Cleanse The Blood Banish Rheumatism

Rheumatism Due to Bad Blood. S. S. S. Your Remedy

Thousands have been made well. People in the poorest health, suffering from Rheumatism, with whom pain was constant. Who believed that their vitality was sapped beyond repair. It was proven to them that the cause of their trouble was the blood; that Uric Acid, the most faithful ally of Rheumatism, had gripped them. The poison in the blood had sapped its strength. The weakened blood had allowed poison and impurities to accumulate, and all energy was gone. They felt "poorly," were listless, pain was ever present, with poor digestion and dyspepsia. They tried S. S. S.—nature's blood tonic. They gave up drugs. This compound of nature's remedies of roots and herbs did what drugs failed to do. It literally washed the blood free from poison, and with the flow of pure blood came back health, strength, vigor and happiness. Get S. S. S. from your druggist. Insist upon S. S. S. If yours is a long standing case, write for special advice to S. S. S. Co., Atlanta, Ga., but begin taking S. S. S. at once.

SMALLER COLLEGES UPSET NOTIONS OF FOOTBALL DOPSTERS

SEASON OF 1915 MOST WEIRD EVER FOSTERED ON CASUAL PUBLIC.

The Turn of the Proverbial Worm is Not in It With the Way the "Little Fellows" so Called, Have Tackled the "Big Ones"—Lower Teams Have Poor Records.

(United Press Correspondence.)

NEW YORK, Nov. 25.—The football season of 1915, which was officially entered this week, will go down in gradiron history as the most weird ever foisted on a gaping public. Small colleges, from time immemorial the lawful meat of the big ones in the collegiate world, turned with a vengeance that makes the well known worm look like the rock of Gibraltar.

With the exception of Cornell and Pittsburg, by now acknowledged peers of the eastern division, not an eastern team went through the season with a clean record. Starting with the Yale defeat by Virginia on October 2, the season was one long-drawn-out and unexpected upset. W. and J. followed the Southerners and took a slap at the Blue. Then came Colgate with the same tale, and lastly Little Brown, which had been licked by Syracuse and tied by Trinity, took a parting kick at the bewildered bulldog.

Cornell loped into Cambridge and went out with the scalp of Percy Haughton—the first time a Harvard team had been defeated in three years. Princeton, with the best Tiger eleven of a decade, was defeated four times by the Yale aggregation.

The Army and Navy passed into the second division of football institutions by being licked by numerous small colleges. Lafayette came along and whipped Pennsylvania.

Out in the west, old Fielding H. Yost has completed the most disastrous year of his long connection with the Wolverine institution. Michigan's Aggies, Syracuse, Cornell—all took a whack at the heretofore feared Yost machine.

In view of these events, football fanatics from coast to coast are waiting for the annual pun—an All-American eleven—with more than usual curiosity. The Michigan Aggies defeated Michigan. The Aggies were in turn licked by the Oregon Aggies, and they in their turn were whipped by Washington State.

Just how the experts, and particularly Walter Yale Camp, are going to select an eleven which represents America, is pretty hard to see. One man, or a dozen men, could not in a season view all the college teams in these United States. Washington State, the Oregon Aggies and the Michigan Aggies certainly are to be considered.

The year has been the most weird in history. It's possible to pick an all eastern team, an all conference team in the middle west, and an all western team for the coast contenders, but an All-American team is not only impossible but ludicrous. And this year wouldn't be a bad one to witness the burial of this annual joke.

A new process of creating Douglas fir has recently been developed which does not impair the strength of the timber.

Reliable Laxative Relieved This Baby

CHILD WAS BADLY CONSTIPATED UNTIL MOTHER TRIED SIMPLE REMEDY.

In spite of every care and attention to diet, children are very apt to become constipated, a condition responsible for many ills in after life unless promptly relieved.

Mrs. C. W. Wilson, of Shelbyville, Tenn., had trouble with her baby boy, Woodrow, until she heard of Dr. Caldwell's Syrup Pepsin. She writes, "I can safely say Dr. Caldwell's Syrup Pepsin is the best remedy of its kind on earth. It acts so gently and yet so surely. Little Woodrow was very badly constipated and we could find nothing that gave relief until we tried your Syrup Pepsin, which gave immediate relief."

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs, mild in action, positive in effect and pleasant to the taste. It has been prescribed by Dr. Caldwell for more than a quarter of a century and can now be had for fifty cents a bottle.

WAR ON MOSQUITO COSTLY.

Extermination of Pests in New York City Put at \$385,000.

