NEWS OF PENDLETON

Many men think they have insurance when they merely have a policy.

-FIRE-

makes every man think: "What company carries my risk?" The answer may determine the property owner's whole future. A clean record through one hundred and four years backs the statement that a Hartford Fire Insurance Policy means a prompt, cheerful payment of an honest obligation.

For Your Consideration

Why not buy Sample Shoes and put the rest of your money in the bank?

You can do it, and you can buy better shoes at the Hub for less money. Sample shoes are far better than regular stock shoes, they are finished better, they are made of better leather, because when a drummer sells shoes to a merchant he shows the very best samples his factory can make for the money, and no regular stock shoe will come up to the standard of the samples he carries. Sample shoes will give you better service and you save one third of the regular price on your purchase. Then too we guarantee every pair to give you absolute satisfaction.

To those trading with us we can say no more; to others we say give us a trial; once you buy you will always buy sample shoes.

Why not start saving today?

THE HUB
 23 Sample Stores. 745 MAIN ST.

The Bulldoggers won in three straight games. The tournament will be contested by four teams, the Happy Canyon, captained by Fred McMonie, and the Buckaroo, captained by Jake Myers, being the other two teams. The tournament will end February 25.

Wife Seeks Divorce.
 James P. Navin, formerly a farmer of this county who about a year ago was arrested on a charge of highway robbery, was today made the defendant in a divorce suit by his wife, Olive M. Navin. At the time of his arrest Navin deposited \$150 cash bonds and then defaulted, forfeiting the bail. Mrs. Navin in her complaint charges him with desertion. Navin's confinement in the holding up of a farm hand near Helix made a clean breast of the affair and was sentenced to the penitentiary. His friends immediately appealed to the state officials for clemency.

SOCIAL AND PERSONAL

Additional Social and Personal News on Page 2.

Miss Ethel Kennedy has left for Portland and Seattle in both of which cities she has brothers.

Mrs. William Baser of Vale, formerly of this city, left today for her home after visiting for several weeks with friends and relatives.

Mr. and Mrs. George H. Bishop of Freewater were Pendleton visitors last evening.

Mr. and Mrs. W. H. Evans of Pilot Rock arrived home this morning from the San Francisco exposition. They were in a party with Mr. and Mrs. T. J. Tweedy and daughters and Mr. and Mrs. Douglas Belts. Mr. Tweedy arrived home last week but Mrs. Tweedy and the Belts will not arrive for another week or so.

The Parent-Teachers' association of the Hawthorne school will meet at the school building Thursday afternoon at 2 o'clock.

Mrs. Belle Freeman left this afternoon for Seattle to visit with relatives.

Thomas G. Smith of Echo has been a business visitor in Pendleton today.

Yesterday at the Episcopal rectory a well known young Pendleton couple Clarence E. Edmunds and Miss Grace

and carriers to cooperate to prevent a car shortage. A copy of the appeal was received this morning by Agent T. P. O'Brien and reads in part as follows:

"Informal complaints to the commission indicate that the annually recurring failure of transportation facilities known as 'car shortage' is again appearing. The commission urges on all shippers and all carriers that close attention to methods of loading, unloading, moving and promptly returning to use the cars now available will go far toward making the present supply of cars sufficient for all purposes.

"In order that the business of the country may go forward without interruption, the commission urges shippers, both individually and through their associations, to cooperate to secure the prompt and full loading of cars and their prompt release. One of the chief causes of failure of car supply in past seasons has been the unnecessary detention of cars by careless shippers and by shippers should endeavor to release cars at the earliest possible moment without regard to the free time given by the tariffs."

Must Report Vital Statistics.
 A new law, passed by the last legislature and which went into effect in this district yesterday, has to do with vital statistics. The law provides that all physicians and midwives shall report births to the city physician by the fifth day of the subsequent month and that, when the child has not been named by the time the first report is made, that a second report giving the name shall be filed in order to make the record complete. The law also requires that all who practice the healing art by license from the state shall register with the city physician. A heavy penalty is provided for all violations. Dr. I. U. Temple is Pendleton's city physician.

Good Coal and Wood.
 Our Rock Springs coal burns clean giving you more heat and less dirt for your money. Good, dry wood that doesn't boil, but burns. Also slabs and kindling. Protect yourself from colds and cost—order from R. L. Burroughs. Phone E.—Adv.

