# NEWS OF PENDLETON

**Will Repair Dwelling.**  
A Zeusske has taken out a permit to repair his dwelling on Jackson street. The repairs will cost about \$190.

**Trip is Postponed.**  
Owing to the bad condition of a portion of the road between Weston and Milton a contemplated trip to Milton tonight by a delegation from Damon Lodge No. 4, Knights of Pythias has been postponed for a week. A visit will be made to Adams lodge tomorrow evening as scheduled.

**Keator Tenders Resignation.**  
In order that he may devote his entire time to the furtherance of his campaign for the republican ticket, Hiram E. Keator, for the past few years the assistant district attorney under Frederick Steiner, has tendered his resignation to take effect March 22.

**Spring Arrives Officially.**  
Spring is here in truth and in fact. Today is the first day of the new season. Speaking with the almanac as an authority spring really began at 8:29 last night, the sun at that time being directly over the equator on its trip north. There has been more spring-like weather earlier in the month than the brand at hand today, but, then, spring has varying moods like a fickle maid.

**Remodeling Home.**  
Mrs. May O'Gara is having extensive improvements made to her home at Aura and Court streets. A two-story addition is being built on the south side, the north side will be extended several feet and a new roof will be put on. A porch running the complete length on the west side will add a finishing touch to the general appearance. The interior also will be remodeled.

**Artesian Well Man Here.**  
W. D. Newland, the man who demonstrated there is an area of artesian water in Morrow county, is in Pendleton on business. His successful experiment was greeted as marking a new era for Morrow county and he is not through yet. He is now engaged in drilling a second well and, if it proves successful, he will drill a third to complete his theory of the area in which there is abundant artesian water. Mr. Newland is an old friend of Senator Cummins, presidential prospect, and is watching with interest his old friend well, he expresses the hope that President Wilson will win in a walkover.

**Buys Out His Brother.**  
Yesterday Ray Paine purchased the half interest of his brother, Sam E. Paine, in the Troy Laundry of this city and will hereafter be associated in its management with William Paine, who recently bought a half interest. The new partner was associated with his brother several years ago in conducting the laundry and has had a great deal of practical experience as a laundryman. He recently returned to Pendleton from California. The retiring partner has not yet definitely decided his future business course.

**Run-down? —Tired? —Weak?**  
Every spring most people feel "all out of sorts"—their vitality is at a low ebb. Through the winter months shut up a great deal in heated houses, office, or factory, with little healthy exercise in the great outdoors—eating more than necessary—the blood becomes surcharged with poisons! The best Spring medicine and tonic is one made of herbs and roots without alcohol—that was first discovered by Dr. Pierce—years ago. Made of Golden Seal root, blood root, with glycerine, it is called Dr. Pierce's Golden Medical Discovery. Ingredients on wrapper. It eliminates from the blood disease-breeding poisons. It makes the blood rich and pure, and furnishes a foundation for sound, physical health.

**WHEN "RUN-DOWN."**  
Salem, Oregon.—"As a spring tonic, to build up a weakened, run-down system, and to give one an appetite, I found Doctor Pierce's Golden Medical Discovery good. A friend had recommended it and I found it all that he claimed for it."—Mrs. JANE GIBBER, 1560 S. Bellview Street.

Constipation causes and seriously aggravates many diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three a cathartic.

**Move to Montana.**  
Mr. and Mrs. Harry G. Selby are moving from Pendleton to Selby, Montana.

**Associated Charities to Meet.**  
The Associated Charities will hold a meeting this evening at 7:30 in the city hall.

**Federal Court Meets Soon.**  
The annual spring session of the federal court for eastern Oregon will convene in Pendleton on Tuesday, April 1. There are several cases on the docket for trial.

**Blancett's Are Returning.**  
Del and Bertha Blancett, well known Round-up performers, are now at Union, California, visiting with a brother of the former, and will return soon to this city, according to a card received by a friend here this morning.

