BRIDE ACCOMPANIES HUSBAND ON TRIP

NEW YORK, April 1.—Mrs. Roy C. Andrews and her faithful dog, "Pat" will accompany her husband on the interior of China, on an exploration trip for the American Museum of Natural History.

It is really a bridal trip for the young couple. Mrs. Andrews is the daughter of Major Henry Borup, U. S. A. and the sister of the young Arctic explorer, George Borup, who was drowned on Peary's North Pole expedition.

Mrs. Andrews has twice encircled the world for the Natural History Museum. His companion, Edmund Heller, besides his trip with the Roosevelt expedition (Roosevelt African expedition), has been with one of Paul Rainey's expeditions and has just returned from the Yale Peruvian expedition.

Describing his plans, Mr. Andrews said: "From Peking we will sail down the coast to Fu Chu, in Fu Kien Province. Here Mr. Heller and Perry Caldwell, a missionary will join us for a hunt through the Bohai mountains, some three hundred miles inland, from the Strait of Formosa. There is big game in this region and we should obtain some valuable and new specimens.

"From Fu Kien my wife, Heller and I will go up the coast to the mouth of the great Wang-Tse river by steamer, which will take us up the Wang-tse to Tung-ting lake. Here we will follow another stream by flat boat as far as we can get toward Wei-Chau Province.

This province is one of the wildest and most difficult to enter in China. There are no roads and few inhabitants. The country is mountainous, and rugged. This will be the main field for our work on this trip, though we probably will push on into the province of Yunnan, unless the revolution that has recently broken out there makes it too dangerous. We may, even go into Tibet.

All this country is semi-tropical, cold in the mountainous regions and warm in the valleys. This part of Central Asia probably formed the birthplace of the human race.

"We will go right into the field of tiger hunting upon our arrival in China, and if we are fortunate we will send some fine specimens of the man-eating tiger to the Museum.

"Some time will be required of course, to finish the necessary diplomatic negotiations in regard to our trip and to China but if our hopes are fulfilled, the members of our party will begin to look for big game about the second week in May. Our schedule calls for a year of actual work in the field."

Mrs. Andrews will take her pet dog on the trip.

deaconess of the Episcopal church, held services for that church in the Masonic hall here last Sunday.

C. F. Kratz of contracting firm of Kratz & Phillips, who are building the city hall here, is in Portland on a short business trip.

Mrs. Louis Scholl, Jr., is at Albany, Oregon, having left for that place on receipt of the news that her mother, Mrs. M. W. Smith, had fractured her arm. Mrs. Scholl expects to be gone a couple of weeks.

B. G. Mashburn and wife left yesterday for Dallas, Oregon, where they will visit for a short time with Mrs. Mashburn's mother before going on to California where Mr. Mashburn expects to find a location and go into business. They have been conducting the Hotel Echo here for the past three years but sold out a short time ago to Yezzer Bauer of The Dalles.

J. Frank Spinning and R. R. Lewis have returned from a short business trip to Portland.

Trout are now running in the government canal and the local anglers are correspondingly happy again. One fisherman is reported to have caught 21 below the flour mill yesterday afternoon, ranging from 12 to 18 inches in length.

Mrs. George Perry, wife of the head miller at the Echo flour mill, has returned from a two weeks' visit with relations at Portland.

The Misses Clephane and Daphne Gulliford and Miss Beaulieu Andrews were visiting friends in Pendleton Thursday.

Assessor C. P. Strain and Col. J. H. Raley, were among the Pendleton visitors Thursday trying the Echo fishing. They report fair success. Col. Raley, however, in the excitement occasioned by the bite of a big fellow, lost his rod in the canal and almost fell in himself. Later a fellow fisherman recovered the rod with a bent wire on the end of a pole. The fish escaped.

Tenacious Tires of black "Barefoot" Rubber

"LIKE a Pup to a Root," do they hang on to the Earth, when you throw in the Clutch, or throw on the Brakes. But, instead of merely grinding against said Earth,—for Traction,—they CLING to it, much as your bare foot clings to slippery surfaces.

