## EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH

INSTANT RELIEF! "PAPE'S DIAPERSIN" ENDS STOMACH TROUBLE FOREVER.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if you eat, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapersin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapersin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapersin which costs only 50 cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

Four sons survive, one in Georgia, another in Ohio, a third in Alaska, and a fourth in Los Angeles.

Mr. Mackintosh was born in Scotland 57 years ago. He came to America as a young man and in the civil war served three years in the United States army. For 20 years he was manager of an iron foundry at Ironton, Ohio. He quit a successful commercial career to devote his life to missionary work among the Alaska Indians.
