PREPAREDNESS

Whether or not you believe in preparedness in the sense that President Wilson advocates it, this much is certain: The earlier you prepare for Spring and Summer needs the better will be your opportunity to save money. There are sound reasons for this and they may possibly be of interest to you. We all know that prosperity is general throughout the country, this creates a great demand for goods. We know too that restricted imports from foreign countries lessen the supply and therefore cause advance in prices. We also know that dyes, the fast kind that you expect even in the cheapest fabrics, are either cut off from our manufacturers or command unheard-of prices.

All of us are bound to see the effects of this sooner or later but this will inform you that "Preparedness" has been for some time a real live issue in our store policy. It has resulted in filling our shelves with a line of most beautiful Spring goods that will carry prices unusually low. We urge you to come in at your first opportunity and make a selection while everything is fresh and in full assortment. Let this idea of "preparedness" take hold of you—plan and buy your Summer wear now. We dare say that before the season is over you will be able to look back upon such a decision with a great amount of pleasure and satisfaction for having saved money on your purchases.

WE ARE STRONGLY FEATURING KENSINGTON

Hats at \$3.50

Every new Stetson block is to be found in these hats. All the late shades, all sizes. The Kensington is positively the best \$3.50 hat on earth. It will give more wear, and look better longer than any other kind. Try one this Spring. Only \$3.50

THE ADVANCE CORSET STYLES ENRAPTURE OUR CUSTOMERS.

Charmingly fresh are the new fashion ideas expressed with such certainty in our display of this season's BON TON corsets. So perfectly do they accord with the latest style tendencies in dress, that one would almost fancy these brilliant models to be the work not alone of corset designers, but of modistes and costume creators.

From outward fabrics of lavish beauty to inner secrets of efficient boning the BON TON corsets we are showing are altogether quite miracles of style and service. Their exceptional fitting qualities foretell long wear and real economy. A score of distinctive models from \$3.50 up to \$10.00.

- Hundreds of pairs of low shoes. Every pair marked extremely low. Visit this money saving department.

Social Personal

The University of Idaho Glee Club made its first appearance in Pendleton last evening before an audience of rather small proportions at the Alta theater. It is not the best glee club that has been heard in Pendleton but certainly it has some features that recommend it.

The club numbers were very good though it was plainly apparent that the tenor section did not balance the base. A distinct departure from the usual run of glee club programs was the appearance of a lady among the young men. However, after her first number it was easy to understand why Miss Evelyn Cox had been brought along. She has a voice of unusual quality and sings with the ease of a bird. Her solo numbers were perhaps the most popular of the program and the singing of "Miserere" from "Il Trovatore" by her and Jean Gerlough, tenor, supported by the club, was one of the most ambitious things any glee club has ever attempted. Mr. Gerlough was also heard to advantage in two solo numbers.

The club also carries a violinist of extraordinary talent in Raymond Pittener and his selections were warmly received. Clarence F. Johnson, baritone, sang two pleasing solos and Harry Hawley added variety to the program by some very clever readings. The quartet selections were among the best of the evening.

The students left this morning for Baker and southern Idaho points.

The Girls' Forum meets on Friday evening of this week in the high school dining parlors. Mrs. Parson of the University of Oregon will address the girls on the "Valuation of English." The meeting will be called at 5:30 o'clock.

Pendleton people will be pleased to learn that Mr. and Mrs. James H. Sturgis (Miss Cecile Boyd) intend moving soon from Walla Walla to Pendleton. Mr. Sturgis having decided to make this city his headquarters.

An eight and a quarter pound daughter was born April 6 to Mr. and Mrs. Victor Glasiver, formerly of Pendleton and now located in Walla Walla. The child has been named Eliza, beth Caroline.

Clarence Carson of Hermiston is a Pendleton visitor. Miss Lillian Volp of Pilot Rock was the St. George Sunday.

A. E. Greiner was among the Echo fans here for the game Sunday. J. Frank Spinning, Echo merchant, was among the baseball fans here Sunday.

F. F. Francis, who lives on the north fork of McKay creek, was in the city yesterday.

George Welch of Hermiston and John C. Walters of Adams brought in coyote hides for bounty yesterday.

Mr. and Mrs. J. E. Mullin have returned from a trip to California towsa. They had been away for two weeks.

F. M. Moes of Pilot Rock and Elbert Casteel were among those accompanying the Pilot Rock team to Weston Sunday.

George Pearce, formerly of this city and who is now one of the editors of the Heppner Herald, was over yesterday from Morrow county.

A. E. Lambert, formerly of the old Commercial National Bank of this city, and now in the banking business in North Powder, is a visitor in Pendleton.

WORTH KNOWING.

Women are liable to ailments which cause constant ill-health and on which they may consult doctors without much relief. It is well worth knowing that they can get at the nearest drug store a simple medicine, made of roots and herbs, which is just what they need to recover health. That medicine is Lydia E. Pinkham's Vegetable Compound.—Adv.

Grainmen Protest Against Bonding

RESOLUTIONS, HOWEVER ENDOSE MILLAGE TAX PLAN FOR GOOD ROADS.

