TOP HOGS ARE OFF TO \$6.50 IN NORTH PORTLAND STOCKPENS

PORTLAND, Ore.—There was a very heavy run of hogs in the North Portland yards today, the showing of supplies being one of the heaviest known here for any other day than Monday, when the bulk of the week's run puts in appearance.

Top hogs were down to \$6.50 at North Portland this morning. This is in reality a loss of 5c from yesterday, when a small supply went at \$6.56 although the bulk of the stuff went at \$6.50 then for the best available. However, yesterday's quality was not as good as today's.

One lot of Idaho stock sold this morning in the yards at \$6.50, weighed off the cars, which really means \$6.50 on the fill. The shipment went direct to Seattle.

General hog market:

Best light 6.50
Medium light 6.40
Good to heavy 6.00-6.25
Rough to heavy 5.00-5.50

Cattle Market Quiet

There was a very quiet tone in the cattle trade at North Portland. Only a small run was shown overnight and general sentiment of the trade is very similar to that shown Monday.

Good stuff continues in request around extreme values.

General cattle market range:

Best hay fed steers 14.50-16.75
Good to choice 6.00-6.40
Ordinary to fair 5.00-5.75
Ordinary to fair 5.00-5.75
Best cows 4.75-5.00
Good to prime 4.25-4.60
Select bulls 4.00-4.25
Ordinary bulls 2.50-2.90
Best calves 7.00-7.50

Mutton Comes Direct

With the exception of a very limited supply, all mutton arrivals at North Portland went direct to killeries today. The Union Meat company drove in 705 head from a nearby feed lot and its sheep buyer, Arthur Bohoskey, drove in 826 from Troutdale.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running ear or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

Stories From the War Zone

BY WILLIAM PHILIP SIMMS
United Press Staff Correspondent.

PARIS, Oct. 2.—(By Mail)—Once in a while you strike a soldier who has seen something and can tell about it. He is the twentieth man. With you the others everything is a jumble of yell and explosion and running and falling and awakening in hospitals. A captain with a fractured thigh in a hospital here was one of the lucid ones. He said:

"The Saturday morning of the advance everybody knew the assault was to begin at 9:15. The artillery preparation had been wonderful and the men were really impatient to get away. You can't blame them either. It is no fun holding your hands and waiting for a thing like that.

"Some of them lighted cigarettes which they held themselves with fingers that didn't tremble in a battle. Some lighted their pipes two minutes before the charge. There was a little laughing and the noise of the campfire encouraged talk.

"Looking down the line I saw my lieutenant dragging on his white kid gloves. He was very young and this was to be his first chance. He wanted to do it properly, in Saint-Cyrian style. Had I been close enough I would have ordered him to take them off. Hundreds of Saint-Cyrian cadets were moved down at the beginning because they insisted on wearing white gloves. It was the 'marriage of

youth and war' and the gloves must needs be the gloved.

"As our previously regulated and compared time-pieces reached 9:15 my lieutenant struck a match. It a cigarette and leaped forward out of the trench waving his men after him. I leaped upon the parapet at the same instant my men following me yelling something which was their effort to make 'La Marseillaise' sound above the guns.

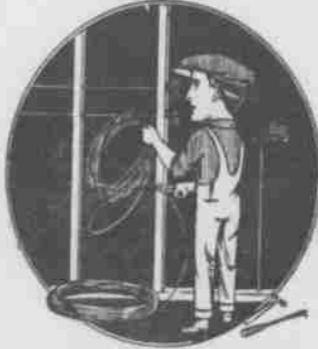

"Men began to fall about me so I hurried the company forward into a little gully where we stopped a moment waiting for a lull. It was here that I learned of the death of my lieutenant in the white gloves. I pulled my men and started forward under a pain of machine gun fire. A shell exploded so near that I was thrown off my feet but nothing was broken so I went on. Then a sharp ball pierced my thigh, breaking the bone. The battle was over so far as I was concerned. It was only 9:30, 10-12 minutes from the start. Rotterdam.

"I found my wound as best I could and waited under the greatest shade of freecocks one ever saw, waited for the stretcher men. Finally two came but near me was one of my men with a bullet in his stomach, so I directed the men to take him. I told the men to come back for me which they did at 5 o'clock in the afternoon.
