The silver wedding anniversary of Mr. and Mrs. W. H. Taylor was celebrated in fitting style by thirty-four of their friends last Friday evening, with a grand "shivers." It was a complete surprise, but the visitors were made welcome and a most pleasant evening was passed with various stunts for entertainment, among them a mock wedding, with the twenty-five year bride and groom as principals. David Taylor, father of the groom, assisted the minister with his "old political law" ceremony after which the couple were solemnly sentenced to conjugal bondage until their diamond anniversary.—Athens Press.

COURT WEDDING HELD UP.

Kater's Son Waits Until February, Hoping for Peace.

LONDON, Dec. 10.—Emperor William has fixed the date for the marriage of his youngest son, Prince Joachim, and Princess Marie of Anhalt for the end of February at Potsdam, says a dispatch to the Exchange Telegraph company from Amsterdam.

"The marriage was to have taken place before Christmas," says the dispatch. "The Emperor and Empress hope that the war will be ended by February and they therefore postponed the marriage ceremony until that time. Should the war not have been concluded by the date set for the wedding the ceremony will be extremely simple."

ARABIC VICTIM'S HEIRS ACT.

\$50,000 to Be Asked of Germany for Death of Dr. E. F. Wood.

WASHINGTON, Dec. 10.—Heirs of Dr. E. F. Wood, of Janesville, Wis., one of the Americans lost in the Arabic disaster, will ask Germany to indemnify them for at least \$50,000. An attorney for the estate conferred at length with Secretary Lansing.

The state department, and incidentally German officials, have been awaiting the filing of the first claim for an indication of what might be asked, not only for the victims of the Arabic, but for the Americans who lost their lives on the Lusitania.

Dr. Wood was returning from volunteer duty in the hospitals of France and England when he lost his life.

ITALY TO CALL FOR LOAN.

ROME, Dec. 10.—In a statement before the chamber of deputies the minister of the treasury, Paolo Carcano, said that the budget of 1915-16 showed a surplus of \$243,400,000. But, added the minister, the surplus was much below the amount necessary for the expenditures indispensable for the continuation of the war from the end of December to the end of June. Therefore, it was necessary to make another appeal to the Italian people for a great national loan.

Signor Carcano, speaking with reference to the budget of 1915-17, predicted peace would come before that period and he estimated a surplus of \$28,000,000. The expenses of the war, according to the minister, reached \$599,999,000 during the first five months and would be proportionately higher in the next seven months.

MOTHERS OF THIS CITY TO BE GIVEN SERMON

A moral lesson for young girls as much as for their mothers—that is the analysis of "The Blindness of Virtue"—the great Essany feature film which will be shown at the Pastime theater on Sunday. This great play deals with a question of vital importance to every home. It is a thrilling indictment against the modern fashion of bringing up children in ignorance of certain problems in life. Edna Mayo and Bryant Washburn take the leading parts in this great film adaptation.

Nurse Adopts Deformed Babe.
PORTLAND, Ore., Dec. 8.—Expressing the strongest disagreement with the action of Dr. Halsted of Chicago in permitting the defective Bollinger baby to be adoped, Miss Helen Kiehlbeck, 35, a trained nurse, formally adopted the 18 months old defective daughter of Mr. and Mrs. Jack Brown of Gladstone, Oregon. The child is partially paralyzed and otherwise subnormal. She named the

MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

IF TONGUE IS COATED, BREATH BAD, STOMACH SOUR, CLEAN LIVER AND BOWELS.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out of sorts, half sick, won't rest, eating and acting naturally—look, mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

French Officer Goes to Jail.

PARIS, Dec. 8.—General Gallieni, the French minister of war, gave another example recently of his decision not to tolerate abuse or favoritism in the army when he ordered an officer of the territorials sentenced to 60 days in a fortress for making use of an automobile owned by a man whom he had selected for an order.

FIRE ABOARD WAS ONE TROUBLE ON MINNESOTA

SAN FRANCISCO, Dec. 11.—Through the announcement that fire in the Minnesota's bunkers had been brought under control it was learned here for the first time that a threatened conflagration was among the trouble, real and surmised, with which Captain Garlick, of the Great Northern Steamship Company's big freighter, has had to contend since his ship left Seattle, November 14 for London with a 16,000-ton cargo of foodstuffs.

