

THEY REFUSE TO EAT

At periods in most children's lives they fail to eat their meals and refuse to eat even the delicacies prepared to tempt their appetites.

To compel them to eat is a grave mistake, because nutrition is impaired. Healthful exercise in fresh air and sunshine is important, but equally important is a spoonful of Scott's Emulsion three times a day to feed the tissues and furnish food-energy to improve their blood, and nutrition and sharpen their appetites.

The highly concentrated medicinal food in Scott's Emulsion supplies the very elements children need to build up their strength. They relish Scott's—it is free from alcohol.

BRANSON IS SENTENCED TO LIFE IMPRISONMENT

YOUNG MAN FOUND GUILTY OF MURDER OF W. BOOTH AT McMINNVILLE.

McMinnville, Ore., Feb. 19.—William Branson was sentenced by Judge Belt to life imprisonment for the murder of William Booth near Willamina, October 8, 1915.

The trial of Mrs. Annie Boyd, wife of the victim, indicted with Branson for the murder, will be called March 6. Branson has just past his majority.

Oldest Harvard Graduate Dies. SWANSEA, Mass., Feb. 19.—Dr. James Lloyd Wellington, who was the oldest living graduate of Harvard University, died at his home here. He was 85 years old and was a member of the class of 1824.

PIMPLES AND SKIN ERUPTIONS DANGER SIGNS OF BAD BLOOD

First Sign of Blood Disease.

Pimples, scaly itching skin, rashes, burning sensations and Scrofula denote with untiring certainty a polluted, weakened and impure state of the blood. The impurities may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 30 days, if you expect relief. For purifying the system, nothing is equal to it. The action of S. S. S. is to cleanse the blood, it works through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull, sluggish feeling leaves you—the complexion clears up. Even the most standing cases respond promptly. But you must take S. S. S. Drugs and substances won't do. Get S. S. S. from your druggist. If you need expert advice write to Swift Specific Co., Atlanta, Ga.

NO MORE BACKACHE NO MORE MISERY

Hundreds of people have been relieved of the agonies caused by weak, diseased or clogged-up kidneys by using Solvax, the new remedy that quickly reaches the source of all kidney complaints.

If you suffer with pain in your back and sides or have any signs of kidney or bladder trouble such as rheumatic pains, puffiness under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary troubles, Solvax will quickly and surely relieve you of your misery.

Solvax is the most potent remedy ever devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes poisons and makes the kidneys fit to do their work. It cleanses the kidneys and urinary organs clean, vigorous and healthy.

Tallman & Co., the popular drug store, say that no medicine ought to be paid for unless it does the user's good. They therefore sell Solvax under a money-back guarantee. It quickly relieves the worst cases of kidney trouble and refunds the money. Try Solvax today and if you cannot see and feel a decided change for the better, you may return your money back and they will return it without question. This is the strongest argument they can be offered in behalf of any medicine.

The Weakly Bulldogger

MONDAY, FEBRUARY 21, 1916.

The Height of Neutrality. The best instance of strict neutrality that has come to our notice—the serving of German toast at the French Restaurant.

Our Weekly Limericks. Jim Kyle, Stantfield's boy mayor, Jim Kyle, For pub. service commissioner will file.

It sits against a bit. We'll bet our last bit. He'll beat the others a mile. Max Hopper.

Had a wife and decided to drop her. That is, by divorce. As a matter of course. Would not she then be a grass Hopper?

Don't Chew Think So. Editor Bulldogger—Can you tell me whether or not it is a violation of the prohibition law to chew Piper Heisek tobacco which, as you know, is advertised as having a champagne flavor.

Yours, S. Teddy Shure.

We do not pose as an authority on the probi law but would hazard the opinion that, as long as you do not swallow the juice, you are safe from prosecution, and that, if you should swallow it, you would be a subject for the doctor rather than the lawyer.—Editor.

Less Majesty. We hear that Bruce Dennis, editor of the La Grande Observer, proposed at the Lincoln banquet in Portland that the old guard which has been running the republican party for so long step down and out and make way for younger blood. Well, his name was Dennis before he made that speech and, afterwards, we think it was doubly so.

Rancid Remarks. Observation leads us to remark that many a little worry is hatched by a brooding mind.

Hussars Take Mush After a Long Drive. says a Journal headline. Personally we prefer something stronger than mush after a long drive.

An Oregon City man, before moving to Eugene, made his will. Are we to infer that he regards the Queen City of the Willamette valley as a dead town.

Declaring that the immorality of man is caused by the short skirts and low-necked dresses of woman, a Virginia legislator introduced a bill to regulate midlady's dress. If his logic is correct the men of Zanibar must be a frightfully immoral lot.

