

# Parents Should Know this Splendid Remedy

**SIMPLE LAXATIVE COMPOUND HELPS CORRECT CONSTIPATION IN CHILDREN.**

With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents to administer a remedy. Cathartics and purgatives should never be used as these agents afford only temporary relief while their violent action shocks the system unduly. Mrs. Eva P. Gaff, 517 10th St., Washington, D. C., says that her little girl, Marie, had been subject to constipation, and that she found Dr. Caldwell's Syrup Pepsin, the best remedy because of its mildness, and now always keeps a bottle of it in the house.

MARIE GAFF.

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children because of its mild action and positive effect. Its use tends to strengthen the impaired bowel action and restore normal regularity. It is important that parents should know of a dependable remedy with no unpleasant effects, griping or

strain. Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and can be procured at any drug store. To obtain a trial bottle, free of charge, write to Dr. W. B. Caldwell, 454 Washington Street, Monticello, Ill.

## FALL BEEF FOR PROFIT

**New System of Production Has Many Advantages and Promises Great Success.**

CORVALLIS, Ore., Jan. 24.—Fall calves for beef present something of a novelty in beef production to many

eastern Oregon cattle men, who have always practiced the spring-drop system, but the new plan is being extended by its inventor, Hon. W. M. Pierce, well known farmer and stockman of eastern Oregon. Some of the advantages enumerated by Mr. Pierce are as follows:

Cows are in sheds on alfalfa; calf too small to eat grass or take all of a heavy flow of milk; calf ready for April grass and has grown to where it can take increased milk supply; calf taken from range in July, weaned and turned on new mown meadows; cows dry up quickly on dry range; calf fattened on stubble of grain fields and either sold in early winter or fed for awhile.

"The fall grown calf never stops growing," says Mr. Pierce, "and can be gotten to the butcher a good deal quicker and cheaper than the spring grown." He has now more than 100 fine fall calves, and will explain his methods to the stockmen next Wednesday at the Eastern Oregon Farmers' Week, La Grande.

Other points of interest on the same day will be a discussion of the beef situation in the southwest, by E. L. Potter, of the college. Prof. Potter is now at the El Paso International Live Stock meet, has inspected many experimental beef-production plants as far east as Kansas, and will return by way of western Texas, southern Arizona, New Mexico and California, gathering valuable data to be used in the discussion. On Saturday, the last day of the meet, Wm. Constantine, the Portland expert, will demonstrate cuts and cutting of meat, using hogs, sheep and beef carcasses, one over lean and one prime of each. Farmers desiring information on methods of home killing and curing will find exactly what they are looking for at this demonstration.

### "Booze" Shipments Few.

THE DALLEN, Ore., Jan. 31.—Only four shipments of booze have been received at the local express office since January 1. It shows that local citizens can get along without liquor or that they had a good supply stored away when the state went dry. Not a single arrest has been made for drunkenness.

## Oil Treatment for Stomach Trouble

A simple prescription made up of a combination of pure vegetable oils is producing wonderful results for sufferers from stomach, liver and intestinal troubles. The remedy, which is said to have originated in France, where it has been used for years by the peasantry, was introduced into this country by George H. Mayr, a leading Chicago druggist, who cured himself of severe stomach, liver and intestinal troubles by its use. Those who have used it say the first dose is sufficient to convince any one of its remarkable merit, and that within twenty-four hours the sufferer feels like a new person. This medicine, which has become known as Mayr's Wonderful Remedy, is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

## WASHOUTS HOLD UP TRAFFIC BETWEEN TOWNS IN COUNTY

**ARDEN GILLILAND STALLED ON ROAD AND HAS TO SEND FOR ASSISTANCE.**

Takes Four and a Half Days to Go Between Ukiah and Pilot Rock—Temperature in Ashlin Below Zero Mark—Chinook Is Followed by Another Severe Storm.

(Special Correspondence.) UKIAH, Oregon, Jan. 31.—Arden Gilliland had an experience last week in coming in with a load of freight which he does not care to repeat. On account of the bad roads he broke his sleds on the mountain and had to send to Ukiah for his brother, Arthur, to bring another team and with six horses he came through about noon the fifth day, four and one-half days between Pilot Rock and Ukiah speaks for the condition of the roads.

