Jury in Indian Case is Out.
A verdict of guilty was returned at 3 o'clock.

The jury in the case of the government vs. Joe Craig and Rena Johnson, charged with adultery, went out at noon today and began considering the evidence after lunch. The prosecution closed early yesterday afternoon and the defense struck a snag early in its case in a ruling of Judge Bean. The defense was attempting to show that Rena Johnson had had several husbands after Milton George to whom she was married under the white man's law in 1902. However, Judge Bean ruled that she could not be divorced from Milton George save in the white man's courts. The defense was seeking to show that she had been divorced after the Indian custom. The defense tried to show later that the case had been brought at the instance of several Indians who have personal grievances against Craig.

SCALE SPRAYING IS ABOUT FINISHED AT MILTON-FREEWATER

INDICATIONS ARE THAT THE APPLE CROP WILL BE NEARLY NORMAL.

(East Oregonian, Special.)
MILTON-FREEWATER, Or., April 5.—First spraying for scale with lime-sulphur is largely completed in the Milton-Freewater neighborhood, estimates of the amount done running from 50 to 70 per cent. Fruit Inspector W. C. Hopson has been making especial efforts to get the fruit-growers of this section to prune and clean up so that the spray could really be effective, and indications at present are that the apple crop will be of good quality and about normal in quantity. It is not thought the cold weather injured the apple trees in the slightest.
