YESTERDAY'S WEATHER DATA. Maximum temperature, 44; minimum, 22; rainfall, 0; wind, west light; weather, clear.

COUNTY OFFICIAL PAPER

NO. 8773

BRITISH PUBLIC WANTS REVENGE FOR AIR RAIDS

Casualties From Bombs Dropped by Zeppelins Will Reach Three Hundred in Killed and Wounded.

DUNKIRK VISITED BY CRAFT

Two Persons Are Killed and Four Injured; Crew of Captive Zeppelin Are Released to As 'Baby Killers'; British Officials Scoff at Claims of Military Damage.

PARIS, April 3.—A Zeppelin raided last night, dropping eight bombs. Two persons were killed and four injured.

LONDON, April 3.—Intense indignation was manifested throughout England today following the third Zeppelin raid in three days. The total casualties were expected to reach 300 dead and wounded. The people denounced the captive crew of the L-15 as "baby killers," and urged severe punishment. Newspapers discussed the treatment of prisoners reservedly.

A British official characterized the German claims that munitions factories and land batteries had been silenced as absurd. The details of Sunday night's raids are meager.

BERLIN, April 3.—The admiralty announced today that the naval airships again attacked the English coast and dropped bombs on blast furnaces, large ironworks and industrial establishments at Middlebrough and Sunderland for an hour and a half. Fires followed the large explosions. Successful results were noticeable. Despite a severe shelling, the Zeppelins returned undamaged.

Daniels Says Our Plans Not Used by Foreign Countries

SECRETARY UNDERGOES SEVERE CROSS-EXAMINATION BY COMMITTEE

WASHINGTON, April 3.—Big navy advocates and members of the house naval committee subjected Secretary Daniels to a severe cross-examination today. Daniels agreed to answer questions about building and enlistment regulations.

Do you remember turning over to the Russian government, designs and specifications of our 14-inch guns, armor and other naval effects? Butler demanded.

Daniels emphatically denied this. He knew nothing about it, he said, and thought it wrong if done.

"Will you ask Strauss for a copy of the letter sent the Krupp works so we may know whether these specifications were furnished Germany?" Daniels promised to furnish the letter. He urged the passage of the unamended armorplate bill. He opposed Butler's amendment giving private manufacturers contracts should their bids prove satisfactory to the secretary of the navy. He declared that armor plate dealers would not produce unless sure of large profits.

"The price which might satisfy one secretary would not suit another. I wouldn't be satisfied with the death-bed repentances of exorbitant corporations. Delivery has been prompt and quality satisfactory. The only objection is to the high price."

Sub-Committee in Favor of Brandeis

REPORT IS MADE IN FULL THAT NOMINATION BE CONFIRMED BY SENATE

WASHINGTON, April 3.—Recommending the confirmation of Brandeis as associate justice of the supreme court, the sub-committee investigating him reported to the full committee. Cummins and Works in a minority report said Brandeis would not make a useful justice because of the reputation which justly or unjustly had been attributed to him. Replying to this, Walsh declared that such reason would fill the supreme bench with spineless men not holding personal opinions.

"Brandeis' real crime was exposing high places in the financial world," Walsh asserted. "He didn't stand in awe of the majesty of wealth. He favored social justice. It would be easy for a brilliant lawyer to conduct himself so as to escape calumny and vilification. He needs only to drift with the tide. If he never assaults the evil-doer who stands high, he won't have enemies."

Plans Now Being Made to Vote for Queen Candidate

ACTUAL BALLOTING FOR MISS SAILING WILL COMMENCE ON WEDNESDAY

Though Pendleton Saturday selected Miss Muriel Sailing as her candidate for Queen of the 1916 Rose Festival, actual balloting for her will not begin probably until Wednesday as the committees in charge have not yet perfected arrangements. A meeting of the Commercial association will be held tomorrow evening at which time final arrangements will be made.

The plan is to have various merchants issue voting coupons with their sales and a list of those issuing the coupons will be published. Coupons, too, may be purchased outright of Secretary Cranston at the rate of ten cents a hundred.

Great honor will come to the Queen of the 1916 Rose Festival and her maids of honor, for the tentative program for the June event now outlined calls for the appearance of the Queen and her party in all important functions and events.

The organization having the honor of selecting the queen will also choose a king to preside with the queen and this, with the twelve maids of honor, will complete the royal family.