A strong chinook wind began blowing Friday and continued till some time during Sunday night, melting the snow down to a slush and paralyzing roads till hauling of all kinds was discontinued. But during the afternoon of Sunday night snow began to fall and about six inches of new snow fell and thermometers dropped below zero again, and still continue so.

J. Ewing of Portland and father of Mrs. Charles Hynd, came in on the stage Friday night and went out to the Hynd ranch where he will wait for an indefinite time.

Mr. and Mrs. Barber of Dale were guests at the Peterson hotel Friday night, returning to their home Saturday.

Vaughn Finch, carpenter, left for Pendleton Saturday morning on business, returning Thursday.

Ed Irehm of Alba and Mr. Johnson of the Fee ranch, were in Ukiah Saturday on business.

William Howard and Jinks Howard and wife were in Ukiah Monday transacting business with the U. S. land commission.

I. R. Laurence left for Portland, Monday to be absent a week or ten days.

Henry Lazinka came up from Pendleton a few days ago, going on to the Lazinka ranch.

Leslie Bolln came down Saturday for a load of sawdust for Mr. Cutler of the Hidaway springs.

Ira Orboe, passed through Ukiah Tuesday with fifty head of live beef steers which he has stalled all winter. He was taking them to Pilot Rock for shipment.

Ed Howard and wife of Abbe were in Ukiah Wednesday on business.

E. W. Warrington came in on Wednesday's stage and will remain an indefinite time to assist Rev. W. A. Reigel in a series of special meetings which are now in progress. Another big dance was given at the home of Charles Metteer, last Friday night and the crowd was so large there was hardly standing room. But with a bountiful basket supper all went home declaring they had had the time of their lives.

Mr. Smales moved in to J. D. Kirk's house a quarter of a mile from town last Sunday.

A great many cattle are dying in the Long Creek country, owing to the scarcity of hay. One man lost 40 in one day during the cold spell, while a number of others are losing quite a number.

Bert Anders, wife and son, leave Saturday for Range to visit with his parents for a short time.

C. N. McKeonolds of Alba, came down Friday after his woodshed which he left here when he left eight years ago and he is now moving it to his ranch near Alba.

Roscoe Dickerson came in from his ranch Friday to visit with his family and attend the meetings at the Presbyterian church.

A cold, heavy fog hung over the valley all day Friday which made it very cold and disagreeable for all. The stockmen of Ukiah and Alba are well prepared for a long winter, all having an abundance of hay.

While several have considerable to sell. There has been no loss of stock so far. The cattle all came off the range poorer than was ever known before, but with plenty of hay all report them thriving now and most every one is able to feed till the first of March.

H. G. Clark and wife visited with Mr. and Mrs. J. W. Sturdivant and wife Tuesday.

Frank Martin and family moved back onto their homestead the first of the week.

Dr. De Vaul was called to Alba Thursday to visit Mr. Fisher, whose condition remains unchanged. Sam Hltner of Pendleton, was a guest of the Peterson hotel Wednesday. He was on his way to his ranch near Ritter. Ben Colvin, who has been visiting in California with his parents for some time, passed through Ukiah Thursday on his return home.

### HENRY JAMES GRAVELY ILL.

Author's Ministry Complicated by Strokes of Apoplexy.

LONDON, Jan. 31.—Henry James, the American author, who took the oath of allegiance as a British subject last year, has been seriously ill for several months, and his physicians say that his condition is not improving. The chronic disease from which he suffers has been complicated by two light strokes of apoplexy.

A Californian is the owner of what is said to be the only watch of the kind in the world in which a lever oscillates and winds the spring with every step that he takes.

## TOOK HER FORTUNE AND ELOPED

MISS GRACE McLAUGHLIN.

Miss Grace McLaughlin, daughter of a late police inspector of New York, who was one of the most famous blue-coats the city has known, took \$250,000 worth of securities her father had left her from bank deposit vaults and run off with a garage keeper to get married. After

searching a month detectives found them at Palm Beach, married. The aunt of the young woman, with whom she made her home, threatened to prosecute the garage man, George M. Stevens, because she said he had just received a divorce on conditions named by the court that he must not wed again before April 17.

