BOILS AND PIMPLES DANGEROUS

S. S. S. Your Remedy.

Modern science has proven that boils and carbuncles, pimples and unsightly skin blotches, are signals of diseased blood. Scaly skin and itching of the scalp, are aggravated by bad blood—it's the infected blood that's dangerous. Don't wait for the boils. If you have pimples and blotches, take instant action. Pimples tell you that your blood is filled with impurities. You must wash out your blood and stimulate it to healthy action with Nature's own blood tonic, S. S. S. It is the standard blood purifier of the world. Don't use drugs, ointments, salves. S. S. S. reaches the blood, drives out the impurities. It makes healthy perspiration—the poison is literally sweated out through the skin. Boils, blotches, eczema and the Scrofula indications disappear. It does what salves and lotions can never do—it goes to the root of the trouble by reaching the blood. Your skin becomes clear and you soon feel the vigor of perfect health. S. S. S. is purely vegetable. You can get it any drugist's. Write for book of facts, "What the Mirror Tells." If yours is a long standing case, write for expert advice to S. S. S. Co., Atlanta, Ga.

(East Oregonian Special.)
UKIAH, April 24.—Mr. Emigh of La Grande, and brother of Ward Emigh, proprietor of the Ukiah creamery, is in Ukiah to consult with the proprietor of the lumber yards and the carpenters concerning the new creamery which is to be built in the near future near where the old creamery was burned down less than a year ago.

Mr. Emigh solicits the patronage of all old customers and expects to give better service than ever before. Mr. Cunningham, the new creamery man expects his wife to join him here soon and Ukiah and vicinity extends to them a hearty welcome, and hope they will continue to make their home here.

The first baseball game of the season was played here last Sunday and a good, lively game was reported.

The public square which stands in the heart of Ukiah, is being cleared up, which adds greatly to the appearance of the town.

Jess Oakley and wife and Lowell Ganger and wife of Hildaway, were in town Thursday on business.

Tuesday was a cold, blustering day, with snow and hail alternately. And about 4 o'clock in the afternoon while snowing hard there was a heavy peal of thunder and the next days the next came to town that lightning killed two calves for Clyde Helmick on Bridge creek in less than fifty yards of the house. Friday morning the prairie was again covered with a mantle of snow and the weather is cold and disagreeable.

A move is on foot to grade Camas street from the foot of the school house hill, south to the blacksmith shop. All hitching racks have been moved from the two main streets to side streets which give those streets a much better appearance.

WOULD PUT AMERICANS IN PRISON CAMP

EL PASO, April 22.—Arrivals from Torreon reported that General Trevino proposed to the British consul Monday that Americans be interned in prison camps. The stories were unconfirmed. With a revolver a Carranzista officer prevented a mob from attacking the American consulate at Durango, it was declared. It was reported that peace negotiations between the Carranzistas and Villistas were started. During the demonstration, Consul Coen and eight Americans took refuge with friendly Mexicans.

Cocoon planting is rapidly coming into prominence as a stable rather than a subsidiary industry throughout British North Borneo.

Splendid for Rheumatism.

"I think Chamberlain's Liniment is just splendid for rheumatism," writes Mrs. Dunburgh, Eldridge, N. Y. "It has been used by myself and other members of my family three and time again during the past six years and has always given the best of satisfaction." The quick relief from pain which Chamberlain's Liniment affords is alone worth many times the cost. Obtainable everywhere.—Adv.