In looking over a list of the graduates of the state university, we were surprised at the number of women who have earned the privilege of writing M. A. after their name. And yet we think that they will fall short of the highest achievement of womanhood if they do not proceed further and win the degree of M.A.M.A.

Come, Men, Let's Stand Together. Shades of Sartor Resartia! Is this Great European war, instead of freeing our women from the dominance of French style creators, as was predicted, going to bow the neck of man to the yoke of fashion? Listen, men of Pendleton: you who have, year after year, worn the same old chamberlainer coat to evening parties! The dollar and Yankee designers, given their chance at last to dictate because the Frenchmen are too busy fighting and awake to the enormous loss of revenue occasioned by the convention which permits an ordinary \$10 dress suit to last a man a lifetime, have decided that the old black standby is no longer proper for evening functions. Just as a starter they have ruled that wine-colored coats and lavender vests are the apothecary-medicine thing for men. Angles of mercy, arise up! Inmate the rustic ruses of the Ritz's complexion set off by an admirable imitation of old rose and violet. Please Glen Scott's hairless farmer's tunic adorned by pale, delicate hues. Mould the honest bronze of Mark Thompson contrasting with a beautiful coat of robin-egg blue and pearl buttons. No more would gaily-dressed gentlemen be society callulks when girls may be sought for the - - - and rare pink youths of the east and west for the lady who lives where wheat is king.

Personal. Eddie Burke, well known banquet caterer, relinquished the city with

his presence for a few days last week. Ducky Drake, who has been idling about in Hot Lake during the winter cold spell is expected to migrate back to his home feeding grounds soon.

Carl Emdahl, the tall totum pole of Helix, was ducking awnings on our Main street last week.

Pete Sheridan, the big man of Butler Creek, made one of his frequent pilgrimages to Pendleton last week. His neighbors are beginning to wonder a bit.

The Mercenary Kernal. The news that Billy Burke gets \$4000 a week reminds us to remind her that this is less year and we are still a bachelor.—Col. Wood in Weston Leader.

Why Ask Us? Pilot Rock, Ore., Feb. 13. To the Editor—I noticed in the East Oregonian where I secured a marriage license and I noticed in the Tribune of the same day that Elbert Casteel, a married man, got a license to marry the same girl I was to marry. Now what I want to know is whether I am going to get her or whether Elbert Casteel is going to get her.

Yours truly, ROSS A. PICKERING.

Mr. Pickering must have justified the E. O. item for we noticed that among the guests of the Hotel Pendleton the other day were Mr. and Mrs. R. A. Pickering.

Some Cigars Are Worse Than Ropes. (Special to Bulldogger.) Pilot Rock Junction, Feb. 21.—While strolling down Main street the other day your correspondent overheard two housewives talking about their husbands and though we didn't want to, we couldn't help but listen when we heard one say in joyous accents, "Why John just came in and threw his arms around me and kissed me and said I was the dearest little wife on earth and—" We can't quote all of her words as they exceeded the speed limit, but the substance of the affair was this. Quite a number of representatives of Pendleton business houses have been soliciting orders here, not only calling on the ladies at their private cars and bungalows but talking also with the men, including "John." After an urgent appeal to John for his trade, one of the solicitors treated him to a cigar which was so much worse than any that his wife had bought him at a bargain counter for Xmas that he went straight home and—well that is where our story began.

KILLING OF SERVANTS HAS SERIOUS RESULTS BERLIN, Feb. 19.—The Cologne Gazette published the following dispatch from Cairo, Egypt: "Captain Brown, an Australian, shot two Mohammedan servants for petty offenses. Two Hindu witnesses bayoneted Brown, and the regiment mutinied, killing 12 officers, including the commander, before white soldiers succeeded in quelling the mutineers."

Do You Find Fault With Everybody? An irritable, fault-finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently benefited by Chamberlain's Tablets after years of suffering. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.—Adv.

Vote on Military Drill. SANTA BARBARA, CAL., Feb. 19.—High school students here voted on the proposition of introducing military drill as part of the regular school work. If it carries, the students will address a petition to the board of education, asking that an army officer be appointed to drill them.

Ban on Liquor Advertising Asked. WASHINGTON, Feb. 19.—Delegations from Maine, Alabama and Mississippi urged the house postal committee to recommend passage of the Abercrombie bill, barring any kind of liquor advertising whatsoever from mails in states having laws against liquor advertisements.

A QUICK, SURE WAY TO END CATARRH Catarrh Gerns Bred by Millions in Air Passages of Nose and Throat. Just One Way to Drive Them Out.

To stop catarrh for good you must drive from your system the germs that cause catarrh and that are now feeding and growing fat upon the swollen, inflamed mucous membranes of your nose and throat.

