### NO MORE BACKACHE NO MORE MISERY

Hundreds of people have been relieved of the agonies caused by weak, diseased or clogged-up kidneys by using Solvax, the new remedy that quickly reaches the source of all kidney complaints.

If you suffer with pains in your back and sides or have any signs of kidney or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Tallman & Co. the popular druggists, say that no medicine ought to be paid for unless it does the user some good. They therefore sell Solvax under a positive guarantee to quickly relieve the worst cases of kidney trouble or refund the money. Try Solvax today and if you cannot see and feel a decided change for the better just go to Tallman & Co. and tell them you want your money back and they will return it without question. This is the strongest argument that can be offered in behalf of any medicine.

A few handfuls of grass seed sowed now in the bare spots in your lawn will add greatly to its appearance later on. Perennials, plants, vines, trees and rose bushes should be planted now. Phone me your orders.

### STREETS OF MILTON BEING CLEANED OF MUD FROM BIG RAIN

WORK HAS BEEN COMPLETED NEARLY; SCRAPERS HAD TO BE USED.

Streets Will Have to be Re-laid; New Freewater Garage is Near Completion; Front of Golden Rule Store is Paired; Residents Will Move to California Soon.

(East Oregonian Special.)  
MILTON-FREEWATER, Ore., April 3.—Work has almost been completed cleaning off the surplus mud on Main street, and sidewalks, left by the heavy rain two weeks ago. It was necessary to use scrapers to gather the dirt in convenient piles for wagons to haul away. The mud appears to have absorbed practically all the oil placed on the streets last summer, and it has become so dusty that additional oil or sprinkling will be necessary right away. The surface of the streets which were properly crowned and provided with drainage ditches is unhurt, but where drainage was not provided the mud filled the streets from the crown to the sidewalks, in several places from six inches to a foot deep which will have to be removed.

Within a short time the new Freewater Garage will be ready to open, as the concrete walls have been poured and the forms are ready to be removed, and the remainder of the work will take only ten days or two weeks.

O. E. Smith and Beryl Samuel have completed painting the front of the Golden Rule Store which will open about April 10, in the room formerly occupied by the W. R. Anderson stock of hardware and stationery.

O. C. Ingie has shipped his household effects to Escondido, California, and expects to leave next Tuesday with his family for that place to make that place their permanent residence.

Clyde Turner who has been in Republic, Wash., for several months, arrived in Milton Friday morning for an indefinite stay.

Jim Welch of Pendleton was a Milton-Freewater visitor Saturday.

Commissioner H. M. Cockburn, superintending unloading a new road grader at the Traction Company's station at Milton Saturday.

### Mining Activity Noted.

GRANTS PASS, Ore., April 3.—That the Illinois Valley, 40 miles from Grants Pass, on the line of the California & Oregon Coast Railway, is to be the scene of the greatest activity of placer gold mining by means of gigantic dredgers in the northwest is evident from the great amount of land being prospected at the present time with the view to the installation of dredgers.

The Harris property near Takilma, embracing 250 acres or the richest placer lands in Josephine county at the mouth of Allen Gulch, a tributary of the east fork of the Illinois river, and a noted producer of placer gold in the early mining history of this county, has been optioned to a company of San Francisco capitalists who will at once undertake an extensive survey and prospect of the ground preliminary to the installation of a modern dredger.

### More Women Registering.

ALBANY, Ore., April 3.—Linn county women are registering more rapidly. Last week 651 voters registered in this county, making the largest week's registration since the books opened, and 232 of them were women. The total registration of Linn county thus far is 4928, and of this number 3175 are men and 1753 women. Republicans continue to lead the democrats almost two to one, with a registration of 2920 to 1549. CHILD HAS REMARKABLE ESCAPE FROM DEATH IN 25 FOOT FALL.

No Bones are Broken and Unless Complications Set in, He Will Recover; Boy is Nephew of Mrs. O. E. Steel of Nolin; Farmers Are at Work With Planting.

(East Oregonian Special.)

NOLIN, Ore., April 3.—Mrs. O. E. Steel was called Saturday to the bedside of her little 11 year old nephew, Lawrence Fraser at Umatilla, who fell 25 feet from a second story window of the Umatilla school house last Friday night while attending an entertainment.

At latest reports the little fellow had no bones broken and unless some complications set in a speedy recovery is expected.

The father of the boy, W. A. Fraser, is foreman of the Jones-Scott gravel pit at that place.

Miss Helen Gould, daughter of Perry Gould, a former Nolin resident, and later connected with the Union Meat Co., at Portland, but now a successful alfalfa farmer on Butter creek came over Saturday to personally apply for the North Toakum school.

Miss Gould is teaching her second year near Butter creek and comes highly recommended as a teacher from patrons of that district. J. C. Bowman, J. A. Hawks, Mr. and Mrs. R. S. Bixby attended the teachers' institute at Stanfield Saturday.

Thomas Kerr returned yesterday from Holdman where he is interested with his son in a wheat ranch.

Little Harry Shipley who was threatened with pneumonia a week ago, is up and about again.

Mrs. E. A. Hendricks is convalescing after a severe sick spell a week ago.

Mrs. C. C. Lane and Mrs. Chas. Jones are on the road to recovery after being sick.

Dr. F. R. Dora, Echo's only and reliable physician has been a frequent visitor to the sick and afflicted in our midst the past week.

Mr. and Mrs. Chas. Fanshier and D. W. Dupuis, North Toakum residents, were Nolin visitors Sunday.

Nolin residents are badly hampered by the wagon road bridge being in a dangerous condition.

The cross beams under the center of the bridge have rotted off at one end and are hanging loose.

People are crossing over with light rigs but take their lives in their own hands in so doing.

Beautiful weather prevails and farm work is being pressed along as rapidly as possible.

### Should Not Feel Discouraged.

They contain no poison or other digestive ferments but strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.—Adv.

### Violators Kill Ten Deer.

BAKER, Ore., April 3.—That ten deer are reported to have been killed within the past week in the Burnt river section is the statement of Assistant Game Warden Chapman, who is in Baker for a few days on official business. There is no motive apparent for the killing, as the animals, having passed through a hard winter, are useless for food. An investigation will be made at once.

Mr. Chapman made a trip of inspection on the sloughs of the Powder river and reports that an unusually large amount of catfishing is being done. He believes that the major portion of the anglers are without licenses, and this phase of the matter will be investigated at once.

### WAITING FOR MEXICAN UPRISING IN JUAREZ, ACROSS FROM EL PASO

American troops armed to prevent an uprising of Mexicans of Juarez against El Paso, which is just across the international bridge over the Rio Grande river, are on guard night and it was rumored the Mexicans were ready to cross the bridge.
