Oats Short in Willamette Valley

Condition Being Felt in Trade at Many Other Points

PORTLAND, Ore., April 22.—All grain exchanges of the country, as well as all stock markets, were closed yesterday on account of Good Friday.

While there was no session of the Portland Merchants Exchange for the day, the feeling in the local trade is that the oats market will soon begin to show its real position. Private advice to the Journal indicate that not only has the Willamette valley practically no oats to offer to the Portland market at this time, but within a short time will find itself compelled to purchase for its own requirements. This is due to the fact that on account of the slowness of the oats trade some months ago and the lower prices indicated then, many farmers had their oats chopped for feed, therefore the home consumption has taken a much greater per cent of the crop than normal.

On the other hand, holdings of oats in the interior are very much less than some interests would make themselves believe. While there are fair stocks still held in the country east of the mountains, stocks are no greater than requirements. It is an open

question if the government oats contracts should be let to this city whether it could be filled without forcing a bulge of about \$5 a ton in the price. This is in itself would indicate that holdings are not heavy.

A similar condition is showing in barley at interior points.

Flour—Selling price: Patent, \$5.20; Willamette valley, \$4.90; local straight \$4.60@5.00; bakers' local \$4.60@5.20; Montana spring wheat, \$6.10; exports, \$4.50@4.70; whole wheat, \$4.65; graham, \$5.40; rye flour, \$5.95 per barrel.

Hay—Buying prices Willamette valley timothy, fancy, \$20.00; eastern Oregon-Idaho fancy timothy, \$21@22; alfalfa, \$11@12; vetch and oats, \$18; clover, \$16.

Grain Sacks—1914 nominal No. 1 Calcutta, 12 1-2@13 5-8 in car lots; less amounts are higher.

Millstuffs—Selling price, carload lots: Bran, \$23; shorts, \$25.

Rolled Oats—\$4.50@6.75 per barrel.

Rolled Barley—\$21.50@22.50 per ton.

Chiefly for use on aeroplanes is a device invented by an Englishman for taking up slack in wires automatically and keeping them taut.

Selected Hogs are Sold at a Premium in Portland Yards

EASTERN OREGON EXPERIMENTAL STATION GETS MORE THAN MARKET.

PORTLAND, Ore., April 22.—There was quite a liberal run of hogs reported in the North Portland market over night, but the trend of the trade was healthy. While a liberal premium over the general market was paid for some extra fine stuff from the eastern Oregon experimental station at Union, and one load of good stuff went to a killer at \$9.10, the general stop for good stuff remains at \$9. At least this is what the big buyers were bidding. The smaller fellows are always forced to pay more than the big fellows when they need supplies.

General hog market:

Choice light weights\$9.00@9.10
Good light weights8.50@8.90
Medium weights8.50@8.75
Rough and heavy8.00@8.25

Cattle Remain Weak.

While there were no cattle available with which to thoroughly test sentiment in this branch of the local trade, the general undertone of the market at North Portland is inclined to weakness. Similar condition has been shown on Puget sound. At least extreme quality Montana steers have recently sold there at a nickel below

the extreme prices offered and paid here.

General cattle market range:

Choice pulp fed steers8.75
Choice grain fed steers8.25@8.60
Ordinary grain fed steers8.25@8.40
Choice hay fed steers8.25@8.50
Good steers7.50@8.00
Ordinary to common steers6.00@7.00
Choice cows7.50@7.75
Ordinary to common cows7.25@7.35
Choice heifers7.50@7.75
Ordinary to good heifers7.00@7.25
Choice bulls5.50@6.00
Good to fair bulls4.00@5.00
Ordinary to common bulls2.00@2.75
Best light calves8.00
Good calves7.00@7.50

Mutton Firm but Nominal.

With only a nominal supply of mutton available in the local yards recently, trade in this branch of the North Portland market continues on a nominal basis, although seemingly the market is firm.

There has not been sufficient stuff available here of late to tell exactly what the market is.

General mutton and lamb range:

Spring lambs\$10.00@11.00
Choice weight yearlings10.00
Good to common yearlings7.50@7.75
Best old wethers8.75
Good to common wethers8.00@8.25
Choice to light ewes7.75@8.25
Good to common ewes7.00@7.50

Mr. and Mrs. L. L. Liewallen and daughters Doris and Dena and Mr. and Mrs. Harvey Roseberry motored to Pendleton to attend the show Wednesday.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, aching headache; or, if you meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood causing disease, while the bowel pores do.

The principle of bathing inside is not new, as missions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

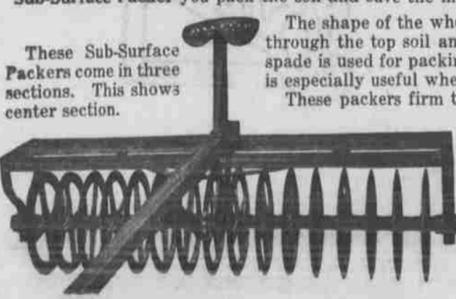

McClintock & Simpson

Pendleton's New and Firmly Established Farm Machinery House, are Agents for

The Famous Implement

SUB-SURFACE PACKERS--READ THIS!

There is an unprecedented amount of moisture in the ground right now. Why not save it? How valuable it will be when you seed next Fall. If you plow and leave the soil honey-combed with air spaces, the moisture is sure to evaporate fast. With this Sub-Surface Packer you pack the soil and save the moisture below the surface.

The shape of the wheels allows this packer to cut through the top soil and pack that below much as a spade is used for packing the dirt around a fence post. It is especially useful where dry farming is practiced.

These packers firm the soil better than a disc harrow and leave the surface corrugated and rough so that the soil will not blow badly. If the newly plowed furrows are allowed to remain as left by the plow for any great length of time, particularly during hot, windy weather, a large amount of moisture will evaporate. For this reason the plow should be followed closely by the soil packer. In fact every day's plowing should be packed before night. A LOOSE SEED BED DESTROYS MORE GRAIN IN THE NORTHWEST THAN DRAUGHT. You, perhaps, have noticed that wheat or other grain will often grow higher at the ends of the field where the horses have packed the soil when turning. Wagon tracks can often be traced in a field for the same reason.

Made either in rigid frame or with three gangs and flexible frames.

We are winning the confidence of Umatilla Co. farmers by giving every buyer a square deal. Every machine guaranteed to be as represented or your money cheerfully refunded. A trial of our implements cordially invited. We expect your continued patronage solely upon merit alone. Complete line of extras carried in stock for all machinery.

CALL AND SEE THESE PACKERS.

PENDLETON BUCKAROOS TO PLAY AT WESTON SUNDAY

LOCALS EXPECT TO REPEAT TOMORROW THE VICTORY OF LAST WEEK.

Tomorrow the Pendleton Buckaroos will go to Weston to cross bats again with the Mountaineers. Last Sunday they defeated this bunch in the ninth inning after an extremely tight and interesting game of ball. They expect to repeat tomorrow on the Weston home grounds, but Weston likewise entertains strong hopes and much confidence of evening up scores.

McGarrigle and Brill will probably oppose each other on the mound again and, if they work according to the form they showed last Sunday, the battle will be another gunners' duel.

Though Pilot Rock was scheduled to play in Echo tomorrow, the game has been switched to Pilot Rock on
