Cataract Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy, and act thru the blood on the mucous surfaces of the system. Hall's Cataract Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Cataract Cure is what produces such wonderful results in cataract conditions. Send for testimonials, free. J. J. CHENEY & CO., Props., Toledo, O. Glass of Hot Water Before Breakfast a Splendid Habit
Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foggy tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning. We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; then cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach. The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast, and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

Sugar Trains Cross Gulf.

PHILADELPHIA, March 3.—For the first time railroads are competing with the steamship lines for the Cuban sugar carrying trade, bringing sugar from the plantations direct to Philadelphia. The first train arrived at the Franklin sugar refinery. The cars were loaded at the plantation, brought to Havana, put on the new ferry steamer Henry M. Flagler and landed at Key West. From there the cars were brought north by rail. The consignees of the cargo said the railroads had issued a special schedule and the freight was lower than the ocean rates.
