SULPHUR SPRINGS, Tex., Feb. 2.—Charged with conspiring to influence prohibition elections, officials of several Texas breweries were to be placed on trial here. The Texas anti-trust law is the law under whose terms the brewers were indicted.

American Cotton Goods in China. WASHINGTON, Feb. 2.—There is a splendid opportunity at present to increase the sales of the better grades of American cotton goods in China. This is the final opinion of Special Agent Ralph M. Odell, who has spent six months in China investigating the market for cotton goods for the bureau of foreign and domestic commerce. Of late years the Japanese and Chinese mills have made a strong bid for the trade in cheap cotton and competition in that line is much more severe than in the better grades. Chinese imports of piece goods total about \$75,000,000 a year, and the American share of this has for the last five years been maintained at between five and six million dollars, which is somewhat below our share in previous years.

Danger at Yuma Over. YUMA, Ariz., Feb. 2.—The hard country in Imperial county is one vast lake. Irrigation levees have broken in many places and water is running high over the entire valley. Indications are that the danger at Yuma is over. The Gila river and tributaries are falling, while the Colorado has reached its crest, standing for the past five hours at 39 feet 4 inches. The Southern Pacific is building a track on the levee here to facilitate the reinforcement work. Trains through to Los Angeles are expected some time today. Refugees are being cared for here in government tents.

German Attack Checked. PARIS, Feb. 2.—German night attacks westward of Hill No. 149 in the Ardennes district were checked. The communication added that operations along the remainder of the front were confined to intermittent artillery bombardments and minding in the Argonne district.

GIRLS SHOULD USE CARE IN CHOOSING LEAP-YEAR HUSBAND

IF YOU FOLLOW THESE DIRECTIONS CAREFULLY YOU WILL NOT MAKE MISTAKE.

Beware Thin Lips in a Man—He is Unreliable and Will Score You—But Man With Full, Rich Lips, He Will Never Forsake You—Study Him Girls, Before You Land Him.

- 1—Don't propose to a man who has thin lips. He will scorn you.
- 2—Don't propose to a man who has just a thin upper lip. He'll scorn you.
- 3—Don't propose to a man whose head runs straight up from the back of his neck. He loves neither home nor wife.
- 4—Don't propose to a man with a super critical eye. He'll make you sorry.
- 5—Don't propose to a man who has a restrained, quiet, indifferent manner or a purely selfish disposition.
- 6—Propose to a man who has full, but not too full lips. He will love you.
- 7—Propose to a man who has a good sized bump at the base of his head. He's a good family man and loves wife and home.
- 8—If you love a man who has a wrinkle in his eye, propose to him. You'll get him.
- 9—If you love a man who has a frank, open manner, you'll probably get him, too.
- 10—If you want a money-maker, get one whose forehead is broad and square and long. He will bring home the cash every time.

CLEVELAND, O., Feb. 2.—To all daughters of Eve who have leap year intentions, the vocational guide and well known bachelor William J. Kibby, today offers advice concerning the habits, characteristics and dispositions of various sorts of men, which is intended to help the girls win their hearts' desire without suffering rebuff in the process. A good deal of what Kibby says is based upon psychology. A man who has thin, straight lips is branded a cold blooded, stony hearted creature upon whom the dearest girl's appeal would have no effect. This sort of man will do his own proposing, run his own wedding and rule his household; and he'll do it more with his head than his heart. But if the man of your choice has full, well-formed lips, Kibby says you may depend upon his capacity for love and inclination to love. He also is susceptible to the right sort of feminine approach. Kibby says the way to tell whether the one you love, loves you, is by the coloring of the under lip when he is with you. Every man emotion gives some physical demonstration when it is aroused. The evidence that love has been aroused is given by the deep crimsoning of the under lip. If his under lip is perpetually pale when he is with you, he doesn't love you. If it is crimson and you want him, grab him quick; he won't run. A man with a broad square, massive forehead is a good business man; he can plan ahead, has good business judgment, if the crown of his head is high and round he is absolutely conscientious, too; and if the back of his head is well rounded out he will love his home, his wife and his children and show them consideration above everything else in the world. The man whose head is flat on top, flat and almost even with his ears in the back and narrow and forehead on the front; whose lips are thin, whose eyes are cold, will not make a good husband in any sense of the word, says Kibby. The longer a man's jaw bone, the greater his capacity for affection, according to Kibby. All these things are as applicable to women as to men in the expert's opinion.