**Broken Water Main Spouts.**  
People crossing the Main street bridge today have observed a fountain like spouting of water about two hundred yards above the bridge. One of the city water mains crosses the river at that point broke next to the bank, probably from the pressure of the high water.

**P. O. to Become Dining Room.**  
With the removal of the post office from its present site in the Hotel Pendleton block to the new federal building, the present quarters will probably become a part of the hotel property. The management now has under consideration converting the room into a dining room and making the present dining room into a dance and amusement hall.

**Enroute to Baseball Meeting.**  
E. B. Castel, John H. Pickett and Bert Shock, three livewire baseball boosters of Pilot Rock, passed through Pendleton this morning enroute to Athena for the meeting this afternoon to reorganize the Blue Mountain League. They are very desirous of having Pendleton in the league. Shock will manage the Pilot Rockers this year while Pickett will have his old berth at second.

**Indian Pair in Bad Again.**  
Robinson Minthorn and Agner Craig, well known Indian couple who were caught in the raid of a few weeks ago, were arrested again last night by Officers Scheer and Nash at the Searcy rooming house on Cottonwood street and were charged with illegal cohabitation. They pleaded guilty this morning in police court and paid a fine of \$50 each.

**Hennings Takes New Location.**  
The room on the lower floor of the Gritman Block, formerly occupied by the Olympia Bar, is being remodeled today and a portion of it will be occupied by Henry Hennings' cigar store which is now located further north on Main street. A partition will divide the front end of the room and Mr. Hennings will take the north room and the entire back room. The other room has not yet been definitely leased.

**Irrigating Delayed by Rains.**  
The irrigating season in the west end of the county will be much delayed by the present and past rains, according to Henry Sommerer, prominent Hermiston farmer. Ordinarily the first irrigating is done late in March or early in April but none will be necessary this early this year, he states. The February snows left a great deal of moisture in the ground. In fact Mr. Sommerer states that he has never seen the ground down there wet at such a depth as it is this year.

**Return From Indian Meetings.**  
Rev. J. M. Cornelison of Tutuilla and Philip Jones, one of the elders of the Tutuilla church, arrived home this morning from Lapwai, Idaho, where they attended the special services being held there. They report very successful meetings with about 25 Indians winning the temperance pledge. Enroute home they saw many evidences about thirty miles this side of Lewiston of a coldburst. The railroad was blocked at one point and they had to be transferred around the barrier.

**More Rain Delays Plowing.**  
The showers of Sunday and yesterday and the more or less steady rain of today will have the effect of delaying spring plowing for another week or more. The ground was just setting in a condition for plowing when the rains started. Spring plowing last year was begun in the latter part of February so that it will be seen that the farmers are unusually late. However, they are taking consolation out of the fact that the abundant moisture has resulted in their grain showing a healthy color and growth.

**Registration Passes 2700.**  
More than 500 voters registered last week and yet, even at that rate for the balance of the time until the books close there would be only about half the voters in the county registered before the May primaries. The total registration last week was 514 of which 172 were women. The total registration to date is 2765, leaving about 7500 voters still unregistered.

and there are only 24 more days for the books to remain open. Of the total registration 1556 are republicans, 893 democrats, 53 socialists, 45 independents, 41 prohibitionists, nine progressives and eight of no party.

**Hurt in Accident.**  
J. F. Nisper, who is employed at the R. O. Earnhart ranch, was brought to the city yesterday afternoon with a badly cut knee as a result of an accident.

**Fishing Season Soon to Open.**  
The open season for angling will begin April 1 and the local fishermen are already looking to their tackle. They expect a good season of their favorite sport though it will probably be delayed a little by the high water.

**Appraisers File Report.**  
G. W. Runyan, W. E. Campbell and R. J. Campbell, appraisers of the estate of Wm. M. Brace and Belle Brace have filed their report. The estate of the former, consisting of land, is valued at \$1500 and the latter consisting of notes, at \$1450.

