TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS.

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not stylish, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and lustrant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

TAKE SALTS TO FLUSH KIDNEYS

EAT LESS MEAT IF YOU FEEL BACKACHE OR HAVE HEAD-ACHE TROUBLE.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, diziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste, get about four ounces of Jad Salts from any pharmacy; take a tablespoon in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Booth to Inspect Meats Opened

Health Board of Portland to Have Charge of Work

PORTLAND, Ore., April 12.—Under direction of the board of health the first booth for the inspection of country killed meats has been opened at East Seventy-ninth and Stark streets in Montavilla.

According to official announcement made by Dr. E. E. Chase, head of the meat inspection of the city, it is expected that a very considerable number of farmers and dealers will be accommodated by the establishment of this central inspection place. Farmers in the vicinity of Troutdale, Fairview, Gresham as well as along the Sandy, Base Line, Powell Valley, and Foster roads, will have their meats inspected at this place. Inspection will be carried on three days each week—Monday, Wednesday and Friday, while the hours for inspection will be from 8:50 to 11:30 a. m.

- The following rules for the killing, marketing, and handling of country killed stuff have been given out by the bureau of health:
- 1—Animals should be slaughtered the evening previous to the day of delivery.
 - 2—No animal shall be slaughtered while heated or after being driven any great distance.
 - 3—Pure water only shall be used in washing the killed animals.
 - 4—All carcasses must be inspected and passed before being sold.
 - 5—The following organs shall be naturally attached to each animal: Calves, sheep and goats—livers and kidneys attached. Hogs—kidneys and body lymphatic glands. Beef—liver.
 - 6—Veal under 60 pounds or less than six weeks of age should not be slaughtered. All veal should be in a well nourished condition.
 - 7—All wagons and other conveyances in which meat is handled must be clean and the bottom must be covered with clean burlap, clean straw or other suitable covering. All carcasses or portions of the same must be covered with clean burlap.

Light Cattle Are Sought But Heavy Stuff Neglected

PORTLAND, Ore., April 12.—There was a mixed load of stuff from a Columbia river point, but remaining small arrivals at North Portland overnight were from the Willamette valley.

Hogs are showing a steady tone, but there is practically no change in the price.

Choice light weights	8.00
Good light weights	8.50 @ 8.90
Medium weights	8.50 @ 8.75
Rough and heavy	8.00 @ 8.25

Good Cattle Sought.

There remains a good tone for light and medium weight cattle at former prices, but depression is still shown in the call for heavy stuff at North Portland. Receipts over night were light, but there was nothing available to give extreme quotations a test.

Choice pulp-fed steers	\$8.75 @ 9.00
Choice grain-fed steers	8.45 @ 8.50
Ordinary grain fed steers	8.25 @ 8.40
Choice hay fed steers	8.25 @ 8.50
Good steers	7.50 @ 8.00
Ordinary to common steers	6.00 @ 7.00
Choice cows	7.50

Choice bulls	8.00 @ 8.50

Ordinary to common bulls	2.00 @ 2.75
Best light calves	8.00

Sharp Losses Felt in the Stock List

NEW YORK, April 12.—Steel, copper and other metals held up the market, which started to show a weakening tendency shortly after the opening. All of the rails except Baltimore & Ohio opened barely above the close and lost between 1 and 2 points during the first hour's trading. Later it became apparent that the market probably would strengthen.

Credible advanced a point and a fraction during the initial deals and United States Steel held firm. The industrials were steady. In the specialties, Industrial Alcohol lost 2 full points during the early trading.

Good calves 7.00 @ 7.50
Small run of Valley Mutton.
There was a small run of Willamette valley mutton in the yards over night, but no change is shown either in general prices or in conditions.

Receipts are insufficient and good quality so generally lacking that it is hard to test the market.

General mutton and lamb range:

Choice weight yearlings	10.00
Good to common yearlings	9.00 @ 9.50
Best old wethers	8.75
Good to common wethers	8.50 @ 8.75

MAN CONFESSES TO CRIME THAT HE NEVER COMMITTED

LOS ANGELES, April 11.—James Moran, alias Arthur Magree, did not take part in the robbery of a United States mail truck in New York last February, as he has "confessed" to authorities here and at San Diego, according to local police officers who stated that Moran was in San Quentin penitentiary at the time the robbery was committed.

An investigation of the prison records was made by officers who said later that these show Moran was released from the state prison March 25 this year, after serving a five year term from San Diego for grand larceny.
