

Fine Teas

It is not always the most expensive teas that are the best to brew or drink.

The most important point to consider about tea is its suitability for brewing in the water of a particular district. Tea that would be good here, and brew into a splendid fragrant beverage, might be a rank failure somewhere else.

We buy our teas to suit the water of this district. You are therefore sure of getting tea that is all that tea should be—fragrant, refreshing and thirst-quenching. A trial will make you a constant user.

Raley & Raley are her attorneys.

21 Arrests in March.
With two arrests yesterday March closed with a total of 21 arrests to the credit of the police department, just exactly 25 per cent of the number of arrests in March a year ago. The records show that during March, 1915, there were 84 arrests. Prohibition has in the police records for the first three months of the dry year, strong proof for the contention that prohibition does prohibit. Since Jan. 1, 1916, there have been 65 arrests made by the city police compared with 338 for the same period a year ago. January and February of this year each had 22 arrests compared with 102 for January and 22 for February in 1915. Of the 21 arrests made during last month, 12 were on charges of drunkenness.

Branch Booth Held Legal.
PORTLAND, Ore., April 1.—Branch registration booths throughout the city, as planned by County Clerk John D. Coffey in compliance with the requests of leading civic organizations are legal. This was the opinion of Attorney-General Brown when the question was put up to him by District Attorney Evans.

WHY IT PAYS TO TRADE

At the Golden Rule. In the first place you are not asked to pay two profits, simply a small living profit—an honest one. We have but ONE price—the same today, tomorrow and all the time, no double faced price manipulation goes here. We believe in dealing on the square with the public, no juggling of prices. Stockholders in Theater Project Called to Meet

BETWEEN \$8,000 AND \$10,000 HAS BEEN SIGNED UP HERE ALREADY.

With all indications very bright for the successful completion of their plan to erect a large modern theater, for particular accommodation of road shows coming to Pendleton, Welch brothers have called a meeting of stockholders for the Commercial Club rooms Monday night. Between \$8,000 and \$10,000 in stock has been signed up already and the matter of organizing and incorporating will be taken up at the meeting Monday.

"However, the meeting will not be just for stockholders alone," says Frank Welch. "All who are interested in a first class theater for Pendleton are asked to attend and help boost."
After the new company has been organized their plans will be laid before the Commercial Association on Tuesday evening and it is probable steps will be taken by the association to further assist in carrying out the project.
There is increased interest today in the theater deal because of the heavy Pendleton patronage at the grand opera performance in Walla Walla last night. Approximately 50 local people made the trip and it is estimated they spent not less than \$500 for the evening. It is probable a similar sum will be spent by local people when the Boston Symphony orchestra plays in the Garden City.

VILLA NEAR CAPTURE

(Continued from page one.)
The fastness of the continental divide somewhere south of San Geronimo, General Bell's information was that Villa was wounded while fighting Carranzistas at Guerrero, one bullet shattering his leg and his hip crushed by the fall of his horse. His capture is believed to be a matter of hours.
News of further skirmishing is momentarily expected. It was hoped that Colonel Dodd would investigate the report that three Americans had been slain at Minaca.
According to Pershing's report the bandit camp was located by an army aviator. Dodd's men made a forced march of 17 hours and attacked the outlaws early in the morning. Villa was said to have escaped in a carriage just before the firing began.

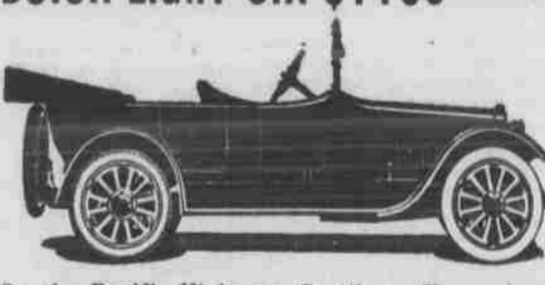

DEMANDS OF EMPLOYEES ARE REJECTED BY RAILROADS

CLEVELAND, April 1.—Their demands having been rejected by the railroad's executive committee, the four trainmen brotherhood will meet in Chicago April 29 to formulate a course of action. It was stated that not all the roads had replied to the demand for an eight hour day and increased overtime.

Let Us Dress-Up Your Table

ALL and see the beautifully dressed dining table in the front of our store. Note the many articles that go toward creating refinement and love of home in the child as well as giving pleasure to the parents because of their beauty combined with utility.
The dearest associations of the home grow up around the table where the family is gathered regularly with one mind to a pleasant occupation and happy intercourse. Memory carries us fondly back to those holiday feasts at mother's, and this sentiment is fostered, if some of the standards from which she dispensed her hospitality are upon our table, such as silverware, cut-glass, chinaware, etc.
Children brought up in a household where association with works of art and a nicely dressed table brings familiarity always bear the marks of taste—cultivated naturally. Where elegance is in tune with reason—where the useful is the beautiful—they are early endowed with a poise and a culture that no finishing school or college course can impart, and later, in the possession of worthy silver, china or cut-glass, they have upon their tables property which is not only an index of the culture and position of their parents (itself reflected upon them) but which is also a sure provision against the accidents of fortune.
We would be pleased to show you the new designs, now so popular in tableware of every kind.