A splendid means of destroying catarrh germs and overcoming catarrh has long been recognized by physicians in the well known oil of Hyomei (pronounced High-o-mey) and it is now a very simple matter for you to catarrh sufferer to use it with splendid results at home, by breathing the air through a little hard rubber inhalant device which leading druggists are supplying with each large complete treatment. Just pour a few drops of the oil of Hyomei into the inhaler, place it between your lips and then breathe naturally and the pleasant smelling antiseptic germ killing air will penetrate deep down into every fold and crevice of your raw nose, throat and lungs and give you quick certain relief, opening up the air passages, making you breathe easily, stopping the inflammation and discharge and driving from your system every catarrh germ that has found lodgment there.

If you want to be free from every system of catarrh, are tired of trying one thing after another without benefit, go to Tallman & Co., or any other reliable drug store hereabouts and get a complete Hyomei Inhaler outfit, use it every day for a few minutes and if it does not drive the catarrh germs out of your system and give you real lasting relief from catarrh, your druggist will give you your money back.

RICKARD TO OFFER JEFFY HIS JOB OF REFEREE OF WILLARD-MORAN BOUT

NEW YORK, Feb. 18.—Tex Rickard, promoter of the Willard-Moran bout, which will be decided here on March 25, is going to wire Jim Jeffries an offer of the position of referee, Jeff has been ill for some time, but he is now convalescing and will undoubtedly be well enough by the date of the battle to act in the capacity of third man in the ring. Jeff refereed the McFarland-Welsh and other important fights at Venice, Cal. Jeff will have to apply for a license from the State Athletic Commission in order to officiate, but it is not believed he will have any trouble getting one. Willard and Moran would need a man of Jeff's size and strength to break them when they clinched. It would be a singular thing to have the last white man to hold the heavy-weight crown acting as referee.

Happy Canyons Win in Match with Bulldoggers. The Happy Canyons defeated the Bulldoggers in bowling match on Friday evening, two out of three games, although the total score of the Bulldoggers was higher than the Canyon players. Stephens had high singles with 237. The score in detail was as follows:

Table with 4 columns: Player Name, Score 1, Score 2, Score 3. Rows include Stephens, Gayle, Hays, Slusher, Hoover, Baum, Hamley, Hanscom, McMonie, McDevitt.

No, Philburt, I am not a-arguing with you. I'm just a-telling you

—when you want a real smoke, get behind a pipeful of Tuxedo and watch all the big and little Worries that have been a-besieging you, evacuate their trenches and make a rushin' advance to the rear. Those fragrant whiffs of "Tux" make them feel too joyful—no self-respecting Worries can stand for that.

FRITZ KREISLER World-famous Violinist

"I have certainly found in Tuxedo the one and only tobacco that measures up to all my requirements, rich in fragrance, always cool smoking and so mild that I can smoke pipeful after pipeful at a sitting."

YOU CAN BUY TUXEDO EVERYWHERE

Convenient, glassine wrapped, moisture-proof pouch . . . 5c

Famous green tin with gold lettering, curved to fit pocket . . . 10c

In Tin Humidors, 40c and 80c

In Glass Humidors, 50c and 90c

THE AMERICAN TOBACCO COMPANY

Tuxedo The Perfect Tobacco for Pipe and Cigarette

The combination of the best smoking-tobacco leaf in the world and the best method ever discovered for refining and mellowing tobacco puts Tuxedo in a class by itself.

Kentucky's ripest, mildest Burley leaf, when treated by the original "Tuxedo Process" loses every trace of bite—develops a wonderfully pleasing fragrance and flavor that are not found in any other tobacco.

No other manufacturer knows the "Tuxedo Process"; that's why no imitator ever equals Tuxedo!

The Counterfeit Lacks the Ring

Throw a bogus coin on the table and it quickly betrays itself. It may look just as good, but the ring is lacking—it won't pass.

Just think of this simile when the dealer offers you "something just as good."

Up-to-date merchants ban this practice and customers properly view it with distrust.

When you see an article advertised in this newspaper, ask for it by name and insist on getting what you ask for.

DR. FRANCIS WOOD

CHICAGO, Feb. 19.—Dr. Francis Wood, at Peterson, N. J., a noted specialist on hydrophobia is lying near death in a hospital here as a result of being bitten by a dog infected with rabies. He is under the care of his father, Dr. Juan Wood.

Help for Bronchial Trouble and Cough

"Felix's Honey and Tar Compound acts more like a food than a medicine." Dr. Felix's Honey and Tar Compound is a food and a medicine. It is a food because it contains the most nourishing elements of the honey and tar. It is a medicine because it contains the most powerful germicides of the honey and tar. It is a food and a medicine because it contains the most nourishing elements of the honey and tar. It is a food and a medicine because it contains the most powerful germicides of the honey and tar.
