Notorious Cattle Thief Arrested. BAKER, Ore., Nov. 22.—James Childers, a notorious cattle rustler who has been arrested many times and escaped the penitentiary, except for one short term, is again in custody, charged with horse stealing. He was arrested at Vale Wednesday with four horses stolen near Union, in his possession.

U. OF O. AND AGGIES BATTLE IN SEA OF MUD; LATTER MEET DEFEAT BY SCORE OF 9 TO 0

EUGENE, Ore., Nov. 22.—With the field a sea of mud and a deluge of rain from start to finish, the Oregon university eleven outplayed the Oregon Agricultural college team here Saturday, the score being 9 to 0.

In the neighborhood of 7000 people witnessed the game, which is conceded to be the hardest fought and best real football that has ever been seen on Kincaid field. The Aggies, fresh from their victory over the Michigan Aggies, met with the surprise of their career, for Oregon had their number, and was at no time in danger of defeat. Johnny Beckett and Lloyd Tegert were the Oregon heroes.

The only touchdown was made in the first quarter and then Oregon played a defensive game throughout, blocking every play attempted by Abraham, the Aggie fullback. O. A. C. tried line plays, forward passes, but could make no headway, except in the last half of the fourth quarter, when the pistol prevented a touchdown.

Score on Blocked Punt. The famous Oregon "Dink" appeared after 14 minutes of play when Tegert blocked Cole's punt from behind the line and scored the first touchdown. Beckett kicked the goal.

added to add more points if possible by a place kick. This was about the only bit of luck the Aggies had during the day. They were in on the ball and blocked it, Hoerline recovering.

"Hungry" Booted Low. The Aggies threw the line plunging to the winds and "Hungry" Smythe was called back to kick. He booted a low ball that none of the Oregon men touched as it crossed the line of scrimmage, making it a free-for-all affair.

Montieth allowed himself to be outfoxed on two successive occasions. Thinking the ball was Oregon's, Montith did not touch it, and Anderson fell on it, giving it to the Aggies. Smythe immediately punted again and once more Montith failed to touch the ball, allowing it to roll until it came to a stop. He failed to take into consideration that Smythe was punting close up the line and Abraham was on side, giving him a right to recover the ball if possible. Abe was right on the job and when the Oregon safety did not fall on the ball, the O. A. C. man did.

Aggies Given Pail. By this time the ball was only a few yards from Oregon's goal line. The Oregon contingent protested loudly against giving the ball to the Aggies, but Referee Varnell was obdurate. The Aggies then executed a forward pass and the ball was on the two yard line. Both teams were fighting desperately. The Oregon forwards charged before the Aggies put the ball in play and that drew another penalty, half the distance to the goal for offside play.

With the Lemon and Yellow fighting doggedly in their last trench, the Orange and Black signalled an assault on the line, preceded by their well known backfield shift. The ball probably went over the line, but the eagle eye of Varnell detected Substitue Scatter Anderson passing the ball before his backs came to a complete stop in their shifting process and whistled offside. Just then the lines fired the pistol that brought the game to a close, without the hope of the Aggies realized.

It was a disheartening day for the promising Stewart team, the team that beat by 20 to 0 the noted Michigan Aggies, which only the week before had crushed the famed Fleming team and his University of Michigan eleven, 24 to 0.

REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind. I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."—Mrs. JOSIE HAM, R. F. D. 1, Box 22, Shamrock, Missouri.

MISS ANN MEANY
Dancing and good looks have won a bride for Ernest DeKoven Lettingwell, the noted Arctic explorer. In January Mr. Lettingwell will wed Miss Ann Meany, daughter of Mr. and Mrs. Joseph C. Meany of this city.
Lettingwell and Miss Meany met at a dance in Washington, where Miss Meany has visited her uncle several months during the past three winters. They will live in California.
"He is so handsome and brave that I do not want him to run the risk of losing his life," said Miss Meany in explaining why Lettingwell had promised never again to explore the polar regions. "He has won many laurels and can rest on them for the remainder of his life," she continued. "He came very near getting into the North Pole and if he had reached the South Pole he surely would have found it."

PORTLAND POLICE AT WORK ON MURDER UNFOLDING MYSTERY

WIDE SEARCH BEING MADE FOR MAN IDENTIFIED AS GEO. BARTHOLOMEW.

Country Will Be Combed for Alleged Companion of Victim Unless Arrest Is Made Soon—Telegrams Are Sent in Many Directions—Other Cities Working on Case.

PORTLAND, Ore., Nov. 22.—Every effort of the Portland police department is being expended to effect the capture of George Bartholomew, companion of John Lind, victim in the "Green Trunk" murder mystery. Telegrams have been sent far and wide along the line of railroads and navigation lines leading out of Portland and every avenue of egress from the city is being guarded closely. Eventually, unless there is a speedy arrest, the search will become nationwide and will include as well Mexico and Canada.

Bartholomew Positively Identified. Bartholomew has been positively identified by two persons, one of whom is Conductor R. E. Veach of Southern Pacific train No. 18, and the other is Mrs. Jessie Althoff of 405 Stark street, as Lind's companion. Mrs. Althoff states that she saw Bartholomew, whom she identified by a photograph left in the room at 407 Stark street, removing the trunk from the latter address.

Conductor Veach yesterday positively identified Detective Hoyle the body of the dead man as that of a man who with a companion, came into Portland from Salem on his train a week ago yesterday.

He further identified the picture of the other man as that of Lind's companion.

Lind, he said, paid transportation for both and on the way made inquiries of the conductor as to the price of land along the route, stating he intended to purchase 30 or 40 acres and start a chicken ranch.

Armed With Bartholomew's Picture. Detectives Price John Molony, Tichner, Mallet, Royle, Cahill, Hill and Howell are armed with pictures of Bartholomew and are making inquiries at all stations of transportation lines.

Out of town police officers are taking a keen interest in the hunt, as indicated by the flood of telegrams asking for further details which came into police headquarters yesterday.

HOW GIRLS CAN SAVE \$165.35 A YEAR—MAYBE

BERKELEY, Cal., Nov. 22.—A high school girl with a knowledge of sewing can make her year's wardrobe for \$76.45 while it costs the girl without this art, \$242, according to estimates of Supervisor Bertha C. Prentiss of the household art and science department of the local high school. Miss Prentiss believes her sewing course tends toward democracy, by eliminating both shabbiness and over-dressing.

Catarrh a Blood Disease S.S.S. Drives It From Your System

Because Catarrh affects the nose and throat, causing sores in the nostrils, stoppage of air-passages and gathering in the throat, it has been common practice to treat Catarrh by lotions, washes and sprays applied to these parts. This mode of treatment is entirely wrong. It cannot give permanent relief, and it is liable to irritate and aggravate the trouble. Catarrh cannot be trifled with. If allowed to run on it will disease the bronchial tubes, settle on the lungs, the stomach—indeed it is a very serious disease. Don't treat it locally. The fact that it causes headaches is proof that it is caused by impure and diseased blood. The one treatment that has proved effective in the treatment of Catarrh is S. S. S.

It is the greatest blood purifier and blood tonic known. It relieves the cause of Catarrh by the process of re-nourishing the blood, renewing its strength and vigor, giving new life to the red blood corpuscles and stimulating the flow so that it has the vitality to throw off the poison and germs from the system. It is literally a blood bath. You quickly feel results. Headaches disappear, the gathering in the throat stops, the nostrils heal—before you hardly realize it you are well. S. S. S. is a natural blood tonic and has proven effective in the treatment of all blood affections. Eczema, tetter, rash, Scrofula. Get S. S. S. at your druggist's. If you need special advice write the S.