The queen is to be crowned at the Festival Center the evening of June 5, preceding the opening of the Rose Festival June 7. On opening day she will be featured in the children's parade and in the afternoon will proceed to Multnomah Falls where she will be crowned "Queen of the Highway." The queen and maids will also have an important place in the Floral and the fraternal, military and civic parades as well as many of the features at the Festival Center.

Wheat Advances Six Cents in Chicago Pit Closing at \$1.20 1-8

Table with columns for Chicago prices by wire to H. W. Collins, Pendleton, and various wheat grades (Opening, Closing, May, July).

PHYSICIANS CHARGED WITH RESPONSIBILITY FOR DEATH

DRS. GOWAN AND VANDERPOOL MADE DEFENDANTS IN \$5000 DAMAGE SUIT

Charging Drs. G. R. Gowan of Milton and J. E. Vanderpool of Freewater with the responsibility for the death of his four year old son during an operation last April, Charles Von derahne of Weston, through his attorneys, H. I. Watts of Athena and Fee & Fee of this city, today filed suit against them for \$5000 damages.

He alleges that the boy was in perfect health but, at the suggestion of the physicians, underwent a minor operation. Against the will of the father, the complaint alleges, chloroform was administered as an anesthetic, causing the death of the child. Plaintiff alleges that the physicians did not use ordinary skill, did not examine the heart of the patient and failed to note accurately his condition during the process of administering the chloroform.

Old Road Association Opposes Bond Issue, Favors Millage Tax

Opposing the proposed \$980,000 bond issue for roads and proposing instead a special road tax of not more than two mills the "original" Umatilla County Good Roads association took action Saturday at a meeting in the rooms of the Commercial Association. All told the meeting passed three sets of resolutions. One of these was advisory to the county court and recommends more attention to road drainage and grading and a greater use of the split log drag. County Judge Marsh was present at the session and stated the county would furnish split log drags to all farmers

who will agree to make use of them on the roads.

Two of the resolutions adopted related to the bond issue and millage tax subjects. Resolution No. 1, submitted by Senator C. A. Barrett is as follows:

The Barrett Resolution. Whereas, There does not appear to be any considerable sentiment over the county for a bond issue for permanent road purposes; and Whereas, The submission to the people of such a measure at this time would probably result in the defeat of

CARRANZISTAS REPORTED WITH VILLISTA BAND

100 Constitutionalists Said to Have Been With Bandits Who Were Routed by Colonel Dodd.

PROBABLY WERE DESERTERS

Examples May be Made of Them if Captured; American Forces Believed to be Near Chihuahua City; Apache Scouts Will Join Forces That are Searching in Mountains.

WASHINGTON, April 3.—About 100 of Colonel Cannon's Carranzistas were among the Villistas that Dodd routed in the battle Wednesday. It was reliably stated. Admitting the likelihood that some desertions were occurring, officials refused to comment further than saying that the fate of the Carranzistas in the constitutionalist ranks. Officials believed the Americans have reached their hiding place.

SAN ANTONIO, April 2.—"I believe Villa has slipped his collar and crawled under a fence," Funston declared. The American forces are believed near Chihuahua City. Unreliable Mexican information has hampered them. The roads south of Casas Grandes are reported to have been improved. Five automobiles have established a courier service there. Twenty Apache scouts are going to the front next week.

HEADQUARTERS OF THE AMERICAN EXPEDITION, DUBLIN, MEXICO, APRIL 3.—Two aviators missing since Friday arrived here today. They were caught in a snowstorm 10 miles south of headquarters while flying from Nantiquipa. A Mexican farmer cared for them. The planes were undamaged.

Army men are betting even money that Villa will be killed or captured within 10 days. They believe the pursuit is reaching a climax. Large reinforcements, including infantry have marched south from both wings to cooperate with the central column. Villa was last reported traveling in a wagon in the mountains further south.

OLD GRAND JURY TAKES UP EVIDENCE IN CASES

MOST IMPORTANT TO COME UP IN CHARGE AGAINST W. O. MARRIN.

