### Former Local Lady Sees Stove Explode

LA GRANDE, Ore., Jan. 21.—Mrs. L. D. Howland, 1808 Walnut, knows all about the sensation of hearing a 42-centimeter Jack Johnson explode. Yesterday afternoon a frozen water front in the family cook stove exploded while she stood nearby. Her stove is well battered, and stovetops, pieces of cast iron from the water jacket, chunks of stove, a bucketful of coal and ashes, and stove pot parts, in general were scattered over the ceiling and walls.

Mrs. Howland affirms that the explosion was accompanied by a crash which she imagines is something like a cannon's roar. She had just stepped away from the stove when it happened, and the main force of the concussion fortunately went in another direction from where she stood, and upwards, at the same time, and though she was uninjured she was still pale like a ghost when Nate Zweifel, plumber, answered the hasty call for assistance. The walls and ceiling of the kitchen are black and seared as a result of the explosion. The stove may be salvaged however.

### TEAM GOES OVER 200 FOOT CLIFF AT PERRY

PERRY, Jan. 21.—Two horses were killed, a logging sledge damaged and Henry Penny, driver of the team miraculously escaped death when the team and logs catapulted end over end time and again down a steep cliff between 1500 and 2000 feet high. The mass of logs, horses and sledge landed in the mill pond at the Perry sawmill. The driver began the fatal descent with the team but by the sheerest good luck rolled away from the plunging mass after he had followed the plunge a distance of 200 feet down the cliff.

### WAR UPON PAIN!

Pain is a visitor to every home and usually it comes quite unexpectedly. But you are prepared for every emergency if you keep a small bottle of Sloan's Liniment handy. It is the greatest pain killer ever discovered. Simply laid on the skin—no rubbing required—it drives the pain away. It is really wonderful.

### WAR UPON PAIN!

Mervin H. Solister, Berkeley, Cal., writes: "Last Saturday, after tramping around the Panama exposition with wet feet, I came home with my neck so stiff that I couldn't turn. I applied Sloan's Liniment freely and went to bed. To my surprise, next morning the stiffness had almost disappeared, four hours after the second application I was as good as new." March, 1915. At Drugists, 25c—Adv.

Maude Powell, violinist, who appears at the Alva Theater next Monday Evening in concert, seats now selling at box office every afternoon and evening.

# A Woman's Problem

## How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KRISLINO, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

## TREAT CATARRH BY NATURE'S METHOD

Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate to your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating diseases of the respiratory organs.

Tillman & Co. have sold a great many outfits and the more they sell the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.
