### LAND IS PURCHASED BY ECHO COUNCIL AS USE FOR PARK

FIVE ACRES OF KOONTZ ESTATE ARE BOUGHT AT PRICE OF \$1800.

Land Lies Just East of the Railroad; Wool Growers of West End of County Are Building Sheep-Shearing Plant; Will Embody from 50 to 60 Men When Running.

(East Oregonian Special.)  
ECHO, Ore., March 11.—At a special meeting called for that purpose Thursday night the city council of Echo purchased nearly five acres of land from the Koontz estate which will be used for a city park. This land lies just east of the railroad track and between the high school building and the depot. The purchase price was \$1800. There is still \$1200 of the bond fund in the city treasury which is to be used especially in improving and beautifying the park.

There were three tracts of land adjacent to Echo offered to the city but the one purchased was believed to be the best situated. The woolgrowers of the west end of the county are constructing a sheep shearing plant at this place. The exact location is about two miles south of Echo. The buildings and facilities for handling the sheep at shearing time will be the most convenient of any found in Umatilla county. The shearing plant proper will be one hundred feet front with a depth of one hundred and eighty feet. There will be an elevated shearing deck 36 x 10 feet, on which the sheep will be driven, then chutes will be provided to conduct the animals to the ground floor after being clipped. A cook house, 20x40 feet will also be erected. The plant will employ from 50 to 60 men when run to full capacity.

Thomas Richards and sons purchased two hundred acres of seeded alfalfa land this week of Pete Sheridan. The land lies near the mouth of Butter creek. The purchase price was three thousand dollars.

Mrs. John Schmidt and Mrs. Bert Teft of this place were among those who attended the Christian Science lecture in Pendleton the first of this week.

W. H. Cray, editor of the Echo News, has purchased the Teft building opposite the Echo hotel on Bridge street. He expects to make alterations to the building and move the printing plant at once.

Mr. and Mrs. Thomas Richards have just moved into the new Dorn cottage on Thelion street.

Mrs. Cross of La Grande, organizer for the Lady Macdonalds is here in the interest of that article.

R. H. Lewis returned last evening from Pendleton where he attended the annual convention of the Umatilla county school districts.

Mrs. Frank Swan of Stanfield visited the first of the week with her mother, Mrs. Anna M. Young of this place.

H. G. Newport of Hermiston, was in Echo on yesterday.

Mrs. Evelyn Skinner went to Castle Rock, Ore., on Wednesday to visit with her sister, Mrs. Voss Mikeseil.

Dairy inspectors are getting very strict.

During the month of August of last year there were hundreds of gallons of cream seized, condemned and destroyed, both in Seattle and Portland. It is impossible to make wholesome butter out of spoiled cream, and inspectors are going to see that all bad cream is destroyed in 1916. This is in that that cream must be delivered twice a week during the warm weather; also that it must be properly cooled. In that case the dairymen would the cream will be seized and destroyed. In that case the dairymen would not only lose the cream, but if he was a cream shipper, he would also lose the express charges on the cream condemned.

If cream is delivered twice a week there is no trouble in having top-grade cream.

All utensils should be thoroughly cleaned and scalded after each time they are used. Warm cream should be cooled before mixing it with other cream. Cream should have plenty of fresh air; this can be obtained by placing a piece of cheese-cloth over the top of the can.

In real warm weather the cream can should be placed in cold water; the top of the water being a little above the level of the cream.

There is one very important thing that most dairymen overlook; and that is the stirring of their cream at least three times a day. A man who milks ten cows will lose at least \$25 a year when his cream is not properly stirred. Cream or milk that is not properly stirred will get leathery on top; making it impossible to get a fair sample.

The important things to remember are: Deliver often, cool cream quickly, and keep it cool, absolutely cleanliness and careful stirring.

Coal Agreement Signed.  
NEW YORK, March 10.—The soft coal agreement, which will add from \$1,000,000 to \$2,000,000 to the incomes of the miners of Western Pennsylvania, Ohio, Indiana and Illinois, was signed here subject to a referendum vote of all the unanimous miners in the United States.

Without any formalities John P. White, president of the Miners' union, signed the agreement before entering the conference at which drafting an anthracite wage-scale will be begun.

### LADIES' CLUB HAS MEETING AT ADAMS AFTER THE WINTER

MRS. M. A. BAKER ENTERTAINS PLEASANTLY; MANY MEMBERS ATTEND.

(East Oregonian Special.)  
ADAMS, Ore., March 11.—After being postponed for the winter the Ladies club met at the home of Mrs. M. A. Baker. Those present were Mrs. Lounell, Mrs. Spencer, Mrs. Shantz, Mrs. Edwards, Mrs. Peringer, Mrs. Dupuis, Mrs. Chesnut, Mrs. Taylor, Mrs. Henry, Mrs. H. Bunch, Mrs. Devoine, Mrs. Bunch, Mrs. Boyer, Mrs. McCullum, Mrs. Roseberry. Refreshments were served, consisting of cake and coffee. The next meeting place will be at the home of Mrs. Steven Edwards which will be Monday day.

Among those who went to Athena Friday evening were Bert Kirby, Frank Henry and Sam Darr.

Mr. and Mrs. J. W. Stocker were visitors at Walls Walla.