## NORTH MAY WIN OUT IN BASEBALL FIGHT

SAN FRANCISCO, Jan. 28.—Efforts to put Drexel Allan T. Baum in the jam of the door, so far as the fight between the north and the south on the salary limit is concerned, will probably fail.

Not that Baum would dodge the issue if it should be put up to him squarely, but he avers that it will not be in the least necessary.

Henry Berry, without consulting his own preferences, has been counted as siding with Johnny Powers and Eddie Maier for the higher limit.

Likewise McCredie, of Portland; Murphy of Salt Lake and the Leavitt-Cook combination of Oakland have been ranged as voting no—most decidedly no.

Lineup Appears to Be Tie. Ordinarily this would make the vote and it would be up to the president of the league to cast the deciding ballot.

Indeed, McCredie and Murphy have hinted that such would have to be the case. The Portlander, with his intimations of "syndicate" baseball for San Francisco, Los Angeles, Vernon, and the talk of interlocking directorates, remarked to this point: "I am eager to see how Baum will vote when it comes to the issue." President Murphy, of Salt Lake.

## WHY HAIR FALLS OUT

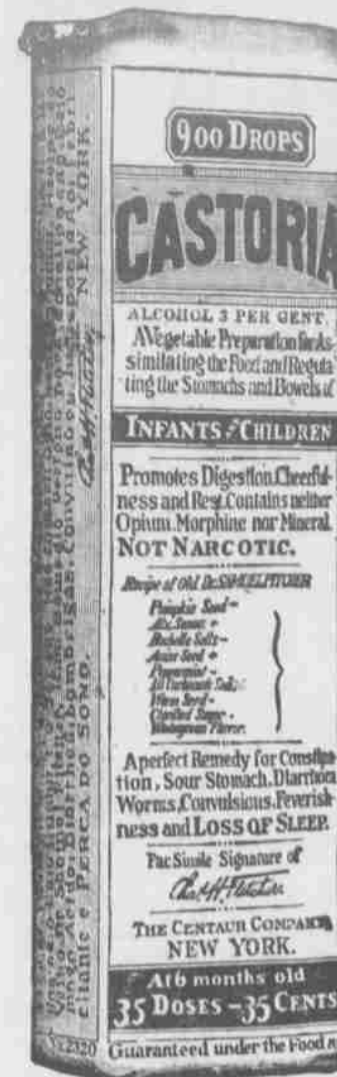

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

## LOOK AT A CHILD'S TONGUE WHEN CROSS FEVERISH AND SICK

TAKE NO CHANCES! MOVE POISONS FROM LIVER AND BOWELS AT ONCE.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can't cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "mild cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

certain features in question or pay for an eastern legal opinion. The city commission figured that the opinion would probably amount to more than the premium and have given Carstens & Earle of Seattle an opportunity to take the issue, this firm being next to the highest bidder.

## FAMOUS OLD OREGON TO BE MILITIA SHIP

SAN DIEGO, Cal., Jan. 28.—Within three weeks, the U. S. S. Oregon, one of the first three modern battleships of the United States navy, will be turned over to the naval militia of California at San Francisco. Final inspection of the famous fighting ship was held by Rear Admiral W. F. Fullam, commanding the Pacific reserve fleet, and the crew was put through fire, boat, battle and other drills. With the turning of the battleship

## Golden Gate in Legal Trouble.

MAKESHIELD, Ore., Jan. 28.—Two sailors of the steamer Golden Gate which was in port here attempted to secure an attachment for wages against the vessel. They asserted they had worked for 20 odd days and did not want to continue further on the boat and demanded their wages. Captain Bob Jones would not pay them until the month was up. They left the boat here. The lawyer they appealed to said he could not take any action here, but will through San Francisco.

## PATRONIZE HOME INDUSTRY

Your Every Want in the Line of

# PRINTING

Will be taken care of in a satisfactorily manner by the

- we carry the greatest stock of papers, in quantity, quality and variety, to be found in Eastern Oregon.
- we employ only high-class and competent workmen in every department.
- we use modern methods, machinery and materials.

It is not necessary to send out of Pendleton for a single thing in the Printing line

The East Oregonian can give you better service than any out-of-town concern, can save you time and money on every job and guarantees you absolute satisfaction