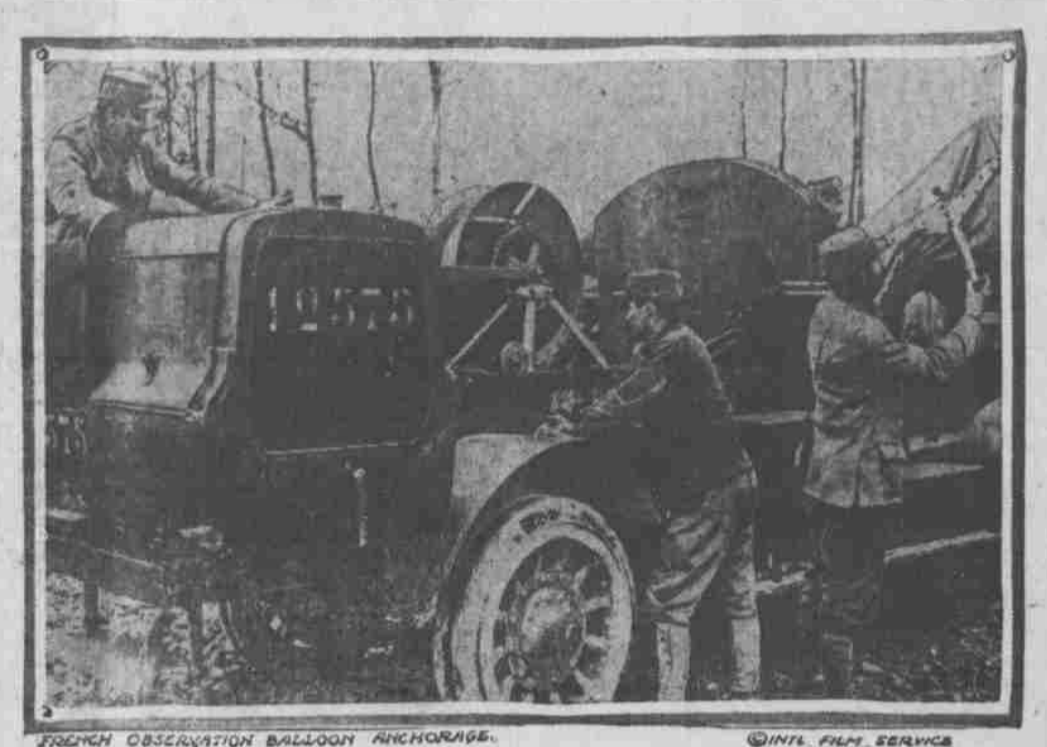

Preparatory to the April term of court which begins next Monday, the old grand jury went into session this morning to consider the evidence against a half dozen or more offenders held in jail or in bonds. The most important case up for consideration is that against W. O. "Whitey" Marrin, who is charged with being responsible for the death of Wendell Phillips who died from a gunshot wound here several months ago.

Other cases up include that against Louis Dorris and Gearhart Gorgea, charged with stealing sacks, Guy Hayes and Irene Bushman, charged with a statutory offense, John Miller, charged with forgery, J. B. Clark, charged with larceny from a store, and Powell and McKeehan, charged with burglary.

The grand jury is composed of Trajan Tucker, A. W. Simmons, L. J. McIntyre, Ike Christopherson, G. M. Morrison and T. G. Smith. The first report will probably be made this afternoon.

John McCourt, former U. S. district attorney, E. A. Johnson, deputy U. S. attorney, and Charles P. Pray, deputy marshal, are here for the term of federal court which opens tomorrow. They are at the Pendleton.

Receiving Station and Anchorage of French Observation Balloon, a Specially Constructed Motor Car

This oddly constructed motor car with its two bodies, one running at right angles to the other, controls and acts as an anchorage to a French observation balloon. As the balloon rises, a small trolley unwinds from a reel. The balloonist transcribes his observations, places them into a tubular contrivance which he clamps about the trolley and sends it down to the receiving station. At the right of the photograph, a French officer is seen in the act of removing from the tubular carrier the message sent down from the man making his observations.

Detailed Plans for Eugenic Test and Baby Parade Being Arranged by Parent-Teachers

Details in the plans for the eugenic test and baby parade to be held during the latter part of this month in Pendleton are being worked out daily by the local parent-teachers' association which is sponsor for the "better babies" event.

The eugenic test will be conducted in one of the churches on Thursday and Friday, April 26 and 27, and the baby parade will be on Saturday, April 22. Any baby in the county over the age of six months may be entered for scoring. While prizes will be given for the highest scoring baby of either sex and for the highest scoring girl baby and the highest scoring boy baby, other than the grand prize winner, the eugenic show will be a test rather than a contest. All mothers are asked to have their babies scored to ascertain wherein they are deficient and they may do so without encountering the objectionable features of a contest.