C. W. Wiley, marine superintendent for the Great Northern Steamship company, who is here awaiting the Minnesota's arrival, said that he had received word from Captain Garlick that the fire was under control. He said that fire in the coal bunkers was not a new experience for the Minnesota, and that he did not believe the vessel had been in any real danger from this cause. He said further that he had no reason to believe that the fire originated from other than natural causes.

It was said here that right at the Minnesota's boilers were in use, but that after suspending steam for the opening of emergency refrigerating machinery, steaming gear and other internal mechanism there was little left for propulsion.

Candidate Batten, Hurt.

ALBANY, Ore., Dec. 8.—To be defeated for a city office and break his leg in two places the same night was the experience of J. N. Waddell, who has served as city marshal of Selo for the past few years. In the city election he was defeated by seven votes.

Within an hour after the returns had been compiled Waddell fell from a sidewalk while taking an intoxicated man home.

Horseshoe Record Made.

PHILADELPHIA, Dec. 10.—What is claimed to be a new record in the making of horseshoes was created by Joseph L. Abt, a blacksmith of Fifty-eighth and Pearl streets. Abt did the work in the shop of John Freed, 5405 Market street, where he made 12 dozen horseshoes in four hours and 42 minutes. His helper was his brother, Lawrence Abt and his helper John Burns.

An idea of the speed of Abt can be had from the fact that making six dozen horseshoes is considered a fair

days work for an ordinary horse-shoer.

The record of Abt is said to exceed that made by Pat O'Dea, a Philadelphia blacksmith, some 35 years ago and which has stood as a record.

John Freed stated that he and other West Philadelphia sporting men would back Abt for from \$500 to \$1000 a side against any blacksmith in the country.

Whitman's Old Home Sold.

NEW YORK, Dec. 10.—Walter Whitman's birthplace has been sold at auction. The old home of the poet, near Huntington, L. I., with its surrounding farm buildings and 52 acres of land, was knocked down to John D. Rolfs, a real estate dealer, for \$18,000. Such a house Whitman might have built for himself—broad, unadorned, stubborn of outline, tan and weather-beaten of hue.

"Born here of parents, born here from parents the same, and their parents the same," he once wrote of it. The crowd gathered here was of farmer folk, but of a different world from which the author of "Leaves of Grass" loved and sang about. There were Italians and Germans, Swedes and Russians. A few of the fast-vanishing American farmers were there, but with fur coats instead of overalls and motorcars instead of buggies.

Salmon Egg Output Gains.

SEATTLE, Wash., Dec. 10.—All records for salmon eggs taken were broken by Washington state hatcheries this year, according to State Fish Commissioner Darwin, notwithstanding adverse weather and stream conditions and a small salmon run on Puget Sound.

Enormous numbers of eggs were taken on the Columbia river and Grays Harbor, the take in the Columbia district being 45,000,000, as against 22,000,000 last year, and on Grays Harbor 44,000,000, as against 22,000,000 last year. Chinook and dog salmon eggs will be shipped from Columbia river and Grays Harbor to the Puget Sound hatcheries.

Employer Lost Gains 398.

OLYMPIA, Wash., Dec. 10.—Three hundred and ninety-eight new employers in Washington in industries coming under the compensation act were listed by the industrial insurance commission during November. It was said to be the largest month since those immediately following the ad-

option of the act. The first notable addition to the list of employers occurred in October, when 373 were listed.

Fifty-nine of the new employers listed last month are in class 19, comprising logging and the lumber industry, this ranking second in class 1 general constructive work, with 194 new employers.

In one year a horse or a cow will eat nine times its own weight.

1000 KEYMEN GET RISE.

Pact Made With Cleveland, Cincinnati, Chicago & St. Louis.

CINCINNATI, Dec. 10.—One thousand telegraph operators of the Cleveland, Cincinnati, Chicago & St. Louis railroad will receive an increase in wages that will cost the road \$42,000 yearly, according to an agreement reached.

The telegraphers had demanded increases totaling \$51,000.