This new and wonderful Goodrich "Barefoot Rubber," is as stretchy almost as a pure Rubber band,—Light-weight as Rubber in its native amber color, but stronger, tougher, longer-wearing (in Tires) than pure Rubber could ever be.

"BAREFOOT RUBBER" can be had in Goodrich Safety-Tread Tires,—Goodrich Motor-Cycle Tires,—Goodrich Bicycle Tires,—Goodrich Truck Tires,—Goodrich Rubber Boots, Overshoes, Soles and Heels, and in no other make but Goodrich.

GOODRICH "BAREFOOT" Tires

Complete Stock of Goodrich Tires Carried at the Oregon Motor Garage

WORK ON NEW CITY HALL AT ECHO GOES FORWARD WITH RUSH

CONCRETE IS ALL POURED FOR WALLS AND TRUSSES NOW PLACED.

New \$10,000 Building Will Be Hand-Some Structure; Mrs. Alice Knight, Deaconess of Episcopal Church, Holds Services; Trout Running in Government Canal.

(East Oregonian Special) ECHO, Ore., March 31.—Work on Echo's new \$10,000 city hall is progressing in a satisfactory manner. The work of pouring the concrete walls is finished and a force of carpenters are now engaged in placing the trusses to support the roof and removing the forms from the walls. The concrete men have been sid off temporarily while this work is going on. They will spread the floors in the lower story next week, all of which on the ground floor will be of concrete and cement.

This building presents quite a creditable appearance and speaks well for the progressiveness of Echo and her citizens. Mrs. Alice Knight of Hood River.

PAIN GONE! RUB SORE, RHEUMATIC ACHING JOINTS

RUB PAIN AWAY WITH A SMALL TRIAL BOTTLE OF OLD, PENETRATING "ST. JACOB'S OIL."

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacob's Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Fast Liner is Ashore But All Reported Safe

CHIYO MARU AGROUND ON ISLAND ACCORDING TO REPORT RECEIVED.

SAN FRANCISCO, March 31.—The Chiyo Maru is grounded on an island 27 miles off Hong Kong. The passengers will be taken to Hong Kong, according to a cable received at the offices of the Togo Kisen Kaisha, which was the first word that an accident had happened to the ship. It was indicated that the crack liner ran aground on Thursday morning. Unofficially, however, the ship was ashore off one of the Lema Islands at the mouth of the Canton river.

WAR PLANE BUILDER CALLED TO WASHINGTON

LOS ANGELES, March 30.—In response to a telegram from Secretary of War Baker, Glenn L. Martin, war plane builder, started for Washington today. This is taken to mean that officials have concluded that the planes already in service are adapted to low level of flying but are unsuited for high winds and the light atmosphere in the mountains of Chihuahua.

MAKES YOUR STOMACH FEEL FINE—ENDS INDIGESTION

All Stomach Distress Quickly Disappears Before Famous Prescription. Health, Strength and Vigor Result From Perfect Digestion.

People who suffer from weak stomach, distress after eating, belching of gas, sourness, bad taste in mouth, foul breath, biliousness, dizziness, nervousness or dyspepsia in any form, should not be satisfied with a makeshift remedy.

The stomach was made to digest food and when through abuse or accident it becomes weak and run down; immediate steps should be taken to build it up, to put strength and elasticity into the flabby muscular walls, so that it will be able to extract nutritious matter from the food and send it to enrich the blood.

DAVID LLOYD GEORGE WILL HANDLE STRIKE

LONDON, March 30.—David Lloyd-George has returned from France to attempt to settle labor troubles in Glasgow. Many workmen in manufacturing big guns have gone on strike demanding that the government repeal the conscription order.

FRENCH AEROPLANES IN RAID ON THE RAILROAD

PARIS, March 30.—French aeroplanes have conducted successful raids against three railway stations from which the crown prince was supplying his army before Verdun, according to an official announcement.

Prevents roughness during the summer
