### Vote on Bonds Only Once.

It has become known that many people have the erroneous impression that the road bond issue in this county is to be voted upon twice, once at the primary election and again at the general election in November. On the contrary the whole matter will be decided at the primary election. Under the bonding law in this state a bond election may be held at any time if proper petitions are circulated and signed. In the present instance the date of the bond election is made coincident with the primary election as a matter of convenience. In reality the subject has no relation to the primary election and the voting will

be to decide the fate of the move, not merely to place the subject on the ballot in November.

### Judgment Given Plaintiff.

In the case of George W. Haw vs. J. C. Hoskins, which was before the circuit court yesterday afternoon, judgment was given the plaintiff for \$800 and \$50 attorney fees.

### Must Elect Precinct Committees.

In addition to the various state, county and district officers, the voters at the coming primaries must elect precinct committees for the republican and democratic county central committees. There are 64 precincts in the county and each precinct is entitled to be represented upon the two committees. Preparations are now being made for placing candidates' names on the ballots.

### Frank Perham Dies.

The body will be buried there. Mr. Perham formerly worked for Lee Teutch and for the Alexander department store in this city and had many friends here. He was a member of Integrity Lodge.

### Parkes Files For Justice.

Justice of the Peace Joe H. Parkes this afternoon filed his notice of candidacy to succeed himself on the republican ticket. Though he believes that the recent law, increasing the terms of all judges to six years applies to justices of the peace, he will make no fight but rather run for reelection. No other candidate for the position has yet filed.

### Optimism in Canada.

Conditions point to a big crop in Canada this year, according to John Vert who has just returned from a visit to his farm lands in Alberta. Seeding is just now starting, he says, and weather conditions have been very favorable for this work. He found enthusiasm among the land holders of Canada and a spirit of optimism as far as the European war is concerned. Prohibition will go into effect July 1 and, while, in his opinion, this will put some of the smaller inns and hotels out of business, it will ultimately act for the benefit of the country.

### Only Half of Voters Registered.

With but six more days for registration only about one-half of the voters in the county have registered and every effort is being made to cause the remainder to register while there is yet time. Here in Pendleton a registration desk has been opened in the Kopper Kettle so that it will not be necessary for voters to walk to the court house. The total registration up until this week was 5224 of which 2227 were Republicans and 1892 democrats with the remainder scattering. The total registration for last week

Sinnot states that he has been fighting consistently for the Chamberlain bill providing that 40 per cent of the money from the O. & C. grant lands go into the irrevocable school fund of the state. In the face of the recommendation of Secretary of Agriculture Houston that no division be made and of Secretary of Interior Lane, he states that he could not prevent the sub-committee from reducing the percentage from 40 to 10. In the whole committee he states, he succeeded in getting the amount raised to 20 per cent and declares he will continue his fight on the floor of the house to have the full 40 per cent allowed.

### GIRL IN HOSPITAL FINDS FIANCE ILL.

SWEETHEARTS, IGNORANT OF OTHER'S PRESENCE, BATTLE WITH DEATH

LA GRANDE, Ore., April 12.—For nearly two weeks Miss Lanlus of Union, and L. W. Estes of Enterprise, lay in adjoining rooms of the local hospital critically ill and neither knew of the other's presence. In her delirious moments she cried for her sweetheart's sympathies, and her appeals were echoed from the next room by Mr. Estes' pleading for his fiancée. The girl grew steadily better till one day she addressed a letter to her "pal" whom she expected to marry this summer. The nurses let the letter proceed to Enterprise, but it was returned to the same building from which it came.

Mr. Estes is still in a critical condition, and although the girl was told he is very low his condition doesn't warrant the information that his sweetheart lies next door, apparently through the crisis of an appendicitis attack that nearly cost her life.

Storie and Mrs. Will Wyrick.