At a meeting of the Inland Grain Growers' Association held here Saturday, the following resolution was passed by the directors, and the president instructed to give copies of the resolution to the press with request that the same be published:

Resolved, That we, the directors of the Inland Grain Growers' Association of Umatilla county, respectfully and urgently protest against the proposed \$500,000 road bond issue, and urgently recommend the millage tax for the creation of a special road fund for the permanent improvement of the highways.

This association endorses the plan of the more permanent improvement of the roads, and believe the plan of constructing the improved roads leading from the wheat belt to the market centers, is the better plan; that the funds derived from the proposed bond issue, if used in conformity to the plan outlined, would in the greater part be used in the hard surfacing of a few miles of roads paralleling the railroads, and would be used principally for pleasure purposes.

This organization being a farmer's organization, we urgently urge the farmers to register, and to see that the full vote of the farming community comes out at the primaries and votes against the bond issue.

We warn voters not to neglect to vote upon this question at the primary election. The vote there is final

Report Finds No Need for Rise in Gasoline Prices

PRELIMINARY PROBE SHOWS LARGE SUPPLY OF PETROL IS ON HAND.

WASHINGTON, April 10.—The federal trade commission sent to the senate today a preliminary outline of its findings in the probe into the increasing price of gasoline. It contradicted the report that the available supply of petrol was decreasing. It was reported that there were more than a hundred million gallons of crude petroleum in February as against seventy million in the previous February. The department of justice will conduct the remainder of the probe. It will inquire into the capitalization, dividends, prices of the Standard Oil Company's stocks, whether higher prices were necessary to maintain a normal standard of profit and whether the state divisions of the Standard Oil have illegal relations, or are discriminating or stifling competition.

The production of gasoline in January, 1915, was seventy six million gallons and last December was ninety seven million gallons. Gasoline rose nearly five cents a gallon last year for the middle western refineries and five and a half for the eastern refineries. Crude oil rose nearly two cents in those districts. In western districts kerosene increased one and a quarter cents a gallon and less than a cent in the east, while fuel oil rose three quarters of a cent in the west and one cent in the east.

Defense Talk Use Dodo.

CHICAGO, April 11.—A wood and paper mache figure of a dodo, emblem of defenseless, carried on a ponderous motortruck, was drawn through the downtown streets of Chicago.

It was the answer of preparedness advocates to a demonstration of last Saturday, when a huge figure of a dinosaur labeled "all armor and no brains," was paraded through the streets by anti-preparedness forces.

Oil Treatment for Stomach Trouble

A simple prescription made up of a combination of pure vegetable oils is producing wonderful results for sufferers from stomach, liver and intestinal troubles. The remedy, which is said to have originated in France, where it has been used for years by the peasantry, was introduced into this country by George H. Mayr, a leading Chicago druggist, who cured himself of severe stomach, liver and intestinal troubles by its use. Those who have used it say the first dose is sufficient to convince any one of its remarkable merit, and that within twenty-four hours the sufferer feels like a new person. This medicine, which has become known as Mayr's Wonderful Remedy, is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

His Back Hurt When He Stoopd

"Just the one box of Foley Kidney Pills relieved my backache."—J. W. Etris, Luis, Ga. "Last year I was suffering with a terrible backache," writes J. W. Etris of Etris, Ga. "Every time I'd lean or stoop over or to one side, I'd have a painful catch in my back just over my kidneys. I tried medicines with no good results. I bought a bottle of Foley Kidney Pills, and just the one box entirely relieved my backache. It has been some time since I took them, so I think I am well." "Weakened, overworked, stopped-up kidneys cause stiff joints, sore muscles, rheumatism, sleep disturbing bladder ailments, biliousness and various other ills. Foley Kidney Pills are a scientific medicine, compounded to clear the kidneys and restore them to healthy action by dissolving and driving out of the system the waste products and poisons that cause kidney trouble and bladder ailments. You will like their tonic and restorative action, ready effect and quick good results." Sold Everywhere.

MORTGAGE ON HOT LAKE HAS BEEN FORECLOSED

LA GRANDE, Ore., April 11.—In the circuit court bondholders of the Hot Lake properties, represented by F. L. Myers, of this city, got a decree foreclosing the trust deed or mortgage on the institution upon which the bonds were floated, after it had been stipulated that the claims of the

Clarke-Woodard Drug Co., of Portland, should be transferred from the lands and properties of the company to the funds represented by the property. Prior to the institution of the suit to foreclose, the Clarke-Woodard Drug Co. got a judgment of some size against the company and then brought a suit to subject certain property to sale upon its judgment. The bondholders claimed that the property,

though acquired after the mortgage, was covered by the mortgage, nevertheless, and it was this claim of the drug company and the litigation arising out of this situation, which seemed to cause the agreement by which the foreclosure proceedings may proceed and the other claims disposed of later.

R. G. E. Cornish of Portland, and Cochran & Eberhard of this city, represented the holders of the judgment and Crawford & Ezon, of this city, the bond holders. By this arrangement, the property may be sold by the sheriff, and in about five weeks the purchasers at the sale, who doubtless will be the bondholders themselves, may get entire possession of the property. The big bone of contention thus far has been over possession.
