Plans are being formulated for the biggest and liveliest day ever celebrated in Milton, and there will be plenty of strawberries and something doing every minute.

Freewater Auction Sales Day, April 25, turned out to be a winner. The plan of selling new merchandise of every description, fresh from the shelves of local merchants, was somewhat unique and auctioneer Fred Eifer kept the big crowd buying all the time, and kept them in a good humor, and the prices they paid for the merchandise made many a pleased customer. The Merchants' Association of Freewater have put on several sales days during the fall and spring, and the attendance is larger at each succeeding one. There were perhaps 100 automobile loads as well as wagons and buggies that blocked the streets for blocks.

Walla Walla high school baseball team visited Milton Tuesday afternoon, and went home with the scalps of the Columbia College tossers at their belts. Final score, 14 to 6. Girl Suicide Is Buried. THE DALLES, April 27.—McKinley Wesley, the Indian who is alleged to have attacked Besse Starr, an unusual case.

"SPEAR HEAD" AN OLD TIME FAVORITE

The Most Popular Chew for a Third of a Century

PURE, RICH, FRUITY-SWEET

The man who chews gets by far the most wholesome enjoyment and satisfaction out of tobacco, especially if he chews Spear Head tobacco. The rich juices of the leaf are retained in good plugs better than in any other form. For more than a generation Spear Head has held first place as the favorite high-grade plug chewing tobacco.

This unique distinction is due solely to the wonderful quality and flavor of Spear Head—the richest, mellowest, tastiest chew in the whole world.

Spear Head is the choicest of all red Burley, hand-stemmed and made into mellow-sweet plugs in a perfectly clean, most sanitary factory.

You can't chew the flavor out of Spear Head, because it's a part of the tobacco. That rich, ripe, red Burley taste keeps on pleasing you as long as you keep on chewing.

Chew Spear Head and you'll be chewing the purest and most satisfying tobacco that it's possible to make. In 10c cuts, wrapped in wax paper.

Get your blood in good condition at once—now. Delay may be dangerous. Ask your druggist for Hood's Sarsaparilla, and insist on having it, for nothing else can take its place.

PENDLETON ASTONISHED BY SIMPLE MIXTURE

Pendleton people are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler's-ka. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE constipation, sour stomach or gas. Because Adler's-ka acts on BOTH lower and upper bowels, a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. Tallman & Co., druggists.
