### WOULD USE LOBBYISTS IN CONGRESS NOT SUFFRAGE

MRS. CARRIE CHAPMAN CATT AND MRS. NORMAN DE R. WHITEHOUSE. (MIL. FILM SERVICE.)

NEW YORK, March 4.—Taking a leaf from the male politicians, the suffragettes are advocating lobbyists in congress to force the passage of the Susan B. Anthony amendment. Mrs. Carrie Chapman Catt, president of the National Woman Suffrage Association, speaking before the Federal Conference of the New York Woman Suffrage party, where she was introduced by Mrs. Norman de R.

Whitehouse, chairman of the conference said: "One trouble with the women of America," she said, "is that they are not working seriously enough in Washington. We should have lobbyists there. Another fault right in this state was the feeling of coming defeat in the midst of the fight." "There were just enough of you women," the speaker went on, "who felt that you had no chance of victory and who had resignedly went to county and state, to bridge parties and to dances, instead of fighting, to throw the balance the other way. "If we women had that momentum that goes with the faith and absolute conviction that we are going to win, we would have polled enough extra votes in the last election to have carried the state."
