## Motion Picture News

WHAT THE PENDLETON PICTURE THEATRES HAVE TO TELL YOU ABOUT PRESENT AND COMING PHOTO PLAYS

### MARY PICKFORD SUPREME.

Surpasses Herself in Famous Players Screen Version of "Madam Butterfly."

When Mary Pickford was informed that she was to be starred as "Madame Butterfly" the little star immediately engaged a Japanese maid to serve as a model for her screen work. Every gesture, and mannerism of the little Nipponese was carefully studied by Miss Pickford who has copied even the gait of her little servant. Moreover, the maid was also an important factor in the choosing of Miss Pickford's costumes.

It is an interesting coincidence that Mary Pickford should play the first oriental role which she has ever acted in "Madame Butterfly," John Luther Long's great classic which was the first work of an American author to be adapted to an operatic score. The Famous Players Film Company

has just completed a superb photo-adaptation of the celebrated story which will be the Paramount offering at the Alta theater for Sunday. In this production we are promised the greatest work of Miss Pickford's career.

### WILLIAM FOX SPENDS MILLIONS ON HIS HOBBY

It is a common saying among film men that William Fox spends millions while others only spend thousands in photoplay making. The proof of this is shown in the lavish stage settings and costly costumes which is characteristic of all his plays. No expense has been spared to make "The Unfaithful Wife" an adaptation of the famous play "The Vendetta" and featuring Robert Mantell and Genevieve Hamper, said to possess the most beautiful face in the world, Stuart Holmes, the

most villainous of villains, and a host of other well known actors, an equal if not superior to other Fox Masterpieces.

Shadow Lawn, President Wilson's summer home, is used in many of the scenes of this production. Special permit was given Mr. Fox to use these costly grounds. The Pastime management is to be congratulated in obtaining a feature of the magnitude of "The Unfaithful Wife." This picture will be shown today and tomorrow.

### Buchtel is Candidate.

SALEM, Ore., Jan. 14.—Fred C. Buchtel, deputy state sealer of weights and measures under State Treasurer Kay, announced himself as a candidate for the republican nomination as state public service commissioner for the western district of Oregon. Clyde Atchison of Portland and Thomas B. Campbell of Salem, who are commissioners at present, are candidates for re-election in the western district, owing to the redistricting of the state by the 1915 legislature, and Alton Eaton of Eugene and others are mentioned.

In the Four Counties Inn, in England, it is possible to eat in Lef. vestibule, sleep in Staffordshire, drink in Warwickshire and smoke in Northshire without leaving the building.

### MRS. LOPP IS LADY NICOTINE TO SOLDIERS OF FRANCE.

The gifts of Mrs. George Washington Lopp to the smokers of the French army include ten million cigarettes, two hundred and forty thousand pounds of tobacco and fifty thousand pipes.

Mrs. Lopp, whose husband is a prominent American in Paris, has thus supplied two and a half cigarettes and several pipefuls of tobacco consignment consists of two million cigarettes for men actually in the trenches, fifty thousand for the general staff and large amounts for the naval and military camps in Paris and three hundred thousand for the American ambulance corps.

### ANTI FAT EXERCISES FOR STOUT LADIES

### THE CRAB PLUNGE.

These are two exercises in swimming tanks for stout women. One on a time Ida Schwan, a champion woman athlete known all over the country, was stout. She determined to get thin, and she learned in the course of her experiments that swimming would reduce her. So she began to swim. She gradually learned how to dive till now she can dive from a height of fifty feet without fear or danger. But she particularly

### BACKWARD DIVE.

recommends for stout women the crab plunge from a spring board as shown in the photograph of her. She throws herself forward, lifting her whole weight by her stomach muscles and plunges feet first into the water. That great strain on the abdominal muscles tears out the fat about the middle of the body. However, it is not an exercise that any except a woman who has trained so long her muscles are strong, should undertake.
