

Better Cake and Biscuits

In all receipts calling for baking powder, use Royal Baking Powder. Better and finer food will be the result, and you will safeguard it against a possible dangerous compound.

Look out for adulterated baking powders. Do not permit them to come into your house under any consideration. They may add an injurious substance to your food, destroying in part its digestibility. Doctors will tell you this and it is unquestionable.

Housewives are sometimes led to use inferior baking powders because of deceptive foaming or boiling tests or apparent lower cost, but there is very little difference in practical use, about one cent for a whole cake or pan of biscuits—a mere trifle when you consider the vast difference in healthfulness in favor of food made with Royal Baking Powder.

WOMEN TRYING TO SAVE PATTERSON ORATOR

Elizabeth Gurley Flynn, orator of the I. W. W., who was indicted two years ago on a charge of inciting to riot because of a speech she made in Paterson, N. J., now has the support of many well-known men and women, among them Mrs. O. H. P. Belmont and Mrs. Rose Pastor Stokes. Miss Flynn is pretty near an anarchist, while Mrs. Belmont is an ardent suffragist, and Mrs. Stokes is a socialist. These women, with many others, believe the Paterson police are trampling on the right of free speech in trying Miss Flynn, and they propose to make her case of national moment and carry it to the highest courts.

TRAFFIC ORDINANCE PASSED IN LA GRANDE

LA GRANDE, Ore., Dec. 4.—La Grande's traffic ordinance, over which automobile club committees and city officials have been working diligently more or less regularly for some three months, has finally been passed. The vote was cast last night and Commissioners Russell, Palmer and Gardner voted for it. It is to be in effect 30 days for referendum, and at the end of that time automatically becomes a law if not referended.

Several changes were made at the last moment but the essentials stand as originally inserted. It is based entirely on the state law and the Portland ordinance, and on the whole satisfies the city and the auto owners.

Fifteen Miles Limit.

The speed limit on the ordinance was finally passed in 15 miles. The famous tail light clause was so adjusted that leeway is given the police. If a driver customarily observing the law, is caught with lights blurred or out, allowance is given for accidents in the matter. However, persistent violations is prima facie evidence of guilt.

Right of Way Some. The right of way remains on the right for all vehicles, and not only autos but all vehicles must observe this rule.

Turn Anywhere. The matter of turning in the center of blocks is optional and it is not necessary to go to the intersections. If the driver turns to left he must raise his hand as a signal for those behind him, and if there is an accident the driver must be held responsible, accidents being prima facie evidence of neglect and carelessness.