**Old Photo of Miss Fisher.**  
When Major Lee Moorhouse noticed that Margarita Fisher was the star of a picture play on at the Pastime, he looked through his collection of photos and found one that he had taken of Miss Fisher when she was starting in stock here seven or eight years ago. He presented it to Manager Matlock.

**Stelwer to Portland.**  
District Attorney Frederick Stelwer left today for Portland to take treatment for a hoarseness with which he has been afflicted for some time. During his absence the office work will be cared for by former Deputy Keator who has resigned but will nevertheless take care of any business arising in the absence of the district attorney.

**Indian Wants Divorce.**  
John Thomas, well known young Indian of the Umatilla reservation, has filed a suit in the circuit court against his wife, Amelia, asking for an absolute divorce. They were married in May, 1915, and the following August, he alleges, she went to Idaho with John Lindsey, another Indian. Raley & Raley are attorneys for the plaintiff.

**Expert Typist Coming.**  
County Judge C. H. Marsh was notified today that a man named Wiese, typewriter speed artist and efficiency expert, will be in Pendleton tomorrow to give demonstrations. He will give a demonstration at 1:30 at the high school and at 3 o'clock at the Hartman Abstract Company's office. Stenographers and others interested are invited to attend. He will be accompanied by Manager Waters of the Portland office of the Remington company.

**Mr. Borden is Dead.**  
The Portland Journal this morning carried the following story of the death of C. E. Borden whose wife was formerly Miss Ethel Parsons of this city:

"Dr. and Mrs. William House have received a telegram from Sidney, N. Y., announcing the sudden death of Charles Erwin Borden from a paralytic stroke. The Borden lived in Portland for a time about three years ago. His wife was Miss Ethel Parsons, Mrs. House's sister, and a daughter of Mr. and Mrs. William Parsons, formerly of Pendleton. In addition to Mrs. Borden, two small sons and Mr. Borden's parents survive."

**VILLISTAS DEFEATED.**  
(Continued from page one)

er. The president and cabinet agreed that the proposals in Carranza's protocol for the conduct of the Villa hunt were satisfactory.

**DOUGLAS, March 21.**—Half a dozen Villistas have been executed in Sonora since the Columbus affair. They stated that much propaganda already had permeated the districts where Villa and Zapata were popular.

Miguel Vicente, Villista colonel, was spreading literature when arrested near El Paso. Army officers here believed Villa would hide until the settlement of the peace is sufficiently arranged to cause a general uprising against Carranza and Americans. The seventh and tenth regiments here have vowed vengeance against Villa.

When Douglas was endangered during the battle of Agua Prieta, these troops were nearby while bullets rained on American soil.

**WASHINGTON, March 21.**—It was announced that the navy department has prepared plans for the fleet to cooperate with the war department should Villa make a dash for either

coast. Several vessels are stationed on the Atlantic side and a small squadron is available on the Pacific. Upon intimation that Villa is attempting to reach either side, marines will be landed to head him off.

## WATTS GIVES VIEW OF DISTRICT ATTORNEYSHIP

**WILL MOVE TO PENDLETON IF CHOSEN TO OFFICE; WILL NOT MAKE HOBBY OF ANYTHING.**

"I expect to do my duty. I will extend favoritism to no one and will not make a hobby of anything. If elected I will move to Pendleton so as to give my full time to the duties of district attorney." The foregoing constitutes the platform of Homer L. Watts, candidate for the republican nomination for district attorney, as announced today. The following is a brief biographical sketch. A native son of Umatilla county, born in 1876. Educated in the schools at Athena. Graduated from the Weston Normal in 1895. From the Monmouth normal in 1897. Took course in surveying at Thruway College, California. Graduated from the University of Oregon in 1903. Graduated from Harvard Law College in 1907. Admitted to the bar in

1907. Has since practiced law and engaged in farming. Married in 1905 to Miss Jennie Gaines of Medford. Is now serving second term as mayor of Athena.