Mrs. Bailey of Portland, president of the parents' educational bureau founded by the Oregon Congress of Mothers, and incidentally the only bureau of its kind in the United States, and Mrs. George McMath, president of the Oregon Congress of Mothers, will be here to assist in conducting the show.

A registration bureau for entries in the eugenic contest and in the baby parade will be opened soon. Announcement will probably be made tomorrow. No fee will be charged for entrance and the show is to be county wide.

- Best decorated Shetland pony or vehicle drawn by Shetland pony. Largest family group under ten years marching or riding together. Best decorated doll car or buggy pushed by child under six. Same, the child between ages of six and ten. Best decorated tricycle with girl rider. Same, with boy rider. Best decorated two-wheeled sulky or go-cart. Most unique two-wheeled sulky or cart. Best decorated miniature float drawn by hand. A prize will be offered for the best pair of twins under three years and the best pair four years and over. Another prize will be offered for the best pair of colored twins and for the best Indian twins. First and second prizes will be offered for the Indian baby in the best decorated T-kaas. The prizes will be put up by the merchants of Pendleton.

Shackleton Back After Year in South Polar Regions

Lieut. Shackleton left England shortly after the start of the war, financed partly by a government appropriation and partly by subscriptions from wealthy persons interested in explorations near the south pole. The section of the expedition which he commanded set sail about a year ago in the ship Endurance from the island of South Georgia, east of Cape Horn. It was Shackleton's aim to cross the South Polar seas under the British flag and to survey the surrounding icefields to determine if possible whether the Andes Mountain range was continued to the pole. A second party set sail from Tasmania, on the other side of the Antarctic, planning to meet the Shackleton expedition in the Polar sea.

HOLLAND STANDS READY TO FIGHT IF NEED ARISES

Army is Mobilized in Case Any Nation Attempts to Violate Dutch Neutrality, it is Stated.

ALLIES DENY ANY WAR MOVE

British Foreign Office Says There is No Foundation to Rumor That Holland is Making Preparations to Resist March Across Country; All Officers Summoned.

LONDON, April 3.—The British foreign office informed the United Press today that there is no foundation for the rumor that Holland's warlike preparations are due to an allied threat of violating Dutch neutrality.

It was denied that the summoning of the Dutch parliament and the cancellation of furloughs resulted from any decision of the allied military conference at Paris. The Dutch minister of war hinted that some power suggested that Holland demobilize. He told the correspondents that Holland "must prepare to resist vigorously any danger at any moment. We must prepare to use our whole force at a moment's notice against violators of our neutrality. We have decided to reject the suggestion to demobilize even the smallest part of our army."

FREEWATER TAKES GAME FROM TOUCHET

FIRST GAME OF SEASON IN TRI-COUNTY LEAGUE ENDS 15 TO 7.

(East Oregonian Special.) MILTON-FREEWATER, Ore. April 3.—Freewater took the first baseball game of the season of the Tri-County League from Touchet by a score of 15 to 7, on the league diamond at Freewater. Bartholomew for the home team, was steady in all save the second inning, when the visitors slugged in four runs by the assistance of an error of two by the Freewaterites. Hansen Brothers for Touchet divided pitching honors, but their offerings were slammed to all corners of the lot. After the second inning the locals played a good defensive when in the field as only three scores scattered over seven innings indicates, and

Evidence Tends to Show That Torpedo Sank Liner Sussex

SITUATION AGAIN DESCRIBED AS CRITICAL; BERLIN'S NOTE AWAITED.

WASHINGTON, April 3.—President Wilson is rapidly accumulating evidence tending to indict Germany of recent submarine attacks on unarmed steamers in the English channel. New affidavits have been obtained. They have strengthened the administration's opinion that the Sussex was submerged.

The situation again was described as most serious. Tomorrow the cabinet will discuss the proof already received. It then may have definite word of Berlin's attitude on the new attacks. The suggestion that a submarine hit the Sussex for a British transport is Berlin's first admission of even the bare possibility of a torpedo having caused the explosion. London failed to confirm the claim that the Sussex was formerly a transport.

NEWS SUMMARY

General. British demand revenge for air raids. Carranzistas said to be with Villa's bandits. Holland is in war-like mood.

Local. William Slusher will run for county commissioner. Federal court opens tomorrow with Joe Craig on trial. Doctors sued for \$5000 for death of child.

Grand jury begins April session. Many prizes to be offered for eugenic test and baby parade. Balloting on Rose queen will begin Wednesday.
