WHY THE "15" PUZZLE

This great offer is made in an effort to reduce costs of selling pianos. The old methods of paying solicitors, teachers and agents' commissions, magazines and theatre program advertising or engaging the great artists to play their pianos in public, are costly. By distributing a portion of such appropriations to the actual retail buyers, all parties reap the greatest possible benefit. We are to use a liberal portion of such advertising allowance money in this profit-sharing campaign, thus making this offer unusually attractive to every reader of this paper.

NEW TERMINAL TOWN BEGINS TO PICK UP AFTER HARD WINTER

PILOT ROCK JUNCTION NOW TAKES A BETTER OUTLOOK UPON THE WORLD.

Higorous Conditions Under Which New Terminal Yards Opened Are Fast Disappearing—Superintendent Boltons and President Farrell Look Over Place—Other Notes.

(East Oregonian Special) PILOT ROCK JUNCTION, Ore., Feb. 21.—Are we on the map? Well, we should say yes without being classed a suburb of any village on earth.

After the severe winter weather under which the O. W. R. & N. opened their new terminal yards and shops at this place the business is taking on a more steady and satisfactory aspect.

Sup't W. Boltons of La Grande, came over Monday and looked over the yards and machine shops returning to Pendleton with the switch in the evening.

H. L. Lyons, division engineer, has been busy for several days with a work train loading rock near Nolin for rimping banks near Thora Hollow and Cayuse as protection against the high water during the spring freshets.

Owing to serious washouts and slides between Pendleton and Walla Walla our city lost quite a percentage of its population by the rushing of F. A. Eleske's large extra gang of Italians and Bride Foreman J. O'Leary's carpenter gang to the scene of the trouble but they will soon be back again to finish their work at this point.

Postmaster Tuesday came over from Pendleton Saturday to look us over with a view of either establishing a rural route or sub-station to take care of our postal needs. The rural route idea quickly vanished when he learned there would be something like 70 families to be served and the proposition of a sub-station with ultimately an independent postoffice speedily took its place. The people here believe they are entitled to adequate postal facilities and also the establishing of an express office at the earliest possible date.

E. J. Anthony, our obliging "store-keeper" and C. H. Campbell, his assistant, are moving their household goods from Umatilla and will be demolished in the emergency buildings.

W. H. Woods, in charge of the work for the Nettleton Bruce Eschbach Construction Co., is loading up the last of their tools and his own household goods for shipment to Seattle this firm having completed their contract here.

Chas. Martin, car clerk, resigned and left for Portland on No. 1 Saturday, being relieved by Night Clerk Herbert McKinn.

Orval Ehrhart of Pendleton is now doing the calling of the crews at night.

Mrs. R. A. Rudd was a Pendleton visitor last Saturday.

Mr. and Mrs. I. L. Barnes made a trip to Pendleton Monday.

George Pierce was here Monday soliciting trade for the Pendleton Cash Market.

President Farrell of the O. W. R. & N. came in Tuesday night on No. 5 and inspected the terminal yards and round house. Wednesday morning he continued his journey to Portland on No. 1.

Wednesday the 16th was pay day and the various railroad employees were very much disappointed over the non arrival of pay checks on No. 5, but when the "package" arrived on No. 2 at 5 p. m. the news spread like wildfire and for nearly three hours Agent Lane was the busiest man in town paying off the men stationed here.

We have a great many visitors to our city and under different circumstances would no doubt feel somewhat humiliated over our general appearance, but just now we have no apologies to make. Everything speaks for itself.

His announcement was coupled with a denial that he had agreed to seek the nomination for second place at the republican national convention at Chicago in June, as a running mate for former Senator Theodore E. Burton.

It had been reported that he was willing to run for vice president on a ticket headed by Mr. Burton. William E. Borah, of Albert R. Cummins with the understanding that David James Hill should be given the gubernatorial nomination in this state.

Whitman has not agreed to any such plan nor anything remotely like it," said Mr. Whitman. "I am for Justice Hughes for president. He would sweep the country. I will state also that I am desirous of another nomination for governor of this state."

THE PROOF OF THE PUDDING IS IN THE EATING. What the dick want is to get well. They do not care whether they are cured by the most scientific physician or the most unlearned neighbor—they don't care how they are cured if only they get well.

For forty years women suffering from female trouble have been taking Lydia E. Pinkham's Vegetable Compound and have been getting well, and because they have got well, that great medicine continues to have a sale equalled by that of few proprietary preparations.—Adv.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

BEST FOR LIVER AND BOWELS, BAD BREATH, BAD COLDS, SOUR STOMACH.

Get a 10-cent box. Sick headache, languor, coated tongue, head and nose clogged, with a cold—always trace this to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach. Bilious matter clogged in the intestines instead of being cast out of the system is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, health right, complexion rosy and your liver and bowels regular for months.

Young women are required to see that there are no male wall flowers. They must choose partners irrespective of age or looks.

Married women must not chaperone young men. This may be their chance to be proposed to.

This was the first arrest here in any charge this year, which broke all local records. Sullivan told the police he purchased the alcohol to rub rheumatic joints.
