PRETTY WEDDING IS CULMINATION OF A ROMANCE OF YEARS

MARRIAGE AT MILTON OF POP-
ULAR COUPLE TAKES PLACE
ON TUESDAY.

Young Folks Met While at School; Will Make Their Home at Fremont, Ore., Where Groom Takes Up Homestead; Marshal to Get Stop Watch to Use on auto speeders.

(East Oregonian Special.)
MILTON-FREEWATER, Ore., April 12.—Promptly at 1:30 Tuesday afternoon, April 12, Miss Mina Wilcox became the bride of Roy Mitchell, and the happy couple left on the 2:15 train for Portland en route to their home at Fremont, Oregon, near Bend, where the groom has taken up a homestead. The ceremony was read by Rev. Arthur Thomas of the Methodist church, Milton, and only a very few friends were present, outside of the immediate family.

The wedding occurred at the home of the bride's parents at Crockett on the car line, about four miles from Freewater. The rooms were tastefully decorated in carnations and cherry blossoms. The wedding is the outcome of a romance which started when Mrs. Mitchell was attending Washington State College at Pullman, Washington, and the groom was a student at the University of Idaho, about three years ago. They met at one of the many delightful functions where students from both schools gathered.

Mrs. Mitchell is the daughter of F. E. Wilcox, for 17 years postmaster at Milton, who retired from that position last year, and is now engaged in the real estate business in Walla Walla and living on his beautiful country place.

County Superintendent J. E. Young and James M. Kyle of Stanfield were Milton-Freewater visitors Monday in the interests of their campaigns for office.

George Cowi and Gus Winkler left Monday for a fishing trip up the Walla Walla river, to be gone several days.

Spellers of District No. 31 will be chosen Friday afternoon in a match to determine the best from the three schools at Milton and Freewater, who will compete in the county spelling match in May.

Hercules Lodge Knights of Pythias will hold their first meeting tonight in the hall purchased from J. B. Frazier last week and intend to have a quiet celebration and housewarming.

Funeral services for Fred Lance, who was killed in an automobile accident at Freewater, last Sunday evening, were held from the Federated church at Freewater Tuesday afternoon at 2 o'clock, Rev. E. W. Warrington officiating. Classmates from the school were pallbearers. Interment was in the I. O. F. cemetery.

J. F. Slover made a business trip to Weston Tuesday, to attend a directors' meeting of the Weston Mercantile company, in which he is a heavy stockholder.

J. N. and L. R. D. York, farmers of the Dry creek neighborhood were Milton-Freewater visitors Tuesday.

Miss Flossie Bartlett, who has been quite ill since the removal of her tonsils by operation a week or so ago, is able to attend to her usual work in Walla Walla this week.

At its second meeting Monday night the city council took steps to secure

Home Celebration of Wonder Interest

The arrival of a baby in the household completely changes the entire aspect of the future. But in the meantime, during the anxious period of expectation, the mother is a splendid remedy known as "Mother's Friend" that does wonders. It is for external use, relieves the pain of muscle expansion, soothes and quiets the nerves, extends its influence to the internal organs and removes to a great extent the tendency to worry and apprehension. It is a natural treatment, safe for the mother, has no drug effect whatever and for this reason most exert a successful influence upon those functions directly connected with motherhood. In a very interesting book the subject is fully discussed and a copy will be mailed free to all expectant mothers by Bradfield Regulator Co., 408 Lamar Bldg., Atlanta, Ga. Get a bottle of "Mother's Friend" today of any druggist. Use as directed and you will then know why mothers for nearly half a century have used and recommended this splendid aid to motherhood. Their letters are messages of cheer, that breathe comfort in every word.

NEW YORK, April 12.—Lawrence Copley Thaw, 17, a half nephew of Harry K. Thaw, has just had his income increased to \$25,000 a year by the surrogate's court, and is planning a life of work.

"Don't you consider \$25,000 a year pretty extravagant for living expenses?" he was asked.

"No, I am not extravagant," answered Mr. Thaw. "I've always been quite a tightwad, at least they tell me I am."

"Just now I am preparing for Columbia, where I intend studying law," he explained amiably. "No, my income will not deter me from practicing. I regard it merely as a means toward preparing me for a useful career," and he coughed discretely.

"Do you really think it will cost you \$25,000 a year to live?"

"I can't tell until I've tried a model month," Thaw replied. "I hope it won't, because I would like to save part of it if possible."

"Well, what would you do if you didn't have this income?" the reporter asked.

"What would anyone else do?" asked Thaw. "I look pretty healthy, don't I? I'm not afraid of work. But I don't like the idea of being called a 'model boy.' I think it implies that one is more or less effeminate, and thank heaven, I've never been accused of that."

"I am a follower of all sorts of athletics, and although I am not particularly adept in any special branch, I am fond of them and admire those who participate in them."

Young Thaw is an ardent motorist and spends much of his time driving his powered car.

Mrs. T. Neustetter, Eau Claire, Wis., writes: "Foley's Honey and Tar Compound cured my boy of a very severe attack of croup after other remedies had failed. Our milkman cured his children of whooping cough. I recommend it to every one, as we know from our own experience that it is a wonderful remedy for coughs, colds, croup and whooping cough."

Mrs. D. Gilkeson, Youngstown, O., writes: "My little girl had a severe cold and coughed almost continually. I tried lots of cough remedies, but she didn't get any better. My sister recommended Foley's Honey and Tar Compound to me. The first dose I gave her relieved the inflammation in her throat, and after using one bottle the cough left her."

This sterling old remedy has been in use for years and is just as efficient for adults as for children. It gives relief for irritated and tickling throat, tight and sore chest, gripe and bronchial coughs.

a split second stop watch for the marshal, and his instructions will be to enforce the speeding ordinance until it is properly observed. There have been several accidents in and near Milton in the last two months, two of them fatal, that although not due to speeding, show that extreme care is necessary, and motorists will likely draw a good stiff fine if caught going over the prescribed rate per hour.

18 POUNDS OF BLOOD

Is the average quantity in a healthy adult, but it is the quality of the blood that determines our strength to resist sickness. With weak blood we find cold hands and chilly feet; in children an aversion to study, and in adults rheumatic tendencies.

In changing seasons get abundant fresh air and take a spoonful of Scott's Emulsion after meals, because Scott's Emulsion is a rich blood-food that will increase both quantity and quality of the blood while it warms the body and helps carry off the impurities.

When multitudes of people are to-day taking Scott's Emulsion to avert winter sickness, and are giving it to their children, it is careless to neglect its benefits. Look out for substitutes.