HERE'S NEW VIGOR FOR OVERWORKED STOMACHS

Talman & Co., the popular druggists, have been in the drug business long enough to have their own opinion of the best way of selling medicines. They say the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest they have ever heard of. They don't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with them, and if after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell them so and they will return your money.

Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and its continued use will soon give the power to eat anything at any time and not suffer distress afterward.

Mi-o-na is sold under a positive guarantee to refund the money if it does not cure. This is the strongest proof that can be offered as to the merit of the medicine.

Nothing loosens a man's success in his work or a woman's fascinating personality more than a weak stomach, with its attending evils. Use Mi-o-na and see how much more there is in life.

ROUTE DENIED INTO COOMBS CANYON FOR LACK OF SIGNERS

ONLY 64 SIGNED PETITIONS WHEREAS 100 REQUIRED BY DEPARTMENT.

In the following letter to Postmaster Tweedy it is explained by the fourth assistant postmaster general that the Coombs canyon rural route was denied because of being signed by only 64 heads of families whereas under the rules of the department there should be over 100 signers for a route of that length.

Washington, Jan. 28, 1916. Postmaster, Pendleton, Oregon.

With reference to the petition signed by H. C. Biamont and others, for the establishment of an additional rural route from your office, you are advised that this matter has been given careful attention. The petition is signed by 64 heads of families, which number is insufficient to meet the requirement of the department for a route 24 miles in length, so the petition is returned to you.

In the establishment of rural routes the department expects as a rule that an average of four families who are not within a mile of travel of existing service will be served for each mile of travel on the proposed route. When you feel that the conditions have materially improved as to patronage and you can submit a diagram or map showing how a route can be laid out which will supply families who are not now within a mile of existing facilities in the ratio of four for each mile or travel on the proposed route, and will certify that the route to be traveled are in suitable condition for the performance of service throughout the year, the matter will be given further attention.

JAN. L. BLAKSLEY, Fourth Assistant.

Has Used Chamberlain's Cough Remedy for 20 Years. "Chamberlain's Cough Remedy has been used in my household for the past twenty years. I began giving it to my children when they were small. As a quick relief for croup, whooping cough, and ordinary colds, it has no equal. Being free from opium and other harmful drugs, I never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors, who have used it and speak highly of it." writes Mrs. Mary Minke, Shortsville, N. Y. Obtainable everywhere.—Adv.

TESTIMONY CLAUSE FOUGHT.

Issue Over Withholding Liquor Evidence to Go to High Courts. BAKER, Ore., Feb. 3.—That the refusal of Charles Blackwell, now in the county jail to testify as to the identity of the person selling him liquor nine days ago will result in the first test in this state or the constitutionality of that clause in the prohibition law providing a jail sentence for the specific offense, was the assertion made by Frank R. Mitchell, attorney for Blackwell. He declared that if his client is sentenced for refusing to be sworn, the case immediately would be fought in the higher courts.

Do You Find Fault With Everybody? An irritable, fault-finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently benefited by Chamberlain's Tablets after years of suffering. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.—Adv.

Say Demands Unreasonable. CHICAGO, Feb. 3.—Declaring the employee's demands for an eight hour day and increased overtime pay are unreasonable, the executive committee of the Association of Western Railways indicated they will fight to the last trench if the employees will not arbitrate. Though the employees' referendum is not completed, it is believed certain they will approve the demands.

Defendants Win Suit. SALEM, Ore., Feb. 2.—The supreme court awarded a decision to the defendants in the Portland Taylor Street Methodist church fight. An insurgent faction sued the church authorities seeking to compel the opening of the old church.

Fire Destroys Sheds. UTAHA, Feb. 3.—Several sheds of the Savage Arms Company plant were destroyed this morning in a fire which threatened the main building. The authorities are investigating a possible incendiary origin.

Nobody Gwine.

The prim young woman from New England who was devoting herself to the education of the negro in a southern school, told one of her small scholars to bring a bucket of water from the spring.

"I ain't gwine fetch no water," he whined rebelliously.

"O, Eph!" she protested. "You musn't say that. Don't you remember how I have taught you: First person, singular, I am not going; second person, you are not going; third person, he is not going; plural, first person, we are not going; second person, you are not going; third person, they are not going. Now, Eph, do you understand it perfectly?"

"Yes'm, I understand—ain't nobody gwine."—Collins.
