **THAT'S WHY WE SELL YOU HIGH GRADE GOODS FOR LESS.**
