TO MAKE LIFE GLAD. We are not here to sob and sigh. We are not here to moan and fret. But we are here to look on high. For comfort, and forget, forget. We are not here to lose our faith. Or give up trailing till the end. That somewhere out of all this wraith. Will rise up yet some cherished friend.

WHY THEY OPPOSE IT. THERE is not the slightest reason for criticism of the Ferris bill on the ground it is unfair to western states. Under the proposed law all money received from lessees goes into the reclamation fund and will be expended in the west.

cause the bill provides for more thorough regulation of rates, bond issues and capitalizations than we now have under most of the state commissions. Opposition to the Ferris bill is purely selfish and when stripped of sophistry and flimflam there is nothing left for them to cling to.

But it will not be branded as such by the tory press or the old line politicians. All the bootwipers for special privilege will howl against the law and try to misrepresent its workings.

DIET AND HEALTH. BELIEVE that some who believe that gripe can be avoided by proper dieting. Whether that is true or not it is at least a demonstrated fact that improper diet has much to do with disease.

RABBITS. THE enthusiasm with which west end people engaged in rabbit killing a few days ago indicates that while they may not like the necessity for rabbit drives they are at least not as weary as Keefe Stone, recently of

Australia and now enroute to Europe to fight. Stone says the rabbit plague has been worse than ever in Australia since the war because so many former rabbit killers are now in the army. After his neighbors had gone he waged a single handed fight against the bunnies.

There is one advantage in compulsory military training. It treats all alike and gives no advantage to the coward or the slothful.

TURKS MAKE REPRISALS. Subjects of Allies Arrested in Revenge for Saloniki.

Canadian Pacific Wreck Fatal. PORT ARTHUR, Ont., Jan. 12.—Engineer Stearns was killed and brakeman Connors is maimed as the result of a rear-end collision on the Canadian Pacific railway, a few miles west of Nipigon.

Courage More Important Than Funds

Many business men would advise this lad not to go to college. They would say to him: "You can't afford it." Such men have no capacity to see a debt as an investment.

Spokane people listened yesterday by telephone to the roar of the Atlantic surf at Aalantic City; the transcontinental phone opens up great possibilities.

then finally, as if to settle the whole matter: "Wilbur, if anybody ever did make a flying machine, it wouldn't be anybody in Dayton."

Once William James, in beginning his course in Harvard, said to the students who filled his lecture room something like this: "Possibly there are no geniuses in this room. I hope there's none, but everyone who is here, if he works hard, if he gets a job, if he persists--when he is forty years of age will be a useful and respected man in his community."

Today's Oddest Story

TOPEKA, Kan., Jan. 12.—Because, railroad officials say, a disastrous slump in local passenger business has been occasioned by the vast number of automobiles in Kansas, representatives of the railroads will today ask the state public utilities commission to grant them an increase from two cents a mile to three cents a mile on passenger rates.

Duo Sentenced by MS. LEWISTON, Idaho, Jan. 12.—Auntie by mail to sentence two prisoners was sent from Moscow by Judge Edgar C. Steele, of the district court. The cases were those against Thomas Knapp and R. B. Brown of Nez Perce county, who pleaded guilty to having liquor in their possession and were sentenced to 30 days in jail.
