NOTE THIS FEATURE— One of the convenient features to be found in the STUDEBAKER exclusively, is the adjustable and removable front seat. The front passenger seat may be removed and your baby carriage placed beside the driver—think what this means as a comfort to baby and convenience to mother. The driver's seat may be moved forward or back adjusting it to the driver's comfort. Or, if desired, both front seats may be entirely removed, enabling you to make your bed in the car when out in the mountains or touring the country. This is just one dominant feature that Studebaker affords you—there are many more and all noticeable when you drive the car.

YEGGMEN POSING AS
DEAF BEGGARS HAVE
PULLED OFF "JOBS"

MANY A "PLANT" HAS BEEN LOCATED AND RICH HAULS GATHERED.

Police of Portland Uncover Method Used by Criminals; Deaf Mute Stunt Seems to Work Successfully in Many Sections; Warnings Are Given Against "Fakes."

VANCOUVER, Wash., March 31.—Yeggmens posing as deaf beggars have "located" many a "plant," returning at night with confederates to make "rich hauls," as the police of Portland, Oregon, recently discovered by accident. While being booked, a "deaf-mute" beggar was greeted in joyful tones by a noted yegg, "Hello pal." A hurried search of the rogues gallery proved the "mute" W. J. Adams, alias Austin, alias McAdams, was wanted in half a dozen states.

Hearing of this Judge Skidworth of Toledo, Oregon, yesterday sentenced Leroy C. White, who had been peddling appeals of a deaf-mute, to a term of one to five years in the state penitentiary for obtaining money under false pretenses. The fakir proved able to hear a whisper in the furthest corner of the court room.

In Ohio the capture of two post-office robbers with \$1800 loot and well worn "deaf and dumb" cards is significant following as it does the confession of another suspect that Cincinnati has a school for training fake deaf beggars.

The National Association of the Deaf, incorporated by act of congress, is waging a campaign of education, backed by U. S. statistics that 98 per cent of the educated deaf are self-supporting. It claims pseudo "deaf and dumb" spread the false conclusion that begging is almost a necessity for those who can not hear which works an especial hardship on a law-abiding class, most of them skilled workmen and taxpayers. Often it is only necessary for an applicant to state he is deaf and he can not even get a hearing, much less land a job.

"The Deaf Do Not Beg," is the slogan of the N. A. D. It points out each state has a free school where the deaf are taught some good trade—proving the absurdity of the cards customarily peddled by "mutes" asking for "funds to enter a deaf and dumb school."

Recognizing this, last winter seven states passed laws making it a misdemeanor to beg alms under false guise of physical affliction, namely: Washington, Nevada, Missouri, Illinois, Indiana, Ohio and Florida.

The warning just sent out by the National Association of the Deaf states the wisest thing to do when accosted by a "deaf" beggar is to detain him in conversation while someone stealthily summons an officer. The police can then have a real deaf person unmask the fraud and the community will be well rid of one more predatory mendicant.

troops at Piraeus and also at Patras, where they arrested officers of German and Austrian vessels which had been lying there since the beginning of the war. The civilians interfered with the landing of British soldiers at Patras, when an attempt was made to arrest a German engineer, whereupon the British ship left. At Piraeus also the British ships sailed away on being shelled by the Greek batteries.

SUBMARINE BASE FOUND
ON ISLAND OF CORFU

PARIS, April 1.—(Delayed in transmission)—Discovery in the Greek island of Corfu of an elaborate organization for providing information and supplies for submarines is reported in a Rome dispatch to the Journal. About 40 persons, including the keeper of one of the principal hotels, have been arrested and will be removed to France.

BERLIN, April 1.—(By wireless to Tuckerton, N. J.)—The Overseas News Agency says advices have been received from Italian sources that the Greek batteries at Piraeus fired on British ships which attempted to take Greek vessels anchored there.

"It is reported further," the news agency says, "that the British landed

FREEWATER MAY GET
CANNING CO; STOCK
IS NOW BEING SOLD

\$1000 ALREADY SUBSCRIBED; \$8,000 NEEDED TO FINANCE THE VENTURE.

Proposition Has Been Under Investigation by the Freewater Commercial Club for Some Time; Chorus Are Rehearsing for Special Services on Eastern Sunday.

(East Oregonian Special.)

MILTON-FREEWATER, Ore. April 1.—Active efforts are being made to secure subscriptions to the capital stock of the proposed Freewater Canning and Pickling Company, which if organized will take over the old Webber-Bussell cannery property, and the stock, fixtures and machinery of the Walls Walls Pickling Works, and open a plant at Freewater.

Circulation of the subscription petition is in the hands of A. C. Denby, and already about \$1000 has been secured with only a few hours' work. It will be necessary for the promoters to raise \$8000 cash to finance the business, when Martin Brothers, owners of the pickling works, will turn in their present stock on hand, fixtures, machinery and good will in exchange for stock in the company. This proposition has been under investigation for some time by the Freewater Commercial Club and has practically the unanimous support of the membership.

Choirs of the various churches of Milton are practicing special music for a union service the night of Easter Sunday, to be held in the Methodist church.

Manager C. S. Walters has notified the city council that as soon as plans are drawn, bids will be called for the construction of a new passenger and freight depot on the site of the one destroyed by fire last summer.

Mrs. Lucy Ray has purchased a Buick Little Six of the Milton Garage, delivery to be made April 1.

Hercules Lodge, Knights of Pythias, has accepted the proposition for the purchase of the upper floor of the L. O. O. F. hall for \$2410 and it is expected the property will change hands within a few days.

The Shields Fruit Company has been absorbed by the Valley Fruit and Produce Company of Walls Walls and the consolidated company will be known as the Valley Fruit Company, with headquarters at Walls Walls and a branch at Milton.

Carpenters have this week been repairing the damage done to the Elam block by fire a few weeks ago.

Cable repairs have been at work for several days eliminating trouble in the Milton-Freewater trunk cable of the Pacific Telephone and Telegraph Company, with a view to giving the service which the traffic requires. So many calls to telephones are in both residence and business lines that it is almost impossible to take

care of them right under present conditions. Two speeders by the name of Henderson and Dobbins left the city for their respective destinations richer in experience and poorer by a fine and costs each Friday afternoon, when they were landed by the marshal and haled before City Recorder Samuel to receive the penalty.

Milton high school baseball team defeated Athena high school on the league grounds Friday afternoon by a score of 15 to 1. After the first inning in which Athena scored their one lone tally on an error, the visitors stood no chance against Crimmins and Hubbs who divided pitching honors. Numerous errors by Athena account for the big score.
