NATION-WIDE MOVE IS ON FOOT TO GET 1 CENT POSTAGE LAW

F. L. MYERS OF LA GRANDE GIVES REASONS FOR HAVING LOWER RATE.

Determined Fight Will Be Made in Congress This Winter, He Says, to Get the Reduction—One Cent Rate Will Pay—Association Formed to Further Campaign.

"Letter postage users of the United States and particularly those who have a large volume of letter mail are clearly entitled to a one-cent letter rate, and a determined fight will be made in congress this winter to secure it."

F. L. Myers, of La Grande, made the above statement yesterday, accompanying it with the information that the business men of his city are joining the ranks of the National One Cent Letter Postage Association, for the purpose of securing a one-cent letter rate.

He declared that already the association has strong and representative memberships in every city and town throughout the United States, and that every effort is to be directed toward securing action on a one cent rate at the approaching session of congress.

"The time has arrived," he went on to say, "when officials at Washington should take cognizance of the demand made by the users of first class letter mail for a readjustment of rates so that ordinary letters, which are now being charged two cents each shall be carried at cost, or about one cent each."

"It has been amply demonstrated by statistics and actual investigation that a one cent letter rate throughout the United States will pay and that the extra cent now being demanded for the carriage of a letter is nothing less than a tax."

"The United States post office department was primarily organized for the carriage of letters, and in the early days the charges made on a basis of actual cost of transportation. When the department was organized transportation difficulties were immense, and a high rate had to be charged. Years have passed, however, and the transportation business and the cost of carriage has been lowered until now it is known letters can be carried at one cent instead of at two cents, which is the present charge."

"Mechanically the United States post office department is about the most perfect working machine there is in the business world. When you consign a letter to the postoffice, you have almost definite insurance that it will reach its destination. On the other hand, the methods used for determining charges on different classes of mail are antiquated and unscientific, and seems certain that a general revision of the postal rates must be made within the next few months."

"There are many reasons why letter users are entitled to a one cent rate. Among them may be mentioned:

"Because the government is making about 100 per cent profit on letter postage.
 "Because the department was established primarily for the distribution of letter mail.
 "Because it was never intended that letter mail should pay a profit.
 "Because one-half of our letter postage is a tax.
 "Because this tax is not used for the general expenses of the government, but utilized as a subsidy for other classes of mail.
 "Because it is wrong to tax one class for the benefit of another.
 "Because an equalization of our postal rates will provide better service.
 "Because we have been entitled to a one cent letter postage for the past ten years.
 "For the purpose of crystallizing throughout the United States so that this reform can be brought about, there has been formed the National One Cent Letter Postage Association of which Charles Wm. Burrows, Cleveland, is president, and George T. McIntosh, Cleveland, is secretary and treasurer and manager of the campaign. This organization has been in existence for a number of years and has been steadily working for a one cent letter rate.

"I feel certain that we can present this matter in a proper light, so that our representatives at the national capitol will be sufficiently impressed to support this work."

May Testify in N. Y.
 NEW YORK, Dec. 8.—Franz von Rintelen, a German spy, reported sentenced to die at London within a week will be relieved if he furnishes evidence for the trial December 15 here of Paul Meloy, a broker accused of aiding him to obtain a fraudulent American passport. Over 50 witnesses, many of them from the Pacific coast, have been summoned to testify in the case. The government expects to link von Rintelen's activities with German propaganda on the Pacific coast and Mexico.

Rates Would Go Up.
 ST. LOUIS, Mo., Dec. 8.—Separation of the Central Pacific and Southern Pacific, as sought by the government, would eventually lead to an increase in rates from the Pacific coast, according to Peter Dunne, special Southern Pacific counsel in his closing argument here. He pointed out that the absence of disgruntled shippers is an indication that the merger has not cost them anything. A ruling in the case is expected this month.

You could put all the United States except Alaska in Brazil and have 200,000 square miles left.

A SECOND HELEN KELLER

Kathryn Erick

Kathryn Erick of Harrisburg, Pa., deaf, dumb and blind, has just celebrated her sixteenth birthday by giving a party to her little girl friends. "I am sixteen years old," she said very plainly, "and I am going to give my friends a treat."

The words were actually spoken, they were not mumbled or chattered. They were fairly clear and clean cut, and they carried with them the joy and insatiable love of life of a normal girl.

Seven years ago, when Kathryn Erick entered the Pennsylvania Institute for the Deaf and Dumb, at Mount Airy, she could not utter a syllable. She made unintelligible sounds, her body was frail. She had no pulse, no stability, no direction, she could scarcely walk alone.

Today she is a well developed, well set-up girl of sixteen, with a keen light of intelligence shining in her face that reflects the working of an active brain.

Instead of answering in the sign language the questions that are slipped into her hand or that she gathers with her delicate fingers from the lips of her questioner or from the vibrations of the throat of the speaker

the girl replies in words that ring out clearly and that are marvels of enunciation, considering that she is totally deaf and has not heard a word uttered since her baby days.

Kathryn Erick is above grade in many of her studies. She speaks and writes better English than most of the children in the highest grade in the school. She is a wizard with her fingers. Her latest accomplishment is running a sewing machine, which she does with accuracy and dispatch, threading her own needle.

She can knit and sew, crochet, weave; she is an adept at using a typewriter and seldom makes an error. She has read many of the classics. She knows the big facts in the European war. She can trace the warring countries on a raised map. She has a good ground work of historic information. She delights in color, though she is virtually blind and can only dimly discern the bright reds and blues in a strong sunlight.

