**JACK CARDIFF**

ATLANTIC CITY, Feb. 18.—Billy Sunday went from the baseball diamond to the evangelist's platform and his record is being duplicated by Jack Cardiff, who is one of Dr. Stough's assistants in the evangelistic campaign in Atlantic City, where more than 3,000 persons have "hit the trail."

Jack Cardiff was a professional fighter and had 297 ring battles in his credit when he hit the trail in one of Billy Sunday's meetings at Canton, Ohio, in 1912. After his conversion he became a trainer for the athletic evangelist and was with him for a couple of years. Cardiff says that during his prize ring career he never drank or smoked and has always kept in perfect physical condition.

The former pugilist announces that next year he will conduct his own campaign, making a strong fight "against the devil and booze. His wife and two daughters are preparing to help him in this work and are now studying at Moody Institute in Chicago.

Cardiff is a forceful speaker and has a great influence on his audiences. He is particularly popular with the working classes.

**Reliable Laxative Relieved This Baby**

CHILD WAS BADLY CONSTIPATED UNTIL MOTHER TRIED SIMPLE REMEDY.

In spite of every care and attention to diet, children are very apt to become constipated, a condition responsible for many ills in after life unless promptly relieved.

Mrs. C. W. Wilson, of Shelbyville, Tenn., had trouble with her baby boy, Woodrow, until she heard of Dr. Caldwell's Syrup Pepsin. She writes, "I can safely say Dr. Caldwell's Syrup Pepsin is the best remedy of its kind on earth. It acts so gently and yet so surely. Little Woodrow was very badly constipated and we could find nothing that gave relief until we tried your Syrup Pepsin, which gave immediate relief."

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs, mild in action, positive in effect and pleasant to the taste. It has been prescribed by Dr. Caldwell for more than a quarter of a century and can now be had for fifty cents a bottle.

**WOODROW WILSON**  
In any well-stocked drug store. A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 245 Washington St., Monticello, Illinois.

**CLOGGED KIDNEYS CAUSE MANY PAINFUL ILLS**

New Discovery Dissolves Impurities That Stop Up Body Drains. —Backaches, Headaches, Lumbago and Rheumatic Pains Then Quickly Disappear.

It is the work of the kidneys to filter the impurities and waste matter from the blood. If they start to clog up with uric acid crystals and poisonous sediment you are on the borderland of serious disease.

You can't strain water through a clogged up sieve, neither can the kidneys strain the poisons out of the blood if the filtering membranes are clogged with these uric acid crystals. What is the result? The waste matter is forced back into the system and is carried by the blood to all parts of the body. Tins acid crystals are deposited in the joints and muscles where they don't belong and soon the trouble starts. Uncomfortable aches and pains begin to make themselves felt in the back and joints and every fiber will soon be crying out that there is something wrong with the plumbing. Unless these signals are heeded at once you are running the risk of serious complications.

The only way on earth to permanently and positively relieve such conditions is to remove the cause. For this there is nothing better than the recommendations made for Solvax, the new, inexpensive, and quick acting kidney treatment. It goes straight to the seat of the trouble and is designed to dissolve the uric acid sediment that is holding the kidneys from doing their work properly. When Solvax starts cleaning out the kidneys a complete change is felt immediately. The blood reaching the kidneys loaded with waste is now strained and filtered and goes pumping back through the arteries clean and pure, washing all impurities before it. When the poisonous acid is washed out of the joints and muscles the pains and aches disappear and the whole being brightens up as if by magic.

Try Solvax today. You are cheating yourself out of your full enjoyment of life if you don't help your kidneys to do their work properly. Tallman & Co. and other reliable druggists have Solvax. It is inexpensive, harmless and very easy to take. Always sold under a guarantee of satisfaction or money back.

**ENGLAND HAS A LINCOLN.**

LONDON, Feb. 16.—England's most Abraham Lincoln-like figure is in the limelight. From the poorhouse to membership in the king's most honorable privy council is but part of the record of Will Crooks, labor member of parliament.

When he was only 6 years old an accident to his father threw the support of himself and his six brothers and sisters upon his mother.

"I remember how she used to cry because she didn't know where the next meal was coming from," said Crooks today. When Will was 9 a neighbor who kept a shop in Poplar offered him 12 cents a week to deliver milk and he took the job. Then his mother's health failed and because the sixpence a week wouldn't keep the family, they all went to the poorhouse for a time.

Will's next job was in a grocery store at 50 cents a week. At 11 he was graduated to the job of blowing the bellows at \$1.50 a week. At 14 he was apprenticed to a firm of cooper where he earned about 50 cents a week while he was learning the trade.

Crooks grew up a cooper. It was in this trade that he became intensely interested in labor problems, experiencing all the hardships of strikes and lockouts and at times being forced to tramp about London in search of other work until the disputes were settled. He first held office as a member of the London county council in 1892. He has held office five other times. He has a wife, two sons and four daughters.

**GET IT FIRST—NOT LAST**

When a cold grips your system it is convincing proof that your condition is weakened—remember that. It is risky indeed to simply trust your strength to throw it off, because neglected colds have brought more serious sickness than any other one thing, while weakening cathartics and stimulating syrups are often depressing and dangerous.

The one best treatment for any cold—the one so often relied on when others fail, is the powerful blood-nourishment in Scott's Emulsion, which feeds the very sources of bodily strength to suppress the present cold and generate strength to thwart further sickness.

Get Scott's first, not last—and insist on the genuine—always free from alcohol and injurious drugs.

**BATTLESHIP OREGON IS ON RETIRED LIST**

SAN FRANCISCO, Feb. 17.—No longer is the battleship Oregon—"Building of the Navy," and the most highly venerated war vessel of the Pacific coast—in active service. The veteran warship went on the retired list when it was turned over without formality to the naval militia of California for use as a training ship. Commander J. M. Reeves transferred his flag crew to the old protected cruiser Marblehead, now in the naval reserve.

The Oregon built at Vallejo by the Union Iron Works, went into service in 1893. She was made famous by her notable voyage around Cape Horn in 1898 during the Spanish-American war. The Oregon covered 12,800 miles and joined the American fleet at Santiago, Cuba, in time to take part in the notable sea battle that marked the defeat of Cervera's squadron. The Oregon went into action with the Spanish armored cruiser Infanta Maria Teresa on July 3, 1898, and was struck three times but not seriously damaged.

The armament of the Oregon is four 12-inch guns, eight 8-inch, 12 2-inch, four 3-pounders, two 1-pounders and two Maxims. Her complement was 530 men.

In the matter of rapid increase, scroff germs have all other brands beaten to a standstill.

SHANGHAI, Feb. 18.—Plans for a wholesale uprising against the British authorities in India were divulged in a sealed manner today in the English supreme court.

Sidmond Hay Abbas was sentenced to 15 years imprisonment and his son Oswald Abbas, to two years for illegal traffic in arms in violation of the British defense of the realm act. Both are naturalized British subjects. The evidence showed that the father and son had engaged in selling to the enemies of Great Britain 15,000 pieces, three revolvers and about 1,500 rounds of ammunition, the recipients of which, it was charged, intended to deliver them in India, Ceylon and the Straits Settlements with a view to their use in rebellion against the British government.

D. Goldman, a British subject, was previously convicted for endeavoring to act as agent for German subjects in chartering a ship which was believed to be intended for use in connection with a shipment of arms to India.

You may have some of these symptoms, possibly the taint of Scrofula infection. But in either case, it is a dangerous condition.
