PEOPLE OF ERIN AS WHOLE STAND BEHIND ENGLAND

Their Loyalty to the Government Results in the Collapse of the Revolt at Dublin.

SINN FEINS DISHEARTENED

Troops Are in Pursuit of the Rebels and More Fighting May Take Place; Quiet Is Reported Today and Situation Said to Be Well in Hand; Birrell Attacked.

BULLETIN.

LONDON, April 27.—An Ireland is under martial law, Asquith announced. He said the situation was still serious as the rebels continue to hold important public buildings in Dublin. There were indications that the disorder was spreading to western Ireland. Street fighting continues in Dublin.

Asquith's statement came like a thunderbolt in the midst of reports indicating that the rebellion had collapsed.

It is understood that the government is hurrying more troops to Ireland. This report indicated that the rebellion is spreading to Limerick, Tipperary, Clare and Connaught. Sinn Fein organizers have been active there for weeks.

After Asquith's statement, Carson and Redmond joined in declarations of supporting the government. Redmond said: "In behalf of my colleagues and the majority of the Irish people, I wish to express cordial detestations of the acts of the Dublin rioters. I heartily join with Carson in the hope that no political party will take advantage of the situation."

He was wittily applauded.

LONDON, April 27.—The loyalty of the Irish nationalists and the Irish masses has resulted in the collapse of the revolt in Dublin. The situation was comparatively quiet today, it was officially announced. More fighting is possible while government troops are pursuing the rebels. The arrival of the soldiers apparently has disheartened the Sinn Feins, who lacked military guns.

London newspapers fiercely attacked Augustine Birrell and Lord Wimbourne whose irresolution was said to be responsible for the uprising. The Express demanded that Kitchener be made lord lieutenant.

The censor permitted dispatches from Ireland today. One stated that Sir Roger Casement had landed on the shores of Tralee bay, south of the River Shannon. Agents arrested him and a companion immediately. A third man escaped.

A submarine and a German auxiliary cruiser loaded with arms and ammunition, crept out of the Kiel canal and rounded the British Isles north of the Scottish coast. A patrolboat halted the auxiliary, which showed regular Dutch papers and was allowed to proceed. Another patrolboat fired a shot across the auxiliary's bows the next day. The patrol ordered the auxiliary to go to Queenstown. The submarine, carrying Casement, followed, submerged. The auxiliary steamed southward for hours but seeing no change to elude the patrolboat, the captain blew up his vessel. The crew was captured.

Many Offer Help in Campaign for Festival Queen

INTEREST GROWING IN CANDIDACY OF MISS SALLING FOR ROSE FESTIVAL.

As the campaign for the election of a queen of the Rose Festival becomes warmer, interest in the candidacy of Miss Muriel Salling of Pendleton continues to grow and new support is being extended every day.

This morning Charles Keen, who has organized a new orchestra in the city, announced that he would open up the Eagle-Woodman hall Saturday evening for a weekly series of parties and that he would give half of the net proceeds of the first dance to the local campaign fund.

George Hill, proprietor of The Delta, has set next Tuesday as the date of his benefit for Miss Salling. He will give half of the receipts during the afternoon and evening to Miss Salling for the purchase of votes. Sawyer's orchestra has agreed to furnish five pieces for music during the evening for the pleasure of the dancers. The Civic Club yesterday endorsed Miss Salling and purchased 10,000

It was stated that a German submarine torpedoed a British cruiser of the Arthesusa type. The Germans claimed to have captured a portion of a British trench near Civeyry and repulsed counter attacks.

TROOPERS PRESS FORWARD AFTER VILLA OUTLAWS

Another Battle Hourly Expected as Colonel Dodd is Believed Few Miles Behind Bandits.

TURNING MOVEMENT BEGUN

Efforts Being Made to Surround Fleeing Villistas; Oregon and Scott Will Meet Soon to Discuss Future of Mexican Operations; Meeting Place Unknown.

EL PASO, April 27.—Another battle with Villistas was expected hourly today. Briefly halting at Minaca for supplies and horses, Dodd resumed the chase. Other detachments are attempting to surround the bandits.

Troopers Press Forward. Several hundred picked men, far below Nampulpa and Dublin are continuing the chase after Villa. Aviator Willis thought that Villa was between Minaca and Satevo.

According to Mexicans, Oregon will demand that Scott name a date for the withdrawal of the American troops from Mexico. Irrespective of whether Villa is captured. He also will demand that the Americans agree not to seize the railroads and not to reinforce the expedition. Indications are that the two sides are coming to the conference with different viewpoints. Scott seeks a final solution of the entire Villista question. It was expected that Oregon will claim that the Carranzistas are capable of handling the problem unaided, arguing that the presence of the Americans may result in clashes with citizens. The selection of a meeting place awaits the arrival of Oregon.

Motor Train is Ambushed. Two Mexicans, wounded in the attack on a motor train near Satevo, were captured, drivers reported. Twenty Mexicans ambushed the train in the night. The guards, firing behind the wheels, repulsed them after a hot exchange.

Killed Trying to Escape. COLUMBUS, April 27.—Four Mexican prisoners at Casas Grandes were reported killed while attempting to escape. Scores of captured Villistas are detained along the lines of communication. Valuable information has been obtained from them. Several Americans whom snipers wounded arrived here enroute to El Paso.