The girl's marvelous development is due to the infinite patience and pains of her teacher, Miss Mabel P. Whitman, who has brought her mind out of its original chaos into a state of preparedness for any information that may come her way.

British Vessel is Shelled.
 LONDON, Dec. 8.—The British vessel, Japanese Prince, was pursued five hours by a submarine and heavily shelled. It escaped.

HELP YOUR LIVER—IT PAYS
 When your liver gets torpid and your stomach acts queer, take Dr. King's New Life Pills and you will find yourself feeling better. They purify the blood, give you freedom from constipation, biliousness, dizziness and indigestion. You feel fine—just like you want to feel. Clear the complexion, too. 25¢ at druggists.

MANY NOLIN PEOPLE ARE ILL FROM GRIPPE
 HARDLY A FAMILY IN THE NEIGHBORHOOD HAS ESCAPED DISEASE.

(Special Correspondence.)
 NOLIN, Ore., Dec. 7.—The gripple epidemic has struck us and struck us hard. Hardly a family in the neighborhood has escaped the malady. Among the latest victims are Violet Shipley, Mrs. C. D. Connor, Mr. and Mrs. J. R. Hendricks, Mrs. R. S. Austin, all the Steele family, Ella Kerr, J. T. Williams, Prof. and Mrs. R. S. Bixby.

The groom is a big farmer in this vicinity, having control of 1250 acres of wheat land, besides he owns 150 acres south of Echo in the Teel Irrigation district.

The bride was born and raised near Adams and is the daughter of Mrs. Mary E. Price of Pilot Rock, who has valuable holdings there, besides she owns 150 acres of wheat land near the town of Adams.

Following the marriage ceremony, Mr. and Mrs. Williams left for southwest Missouri, Mr. Williams' former home, to spend their honeymoon, after which they will live on the Nolin ranch. We wish them a happy journey through life and hope that each day will add to the domestic joys of Mr. Williams and his estimable wife.

F. M. Webb of Racine, Mo., was surprised upon his arrival here yesterday, to visit the Williams family, to learn that John C. Williams with his bride, had gone to visit him in Missouri and John will be as greatly surprised upon his arrival in Missouri to find that his brother-in-law, Mr. Webb, is here.

Joe F. Fisher visited the county seat last Saturday for the first time in several weeks, owing to his being confined with a severe attack of the grip.

It has been demonstrated that once in a while a fat woman can have a mean disposition.

Mr. and Mrs. Leo I. Fix of Aikali, spent Sunday with Mrs. Fix's parents, Mr. and Mrs. O. F. Steele.

The Rev. C. F. Cunningham of Holdman, filled his regular appointment here Sunday to a small congregation, owing to bad weather and sickness.

Mr. and Mrs. Leo I. Fix of Aikali, spent Sunday with Mrs. Fix's parents, Mr. and Mrs. O. F. Steele.

The Rev. C. F. Cunningham of Holdman, filled his regular appointment here Sunday to a small congregation, owing to bad weather and sickness.

Our school is closed until the epidemic subsides.

Thomas Kerr made a business trip to the Holdman country Sunday.

Mr. and Mrs. Jess Craig and D. W. Davis were Pendleton traders last Friday.

Mr. and Mrs. J. T. Williams went to Pendleton last Thursday where they witnessed the marriage ceremony of their son, John C. Williams, of Nolin, to Miss Amanda C. Price of Pilot Rock. The Rev. Snyder of Pendleton officiated. Only a few of the immediate relatives were present.

PACIFIC COAST BISCUIT CO.
 PORTLAND, OREGON

"Tell Me the Secret"

"How do you make such delicious muffins? Mine are always so dry. And if I make the batter thin they fall. How do you do it?"

"I make them about as you do, only I use K C Baking Powder. Mine always turn out well, so it must be the baking powder."

It is the baking powder. To make muffins, cakes and pastry rich and moist, yet light and feathery, a modern double acting baking powder must be used—one that will give off leavening gas in the oven as well as in the mixing bowl.

K C BAKING POWDER

is really a blend of two baking powders, one of which starts to raise as soon as moisture is added. The other is inactive until heat is applied. This sustains the raise until your muffins, biscuits or cake is done.

K C Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way.

Try a can at our risk and be convinced.

Remedy Prescribed by Many Doctors

COMPOUND OF SIMPLE LAXATIVE HERBS PROVES MOST EFFICIENT.

Dr. W. A. Evans, writing for the Chicago Tribune, makes the assertion that practically everyone, at some time or other, suffers from constipation. This applies regardless of age or condition in life.

The congestion of stomach waste in the bowels is evidenced in various ways; blunt, eructation of foul stomach gases, sick headaches, languor, all indicate constipation, and call for prompt attention, not only to relieve the present discomfort, but also to avoid possible disease that follows neglect of this important function.

Harsh cathartics and violent purgatives should not be employed, as these afford only temporary relief, while they serve to shock the entire system. A mild laxative such as Dr. Caldwell's Syrup Pepsin is far preferable and is now the remedy generally used and prescribed by many doctors. It is free from opiate or narcotic drugs, acts easily and pleasantly, without griping or other pain and is a safe, effective family remedy.

Mr. Chas. Schell, 132 Church St., Grenada, Miss., writes that he found

MR. CHAS. SCHELL.

relief himself by using Dr. Caldwell's Syrup Pepsin and now keeps it on hand for family use. A bottle of Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Illinois.
