YOU'RE BILIOUS! LET "CASCARETS" LIVE IN LIVER AND BOWELS

DON'T STAY HEADACHY, CONSTIPATED, SICK, WITH BREATH BAD AND STOMACH SOUR.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? Cascarets work while you sleep, cleanse the stomach, remove the sour, undigested, fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out to morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

PATRIOTISM BEING EXPLOITED TO GLUT GREED OF EMPLOYERS

WOMEN MUNITION EMPLOYEES IN ENGLAND MAKE SERIOUS CHARGES.

Situation Adds to the Labor Middle in the United Kingdom—Workers Declare They are "Sweated" in Plants—While Employers Grow Rich, Wages Remain the Same.

BY HENRY WOOD.

(United Press Staff Correspondent.) LONDON, Oct. 9.—(By Mail.)—Women munition workers of England say they are being sweated and that their patriotism is being exploited to satisfy employers' greed. The women's formal charges, just filed with the labor board add to the labor middle in the United Kingdom.

The women usually are not affiliated with regular trade unions, whose domain they have invaded, but in this case their charges coincide with the allegations of the laboring men. The English working women, like the men, persist in their efforts to get a hearing when the life of the nation is at stake, they say, because although they declare themselves patriotic they cannot permit their patriotism to be exploited.

While the manufacturers grow rich out of government war contracts, the working women insist their wages remain unincreased while the cost of living is constantly ascending. The men charged this too, and the women add that their employers are taking advantage of their inexperience to sweat them.

One advantage the women have is that government boards were appointed to investigate conditions under which they might be called upon to work. These boards have responded to the cry for help and are, after investigation, lending the weight of their authority to the strikers.

The complaints center largely in the Manchester district where thousands of factories are installing lighter machinery for the women, but are not paying them men's wages, nor nearly so much.

The wages were found to vary from a maximum of about \$5 for a 48-hour week down to \$2.50 for a 54-hour week. Despite the minimum wage of seven cents an hour fixed many concerns paid less.

The women demand factory canteens so the women night workers may have a hot meal. A demand is also made for a shift schedule that will not permit a woman to work more than 8 hours at a time.

Another potent war against heavy work being given to the women. One young girl handled an 18 pound shell every minute throughout the day. Other girls were found working on rough cast shells weighing 23 pounds.

The report of the government's committee was that women could not be employed on heavy physical work of this nature for the period of hours now required unless they were paid sufficiently to permit of proper food and nourishment.

OTHER OFFICIALS MAY BE INCLUDED IN PLOT

GOVERNMENT WILL BROADEN ITS SCOPE IN PRESENT INVESTIGATION.

NEW YORK, Nov. 26.—The scope of the government's action against officials of the Hamburg-American Steamship Company, charged with customs violations in supplying German commerce raiders, appeared likely to broaden so as to include possibly officials of the North German Lloyd line and other prominent men.

Evidence given in the afternoon session Wednesday gave the intimation of the possible inclusion of the North German Lloyd officials.

Left Hand Proves Best.

PHILADELPHIA, Pa., Nov. 25.—The ability to write with the left hand is one of the accomplishments of Governor Pennypacker has added to his list. Some time ago he rolled over in bed and broke his right arm. As the head of the state public service commission he had to sign many papers so he began to learn writing all over again.

He can now sign his name legibly with the left hand. His friends say his left-hand chirography is better than his right.

Girl in Trousers Elopes.

SPOKANE, Wash., Nov. 25.—Riding the "blind baggage" and brake rods that they might better elude wrathful parents, pretty Miss Elsie Spencer, aged 18, attired in men's clothing, and her prospective husband, Frank Stinson, came from Cutbank Mont., to Spokane, only to walk into the waiting arms of the police.

With a marriage license in Stinson's pocket the couple were arrested and held in the city jail awaiting the girl's parents and an officer from Montana.

Two of Foley Kidney Pills taken after each meal and at bedtime, changed Mr. S. A. Shambolter from a mighty sick and pain-ridden man to a strong, healthy citizen. Kanab, Colo. "Foley & Co. I am writing this, hoping that some one needing it might see it. I was so troubled with my kidneys and bladder that I could not walk or ride, and had to get up as high as twenty times in one night. A friend persuaded me to try a 50c bottle of Foley Kidney Pills and they helped me wonderfully. I went back and got another bottle and then again another. Now, to all, if you have kidney and bladder trouble and it gets you where it had me, you won't stand back to try a 50c bottle, and you will spend another dollar for more, if you need more, just as cheerfully as you ever spent a 50c cent piece. Sincerely yours, S. A. Shambolter." For sale in your town by Sold Everywhere.

Cohan Play is Good.

That laughs, mystery, melodrama and thrills are irresistible attributes in play construction is convincingly proved in the continued successful presentation of George M. Cohan's fascinating farce, "Seven Keys to Baldpate," which after a full season of ten months in New York and six months in Chicago of unusual prosperity, is still acclaimed one of the most intensely interesting entertainments. This play will be seen at the Oregon theater Sunday night.

PANAMA IN URGENT NEED

United States May Name Fiscal Agent to Supervise Loan.

PANAMA, Nov. 25.—President Porras has mailed instructions to the Panama minister to the United States to endeavor to obtain the approval of Secretary Lansing to the proposed Panama loan of \$1,250,000 on the best terms possible, even to consenting to the appointment of a fiscal agent for Panama's finances.

The consent to the appointment of a fiscal agent is contingent on the approval of Secretary Lansing to Panama's plan of giving interest from \$400,000,000 invested in securities in the United States for the new loan.

Men in Swamp See Kaber. BERLIN, Nov. 25.—Emperor William made a visit recently to his troops in the Priepet swamp region of Russia, the Overseas News Agency says. He also visited the spot where stood Brest-Litovsk, which a few months ago was a city of 60,000 persons. Nothing now remains but ruins.