Leave to Meet Oregon. SAN ANTONIO, April 27.—Scott and Funston are leaving at 8:30 tonight for El Paso to confer with Oregon. The conference probably will open Saturday and may last several days. It will be held either at El Paso or Juarez.

LAW AGAINST PRIZE FIGHTING IN STATE TO BE PUT TO TEST

MAYOR BEST ANNOUNCES HE WILL HAVE MATTER THRESHED OUT IN COURT.

That he will make his arrest the starting point in the testing of the state law against prize fights was the statement made this afternoon by Mayor Best who was charged yesterday in the justice court with the use of abusive and obscene language at the recent boxing bout in the Oregon theater.

The mayor expects a hearing next Tuesday but would not state at this time whether he would plead guilty or stand trial. He did state that a trial would help him secure witnesses for the cases he intends bringing as a result of the Hagan-McCarroll bout. Just what would be the nature of the cases he did not say but has intimated his belief that all who paid to see the bout as well as those interested in putting it on are guilty of violating the state law.

"I am glad it happened," said the mayor, "it gives me a chance to start a clean-up."

May Get Change of Venue. Mayor Best was arraigned yesterday afternoon but no definite time was set for a hearing. He has employed Judge James A. Fee to represent him. He stated both in court and out that he might ask a change of venue in order that he might be tried by a disinterested judge and jury. The case was brought in the court of Justice of the Peace Parkes and is tryable before him unless a change of venue is granted. It is optional with the defendant whether or not a jury is selected.

French Halt German Attack. PARIS, April 27.—Following an intense bombardment of Avoncourt, the Germans attempted an attack last night. The French fire halted them, a communique asserted. Though increasing activity in the Vosges was reported, the engagements there last night were unimportant. A German reconnaissance east of Lemsuill was defeated. Grenadiers repulsed German patrols north of the Alsne. A French aeroplane brought down a German flyer at Apincourt.

Efforts Result in Finding No Trace of Prohibition Law Violation.

YESTERDAY Mayor James A. Best conducted a search of the Wenaha Club for evidence of violations of the prohibition law. The search revealed no trace of any liquor. The mayor was accompanied through the club rooms by Will M. Peterson, one of the club members, to whom he had complained that numerous reports had come to him that the club was serving liquor. Mr. Peterson promptly requested the mayor to accompany him to the club rooms and make a personal examination. Members of the club declare that no liquor has been served in their rooms since the prohibition law went into effect.

Plans Being Made for the Celebration of Memorial Day

COUNCIL DISCUSSES ARRANGEMENTS TO MAKE OCCASION A BIG EVENT.

Plans for a proper celebration of Memorial Day were discussed last evening at the council meeting and it is probable that the day will be observed in a bigger way than it has been for years here.

Councilman Ralph Fosberg brought the matter before the council, declaring that the scant recognition given to the day for the past few years is a disgrace to Pendleton. Mayor Best stated that Leon Cohen and R. Alexander had suggested also a general observance of the day, stating they would be glad to cooperate. The cemetery committee will consider plans for the next week and report next Wednesday.

EFFORTS CENTER ON QUESTION OF AVOIDING BREAK

Crisis is Declared to Have Passed, According to Reliable Information Given to United Press.

HURRIED CONFERENCES HELD

Gerard Goes to Meet Kaiser at Kaiser's Headquarters; Pending Negotiations, Submarines Have Orders Not to Torpedo Merchantmen; Reply is Being Delayed.

(By Carl Ackerman.) BERLIN, April 27.—The crisis between America and Germany virtually is passed. There will not be a rupture, it was predicted on the developments to date. The United Press is able to make this statement upon the most authentic authority.

Pending negotiations, submarines are under explicit instructions. The nature of these is unknown. However, they furnish assurance that there will be no repetition of torpedo attacks while the present negotiations are in progress. The crisis was passed on Tuesday when Von Jagow received the information regarding Wilson's attitude. Opinion differs as to whether the credit belongs to Gerard or Bernstorff. Bernstorff has played an important part because he has had a free hand in handling negotiations. The formal reply will be delayed several days, pending the receipt of Bernstorff's statement of Wilson's exact stand.

Gerard to Meet Kaiser. BERLIN, April 27.—(Wireless to Sayville.)—Gerard is leaving tonight for the Kaiser's headquarters for a conference. Holtweg is expected back tomorrow to prepare a reply to Wilson's note.

Work to Prevent Break. WASHINGTON, April 27.—Bernstorff and Gerard were doing their utmost to prevent a rupture today. An American official said "There is no question but that Bernstorff is anxious to avoid a break. He will do all that is possible to continue friendly relations and has done so in the past. He is in the hardest sort of a position but his work is appreciated. While Bernstorff is trying to meet Wilson's views, it is believed unlikely that the executive will demand greater haste or take any action resulting in embarrassment."

Private advices from Berlin indicated that Germany's reply would not arrive until the end of next week.

Kaiser Holds Conference. BERLIN, April 27.—A momentous conference with the continuance of friendly relations with America hanging in the balance was held at the Kaiser's field headquarters today. The Kaiser received the views of Holtweg, Falkenhayn and Holtendorff. Word, through Gerard, defining the American demand accurately was awaited.

It was generally understood that the reply will not meet with the American demand fully, but it was believed that concessions will suffice to prevent a break. The Kaiser declared that Gerard was honestly striving to avoid a conflict.
