PACAKS GETS TO FRONT AFTER A LONG JOURNEY

BY WILLIAM G. SHEPHERD.
(United Press Staff Correspondent.)
SALONICA, Greece, Jan. 26.—(By Mail)—The battered package that arrived for wounded soldiers on any battlefield has at last reached Salonica. This will be of interest to the ladies of Flat Rock, Carolina, who sent it.

Its wrappings are torn, its wax seals broken and smashed, but its contents, twelve pounds of cotton bandages, carefully prepared by the southern ladies, are intact.

The stamps and other markings tell the story of its travels. It was mailed at Flat Rock at noon, Aug. 23. It reached New York two days later and was put on the Greek steamship "Athens." At sea the steamship took fire. All the passengers were saved and so was the mail.

There is a typewritten paper on the package which says: "The Damage to this package occurred on board the S. S. Athens, which vessel was on fire and abandoned at sea Sept. 18. All the mail was saved. E. M. Morgan, postmaster New York City."

Again the package was started from New York on another long journey. It has reached the American consulate at Salonica. The Flat Rock ladies intended the bandages for Serbian soldiers, but the exception of insurance while Serbian troops in Montenegro, the Serbian army is dispersed.

Since the Flat Rock ladies put their package into the Flat Rock post office last August, the Serbian army has practically been wiped out. The French Red Cross has taken the package and it will be used to staunch French instead of Serbian blood.

PETROGRAD, Feb. 26.—A striking feature of the debate in the duma is the revelation of a German plan to win over the Poles by promise of an independent Polish state.

JEAN CRONES MAY BE MAN WHO KILLED SELF

NEWARK, N. J., Feb. 26.—Jean Crones, the Chicago chef who put arsenic in the soup served at a dinner in Chicago on February 16, to Archbishop Mundelein and other Catholic dignitaries, is believed by the police here to be the man who, unconscious from a self-inflicted bullet wound in the head, lay dying in St. James hospital. Directors said the man probably would never regain consciousness.

According to Lieutenants James and Joseph Farrell, brothers and members of the local detective bureau, the man in the hospital here tallies to the smallest detail with the published description of Crones.

Cost of Shells Reduced.

LONDON, Feb. 26.—A reduction in the cost of producing shells will result in a saving of \$400,000 weekly after June 1. This statement was made in the house of commons by Dr. Christopher Addison, parliamentary secretary of munitions, in response to a question addressed to the ministry of munitions.

Large Area is Hoisted.

BELLEVILLE, Wash., Feb. 26.—An earthquake that appears to have been confined to Northwestern Washington and Southwestern British Columbia, was felt here. Houses were rocked, brick-arches were rattled and in one instance in this city the foundation of a house was cracked. The shock lasted only a few seconds, but was unusually violent.

SLIDE DEAD MAY TOTAL 85.

Many Tourists Near Avalanche at Salsburg, Germany.

Berlin, Feb. 26.—Reports from Salsburg say that 30 persons are still missing as a result of the avalanche in the Hochkoenig region. No further deaths have been reported in addition to the 55 made known yesterday.

The slide occurred at a season when such movements are unusual. Workmen were repairing the roads for winter sport and had been joined by tourists when the avalanche descended the mountainside in two sections. One hundred Russian prisoners of war are assisting in the rescue work.

While a nurse dropped the children from a second story window.

Miss Greath stood below and caught each one safely. Two nurses were burned and also injured by jumping.

MAN WHO AT EIGHTY BECAME FATHER DIES

NEW YORK, Feb. 26.—Dr. David Alyn Gorton, who at the age of 80 became the father of the famous "eugenic twins," died at his home in Brooklyn. He was born on November 22, 1832, and was strong until a few days ago, when he told Mrs. Gorton that he needed a long sleep. He went to bed and became constantly weaker until his death.

Elma to Get Gum Trees.

ELMA, Wash., Feb. 26.—Charles Haise, a farmer of the South Union district, which is a fertile little community two miles east of Elma, soon will introduce the famous rubber tree known as the eucalyptus or commonly called the gum tree. The eucalyptus tree is indigenous to Australia and Tasmania, but has been introduced from these South Sea Islands to California and many parts of the world.

Should Mr. Haise become successful in his attempt toward the development of the eucalyptus in this section he will open a new field of property to the state of Washington. Several hundred slips of the eucalyptus are on the way here.

Workmen were clearing the roads for WILMINGTON, Del., Feb. 26.—A quarterly dividend of 24 per cent on its common stock was declared by the Du Pont Powder company.

WHY THE BEST OF CHEWS IS "SPEAR HEAD"

Its Rich, Sweet, Mellow Flavor Has Been Famous for a Generation

MADE OF CHOICEST RED BURLEY

The secret of tobacco satisfaction is known only to the man who chews *Spears* tobacco. The reason is that a good chew gets right next to your taste, while the leaf in *plug* tobacco is in a state of fresh, juicy richness that is not possible in any other form of tobacco.

There's no tobacco in the world that can give you the hearty, wholesome flavor that you get from a delicious chew of Spear Head.

Spear Head is made exclusively of ripe, red Kentucky Burley—the most richly-flavored chewing tobacco that grows. Still more, only the very choicest red Burley leaf is used for Spear Head.

This choice leaf is selected with the most painstaking care, is stemmed by hand, is thoroughly washed free of all foreign matter, and is pressed into Spear Head plugs so slowly that not a drop of juice or an atom of the natural flavor escapes.

Try Spear Head, and you'll get a sweet, mellow, luscious, satisfying chew that cannot be obtained in any other tobacco. In 10c cuts, wrapped in wax paper.
