"PAPE'S DIAPEPSIN" FIXES SOUR, GASSY, UPSET STOMACHS IN FIVE MINUTES.

If what you just ate is souring on your stomach or like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Add your pharmacist to show you the formula, plainly printed on these fifty-cent boxes of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out of order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless, tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides it makes you go to the table with a healthy appetite, but what will please you most, is that you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, cases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

CANOE TURNS TURTLE AND ONE IS DROWNED

PORTLAND, Ore., Feb. 21.—Henry Piette, aged 26, of Oak Grove, had heard that work was to be had at Oregone. He had been sent out of employment and concluded to cross the Willamette in a canoe, in hopes of finding a job.

Accompanied by Charles Vosburg, also of Oak Grove, Piette started out from the east shore of the river. Near the west bank, where the current is swift and the water deep, the frail craft turned over.

Vosburg grabbed the little boy and managed to struggle ashore, but Piette was drowned. It happened at 6 o'clock and darkness interfered with plans to search for the body.

Piette was married, but leaves no children.

CHINESE ARRESTED AT LA GRANDE; SAID TO BE TONG GUNMEN

POLICE TAKE TWO INTO CUSTODY—REFUSE TO TALK TO THE OFFICIALS.

LA GRANDE, Ore., Feb. 22.—Public attention to the tong wars—generally deemed flickering after the unsuccessful attempt to murder Eng Chong, a Bo Leong, Thursday night—was re-visited this noon when Chief of Police Ardrey arrested two Chinese credited with being "gun men." The highlanders, at least that is what they are classified as, had no revolvers on their persons when arrested, but carried all the paraphernalia incident to a pocket arsenal. Cartridges, gun-cleaning tools and oils were found on their persons. Other Chinese claim they were sent here from Portland to continue the tong war, but instead of riding the train into La Grande, are reported to have walked in from Hilliard. It is known they have been here three or four days, but have been keeping quiet. It is also reported that other stranger Chinese in the city of which there are several, are highlanders and the police are keeping a close vigilance on them, hoping to find further evidence to place.

The two men arrested have closed up like clams. "No saves tongue," is their answer to all inquiries.

MUCH SOUGHT SPY IS ARRESTED IN BROADWAY

NEW YORK, Feb. 21.—Ignatius T. Lincoln, former member of the British parliament and accused by the English government of being a German spy, who escaped from a restaurant in Brooklyn where he had been taken by a United States marshal, was captured at Broadway and Twenty-ninth street. He was handcuffed to two deputies and taken to Captain O'Leary's office, where he congratulated the police for their work in arresting him.

"Good work," he exclaimed. "I didn't think you could do it."

Lincoln was wanted on a charge of forgery in England. He claims, however, that the British government really wants him for his spying activities.

Bonds Are Retired.

NEW YORK, Feb. 21.—Twenty-two million, eight hundred thousand dollars first mortgage five per cent bonds of the United States steel corporation were sold on the British treasury account to the steel company today. This is the first instance of an American corporation taking back securities which Europe was ready to unload, with the intention of retiring the issue. The bonds comprise a part of the foundation fund for Scottish universities which Carnegie established. Consent for their disposal was given under a scheme of British mobilization of American securities. The corporation is retiring them because it does not require more financing and has a hundred million in cash deposited.

BILL IS INTRODUCED IN THE SENATE FOR ASTORIA NAVAL BASE

FIRST CLASS YARD PROVIDED FOR—\$3,000,000 IS ASKED AS START.

WASHINGTON, Feb. 22.—Senator Lane yesterday introduced in the senate a bill identical with one introduced in the house February 3 by Representative Hawley authorizing the establishment of a first-class naval base on the Columbia river, "as near the entrance as may be deemed advisable" and appropriating \$3,000,000 to purchase the site and begin construction.

Both bills contemplate the establishment of a full-fledged navy yard equipped both for construction and repair of naval vessels, large and small.

The bills authorize the construction of building ways for vessels large and small, drydocks capable of docking the largest dreadnaughts, marine railway, machine shops, aeroplane and boat shops, marine barracks, magazines, a radio station, and all other structures and equipment found at the most important navy yards of the country.

The \$3,000,000 appropriated by the bill is not intended to defray the total cost, but is merely to purchase a site and begin the construction of the plant. No limit of cost is fixed.

These two bills have been referred to the naval committee of senate and house and it is the hope of their authors that the bills will be incorporated in the naval appropriation bill, and if the Astoria naval base is not authorized by the house bill Senator Lane will press his bill as an amendment when the bill reaches the senate.

IS YOUR STOMACH CLOGGED WITH WASTE

Tallman & Co. Guarantee to Return the Money if Mi-o-na Does Not Relieve You.

"It's a pleasure to sell a medicine when your customers come in afterward and tell you how much good it has done them," said Tallman & Co., the popular druggists, to an East Oregonian man, "and that is why we like to sell and recommend Mi-o-na, the dyspepsia remedy. The distribution of samples that we made created so much talk and so large a proportion of those who received a sample have bought a box of Mi-o-na that our clerks have been busy selling the medicine ever since. We have so much faith in this article that we are going to guarantee it in the future, and will return the money to any purchaser of Mi-o-na whom it does not help. That may seem rash but our customers have said so many good words in its favor that we do not expect to have many packages returned.

"Anyone who has dyspepsia, whose food does not digest well, and who has to take thought as to what he can eat, and when, can leave 50 cents deposit at our store and take home a box of Mi-o-na and if the remedy does not regulate his digestion and help his dyspepsia he can withdraw his money. I don't know but what we would be willing to pay him interest."

This shows great faith in the merit of Mi-o-na. It is really a most unusual medicine and the rapid increase of sales since Tallman & Co. introduced it in Pendleton shows that it does all that it is claimed to do—relieves dyspepsia, regulates digestion and enables those who use it to eat just what they want with no fear of trouble after.
