

After Grip-- Winter Colds --Bad Blood

You are pale, thin, weak--with little vitality. Your liver is sluggish and the bad blood causes your stomach muscles to lose their elasticity and become flabby and weak--thus indigestion.

WHAT WOMEN OF OUR NATIVE STATE SAY.

Eugene, Oregon.--"In raising my family I have always found that I could depend on Dr. Pierce's remedies for all ailments. I gave them the 'Golden Medical Discovery' for tonsillitis, sore throat, bad coughs and grip, and it always cured them. I also gave them the 'Pleasant Pellets' for sick headache, biliousness and constipation. I am glad to recommend them."--Mrs. CAROL DEAN, 11 N. Lawrence Street.

IS YOUR STOMACH CLOGGED WITH WASTE?

Tallman & Co. Guaranteed to Return the Money if MIO-NE Does Not Relieve You.

"It's a pleasure to sell a medicine when your customers come in afterward and tell you how much good it has done them," said Tallman & Co., the popular druggists in East Oregonian town, "and that is why we like to sell and recommend MIO-NE, the dyspepsia remedy. The distribution of samples that they made created so much talk and so large a proportion of those who receive a sample have bought a box of MIO-NE. The real work has been done selling the medicine ever since. We have an indubitable faith in this article that we are glad to guarantee it in the future, and will return the money to any purchaser of MIO-NE whom it does not help. This may seem rash but our customers have sold so many good wares in its favor that we do not expect 'sour packages' returned.

"Anyone who has dyspepsia, whose food does not digest well, and who has to take thought as to what he can eat, and when he goes to rest, is troubled at our store and take home a box of MIO-NE, and if the remedy does not regulate his digestion and help his dyspepsia he can withdraw his money. I don't know but what we would be willing to pay him interest."