Railroad News of Interest Here

Hermiston Interested in New Schedule.—Hermiston people are very much interested in the changes which the Coyote cutoff will make in the train service for their town. They recognize the fact that some of the trains now running through their town will be routed over the cutoff. They are trying to arrange for a stop of No. 5 at Hermiston Junction in order that they may get an early morning train out for Pendleton and thus have a full day in this city. Hermiston Junction is about a mile and a half from the town and, if the stops are made there, a jitney service will probably be inaugurated to accommodate the people. In the event that No. 5 will not stop, they want the motor car to make an early morning start from Umatilla so that they can have more time in Pendleton than the present motor schedule permits.

25 Crews Out of La Grande.—The freight business of the O. W. R. & N. Co. is better right now than for several years, according to Agent T. P. O'Brien. At the present time there are 25 crews working out of La Grande, some crews which have been laid off for two years, having been put back on. The company is kept busy night and day.

New Time Card in Making.—It is understood that the O. W. R. & N. Co. will soon announce a new time card. No changes in time are expected on the Oregon division but it is anticipated that there will be several changes on the Washington division.

A Great Piece of Road.—Tramway declare the new road along the Coyote cutoff is a great piece of construction work. There is an eight mile long stretch, not a bend or curve to slow up the trains. It is anticipated that the cutoff will make a saving of nearly three-quarters of an hour in the running time between Pendleton and Portland.

Salt Lake Sleeper Taken Off.—The Salt Lake sleeper, which has been on No. 17 and No. 18 all summer, was yesterday discontinued. This sleeper is put on for summer traffic only.

President's Representative Here.—M. E. Chamberlain, the personal representative of President F. D. Roosevelt of the O. W. R. & N., came in on No. 5 this morning and left on No. 4 for Spokane.

Help Prevent Car Shortage.—The Interstate Commerce Commission is sending out appeals to both shippers

Live Gossip From Local Cattlemen

Few Cattle Being Fed.—There are not more than 500 head of cattle being fed in the west end of Umatilla county this year, whereas last year and the year previous from 7000 to 8000 head were fed. The chief reason for this is the fact that feeders lost money during the last two years and are unwilling to go against the game again. They were squeezed between high prices for stock cattle and a beef buying monopoly in Portland with sad results to their bank accounts. This year they can buy stock cattle for a trifle less than last year but not much and they refuse to indulge. Most of the west enders have now sold their hay and consequently they are not in shape to feed even if stock prices were lower.

Hay Well Sold Out.—At prices from \$6 to \$7 per ton the bulk of the hay of the west end of the county has been sold to beef feeders and sheepmen or baled for shipment to other points. The Union Meat company of Portland took from 1000 to 1500 tons of Umatilla county hay this year for feeding purposes near Portland. The hay is chopped and blown into the cars. At the other end of the line the hay is blown out of the cars. The packers are trying an innovation in the way of feeding down there this year and there are reports to the effect the results have not been entirely satisfactory.

Beef for Alaska.—Ten carloads of cattle, 250 head, recently arrived at Stantfield to be fed on the Furnish project for Alaska. The cattle belong to the Pacific Cold Storage Co and were owned by that company in Alberta. They were brought south

to be fed and will be shipped to Alaska when in condition.

Bought John Day Cattle.—A. H. Westgate and Thomas Gibson of Pilot Rock, were recently in the John Day country where they bought 50 head of cattle each. They bought two year old steers.

Shipping Out Cattle.—French & Carter have been shipping considerable cattle this fall from Pilot Rock and Heppner. The stuff came from the John Day country.

Feeding 440 Head.—Dickson Bros. of Prineville are feeding 440 head of beef on the Pete Sheridan ranch this winter.

R. N. Adams.—Near Stanfield R. N. Adams is now feeding four carloads of beef. He recently sold some high class beef that went to the Omaha market.

Julius Guderian.—Two hundred and sixty head of beef are being fed this year by Julius Guderian at his ranch on Birch creek.

Frank Saling.—County Clerk Frank Saling is feeding two carloads of beef on his ranch near Stanfield.

Joe Cunha.—Forty head of beef are being fed this winter by Joseph Cunha of Echo.

Fred Andrews.—A carload of yearling steers is being fed this winter by Fred Andrews of the Meadows.

Feeding at Toppensish.—Six thousand head of cattle are being fed in the Toppensish country by Frye & Co., of Seattle.