Mrs. Edgar Norvell of Helix is visiting her parents, Mr. and Mrs. J. W. Stocker for a few days.

Mr. and Mrs. T. A. Lounell motored to the county seat Wednesday.

Mr. and Mrs. Pearl Hales of Pendleton were in Adams this week.

Miss Jessie Chesnut returned home Friday evening from school in Pendleton.

Mr. and Mrs. G. M. Morris and children motored to the county seat Saturday.

Miss Eleanor Stockton returned home Saturday to spend Sunday with her parents, Mr. and Mrs. T. A. Lounell.

Mrs. G. W. Taylor and son Burrell, were Pendleton visitors Friday.

Mrs. Kirby who has been quite sick is getting better.

Mr. and Mrs. T. A. Lounell motored to Pendleton today.

### CHURCHES

**Christian Science.**  
E. Webb and Johnson streets. Services Sunday, 11 a. m. and 8 p. m. Sunday school, 10 a. m.; Wednesday, 8 p. m. Subject of lesson sermon, "Substance." The reading room at the church is open daily, except Sunday, from 2 until 4 p. m.

**Presbyterian.**  
Every mother will be interested in the sermon to be preached by Mr. Snyder at the Presbyterian church tomorrow. His subject will be in the interest of child welfare and in keeping with the national movement. At 7:30 p. m. the pastor will deliver the third of a series of evening lectures. The subject will be the Mind of Christ, or if Christ should come to Pendleton. This service will be in charge of the young people of the church. The music for the day will be as follows: Morning, duet, Mrs. Snyder and Mayree Snyder; anthem, "When the Radiant Morn'g Has Passed Away," solo, Mayree Snyder; "A Little Divine," Violin solo, Mr. Beavin; "Legende," (by Winnetka) Sunday school, 10 a. m.; Y. P. 8:15 P. 4:30 p. m. You are welcome.

Text, Matt. 25:46, Evening text, Rom. 6:13. We believe that both the morning and evening subjects are live topics, and every one should hear them discussed. We invite every parent to especially hear the morning sermon on "The Cry of the Child." Special music at each service.

#### BAPTIST.

Mr. Gregg invites all to start the worship of the day by attending the Bible school at 10 o'clock. The pastor will preach at 11 o'clock on "The Christian Concept of God." The B. Y. P. U. is always full of interest to those in attendance. Come at 6:30 and enjoy the meeting with them. Preaching again at 7:30, the subject will be "Christ's Argument for the Truth of the Religion Founded by Him." A talk will precede the sermon on "Better Bibles." Miss Arjune Clevenger will sing. E. R. Clevenger, pastor.

#### Tentons to be Deported.

LONDON, March 11.—All enemy traders in Togoland, German West Africa, are to be deported on the ground of military necessity, according to announcement by the British government. The declaration of the government will affect several branches of large German firms.

Official announcement was made by Premier Asquith in the House of commons August 25, 1915, that Togoland had surrendered unconditionally. Togoland is on the western coast of Africa, between French Dahomey and the British Gold Coast. Its area is estimated at 35,000 square miles, and in 1913 it had a population of about 900,000, of which 183 were whites.

#### Sugar Crop Falls Short.

WASHINGTON, March 11.—Louisiana's cane sugar crop for 1915 amounted to 126,500 short tons, compared with a crop of 242,700 tons the year before.

In announcing these figures the department of agriculture said cool, wet weather retarded the growth of the cane in some sections and that considerable damage was done by a general storm in September.

#### Poultry Trial Watched.

TACOMA, Wash., March 11.—A number of poultry breeders are watching with interest an experiment being tried by William T. Herring, who has a city lot plant at his home. Mr. Herring has mated a Buff Orpington

### DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

LOOK AT THE TONGUE! IF COATED, CLEAN LITTLE STOMACH, LIVER, BOWELS.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, does not eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

cockerel, weight 9 1/4 pounds, with ten Black Minorca hens weighing an average of six pounds. Both the male and female are thoroughbred stock.

"A man who had tried to cross like this told me that it makes a bird that is large in size and prolific layer," says Mr. Herring, "but the best feature about them is their beautiful plumage. The body is dark yellow, while the neck has a tinge of striped black."

**A Fine Aid For Mother-to-be**

We are all greatly indebted to those who tell their experiences. And among the many things which we read about and are of immediate importance to the expectant mother, is a splendid external remedy called "Mother's Friend." This is applied over the muscles of the stomach. It is deeply penetrating in its influence. Mothers everywhere tell of its soothing effect, how it allays pain incident to stretching of cords, ligaments and muscles. They tell of restful comfort, of calm, peaceful nights, an absence of those distresses peculiar to the period of expectancy, relief from morning sickness, no more of that apprehension with which so many young women's minds become burdened. It is a splendid help. Get a bottle of "Mother's Friend" from your druggist, or write to Bradfield Regulator Co., 468 Lamar Bldg., Atlanta, Ga., for a very handsome and instructive book. It is filled with suggestive ideas of great help to all women interested in the subject of maternity. And best of all are some letters from mothers that are real inspirations. Write today.

**To Promote Health**

It is necessary to keep the stomach strong and active, and in

**HOSTETTER'S STOMACH BITTERS**

you have a remedy that should help Nature correct any such weakness. Try it.