NEW YORK, Nov. 25.—It would cost New York City \$385,000 to kill off the mosquitoes within her boundaries, according to an estimate of the board of health, submitted at a public hearing of the public health council, which is considering methods of ridding the city of the pests. This estimate was based on the drainage of 25,500 acres of swamp lands in the metropolitan area.

Dr. C. B. Davenport of the Brooklyn Institute of Arts and Sciences, which has made tests on Long Island testified that the ordinary salt water mosquito had an effective cruising radius of 15 miles.

COWBOY HUSBANDS SOUGHT.

Daughters of Rich Eastern Men Regret Handsome Punters.

DENVER, Colo., Nov. 25.—Four of the younger set of New York's most exclusive social circles have arrived in Denver and, thrilled by the sight of a cowboy sunnetering along the streets, announced that they wanted cowboy husbands. Only cowboys who are handsome, with "nice eyes and shoulders, like the moving picture cowboys have," need apply.

Miss Theresa Farrell, daughter of J. A. Farrell, president of the United States Steel corporation, and Miss Anna Murray, Miss Katherine Murray and Miss Julia Murray, daughters of the general manager of the Consolidated Gas Company and the New York Edison company, were the young women who described their ideal man.

Miss Farrell, the most enthusiastic of the quartet about a cowboy husband said:

"My cowboy must have brown eyes. He need not have any money, but he must remain a cowboy and wear real cowboy clothes. Western men are, I think, much more manly looking and handsome than easterners. I would like to live on a big ranch in the west."

'SILVER FOX' FUR IS CAP.

SAN FRANCISCO, Nov. 25.—Detectives are seeking the perpetrator of a new "skin game." Here are the circumstances which involve Mrs. Fred Hollman, wife of a real estate broker, a so-called patched fur and a man who said he was Edward Riley, an officer of a ship from foreign ports.

"In the uniform of a ship's officer, Riley is accused of having called at the home of Mrs. Hollman, offering for sale at a bargain, what he asserted to be genuine fox furs. The price was only \$62.50, because, he is said to have explained confidentially, the furs had been smuggled."

Mrs. Hollman left her home yesterday. It was raining. By the time she reached the shopping district all signs of the silver fox in her furs had disappeared. Mrs. Hollman went to police headquarters. The men there said the fur appeared to them as if it were a combination of coyote skins, rabbit skins and just plain, old, everyday cat skins, so a complaint was sworn against Edward Riley accusing him of obtaining money under false pretenses.

HAS GOLDEN WEDDING IN HOSPITAL; PLANS FUNERAL

WASHINGTON, Nov. 25.—Realizing that she had but a short time to live, Mrs. Mary Tallifero Thompson, seventy-one years old, a patient in the Sibley hospital, celebrated the fiftieth anniversary of her wedding to her husband, Magnus Thompson, one of the librarians of the navy department. She was much pleased with a large bouquet of flowers sent by President Wilson from the White House conservatories.

Mrs. Thompson was the founder and originator of the Stonewall Jackson Chapter, United Daughters of the Confederacy, and was elected president of it for life.

She has already arranged her funeral, selecting both the honorary and active pallbearers from the membership of the United Confederate Veterans, of which her husband is a member, as well as providing for a public funeral from the Confederate Memorial Home in Vermont Avenue, that her friends may be able to attend.

The honorary pallbearers will be Judge Seth Sheppard of the district court of appeals, Judge Howry, the

Has Faith in Quick Remedy for Catarrh

Tallman & Co. Guarantee That Hyomel Will Relieve The Worst Case of Catarrh in Pendleton.

When one of the most reputable concerns in Pendleton guarantees that a medicine will produce benefit or they will refund the money, it speaks volumes for the merit of that remedy. It is in this way that Tallman and Co. are selling Hyomel, the treatment that has helped so many cases of both acute and chronic catarrh in Pendleton and vicinity.

Hyomel is not a pill nor is it a spray or a lotion that must be rubbed in. It is an oil, the oil of which you just breathe in your nose, throat and lungs with the aid of an inhaler that comes with every outfit. Benefit will usually be seen from the very first treatment.

This air destroys all germ life in the air passages and lungs and enriches and purifies the blood with the additional ozone it supplies. It banishes catarrh of the head and throat and respiratory organs. Wherever these mucous membranes contain catarrhal germs, there Hyomel will do its work of healing.

The complete Hyomel outfit is inexpensive and includes an inhaler dropper and sufficient Hyomel for several weeks treatment.

Remember that if Hyomel does not relieve you Tallman & Co. will refund your money.
