DELEGATES ELECTED FOR STATE MEETING BY HELIX BAPTISTS

WILL ATTEND CONVENTION TO BE HELD AT THE DALLES THIS WEEK.

Easter Services Are Well Attended and Excellent Program Is Given by Those Taking Part in the Exercises; Athena Team Is Defeated by Helix, 7 to 2.

(East Oregonian Special.) HELIX, Ore., April 26.—The Baptist Sunday school has elected Mr. and Mrs. W. H. Hale, Mrs. E. E. Geist and Mrs. M. L. Morrison, delegates to the state convention to be held at The Dalles, April 28-29.

The Easter service held at the Baptist church was well attended and a good program enjoyed. One number of especial interest being children dressed in costumes of the countries where missionaries are sent and reciting appropriate verses.

The Christian church was filled at the Sunday evening service. A beautiful program was rendered, the special feature being the impersonation of women and the angel at the tomb. Members of the churches united in making the day a happy one.

The Athena baseball team met the local boys here Sunday afternoon. The score being 7 to 2 in favor of Helix.

The Helix public school fair was held at the school house Friday afternoon. There was a large attendance and the fair pronounced a success.

FINANCING THE TEEL PROJECT IS FINISHED

ECHO, Ore., April 27.—Financing of the Teel irrigation project was completed here when directors of the district awarded \$1,000,000 6 per cent construction bonds to Henry J. Kaiser the highest bidder.

The Teel project embraces 29,000 acres adjacent to Echo. Water will be taken from John Day watershed. Mr. Kaiser is president of the Kaiser Construction Company, Vancouver, B. C., with a Portland office at 1113 Northwestern Bank building.

Dutch Bar Seized Ships. BERLIN, April 26.—(By wireless to Sayville.)—The German steamships which were seized in Portuguese ports shortly before the declaration of war between Portugal and Germany will not be permitted to enter Dutch ports the Overseas News Agency announces.

This decision was reached as a result of an investigation by a committee of Dutch naval officers and experts in international law.

Dutch Eat War Bread. LONDON, April 27.—War bread appeared on breakfast tables in Holland for the first time.

An Exchange Telegraph dispatch from Amsterdam says that Dutch bakers have been ordered to sell war bread on account of the difficulty of procuring American wheat.

The scarcity is due to submarine warfare and the recent loss of Dutch ships.

HAMMOND SELLS RADIO TORPEDO TO U. S.

JOHN HAYS HAMMOND JR.

WASHINGTON, April 25.—John Hays Hammond, Jr., has given the country an example of the kind of Americanism which puts service to his country above personal gain. He has sold to the government all of the patents—125 of them—and the exclusive force of torpedoes by radio-dynamic courses, either from the shore or from aeroplanes, which will insure their striking their marks at a maximum distance of twenty-eight miles.

The price he will receive for his invention—\$750,000—was fixed by a board of military and naval experts without bargaining on his part, and it is said on reliable authority to represent presumably much higher than would be offered for cash, local interests will be better off than if the cash plan were adopted.

Congress Has Much Work. WASHINGTON, April 26.—Senator Kern, democratic leader, predicts that congress will scarcely finish its work until September. He declares there is no intention of democratic leaders to abandon any legislation.

Willing Maids Bashful. ST. PAUL, Apr. 27.—"Ambitious but bashful" is the characterization Joseph Mounts, secretary to Chief of Police John J. O'Connor, made of St. Paul young women the other night, after a day of telephone calls regarding Elmer Johnson, rancher of Sidney, Mont., who wrote to the chief, making an offer of matrimony to a suitable St. Paul girl.

"Many girls," said Mr. Mounts, "called me, asking about Johnson, but none would give me her name. I think the girls are peering up a good thing, because I think the man is on the level."

To Build Up—After Grippe, Colds—Bad Blood

Take a blood cleanser and alterative that starts the liver and stomach into vigorous action, called Dr. Pierce's Golden Medical Discovery because of one of its principal ingredients—the Golden Seal plant. It assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and strenuous instead of tired, weak and faint. Start to take it to-day and before another day has passed, the impurities of the blood will begin to leave your body through the eliminative organs, and in a few days you will know that the bad blood is passing out, and new, rich, pure blood is filling your veins and arteries.

Get Dr. Pierce's Golden Medical Discovery to-day from any medicine dealer, in tablet or liquid form, or send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., ten cents for trial package of tablets.

What Our Neighbors Say. Astoria, Oregon.—"After having had the grip I could not regain my strength; my blood was poor, I was nervous and also had rheumatism. I tried everything but just could not get any relief. Finally I decided to take Doctor Pierce's Golden Medical Discovery and it cured me. I think it is simply great. I use the 'Pleasant Pellets' for constipation."

CONCESSION AGREED TO OVER SALE PLAN OF O. AND C. GRANTS

FULL COMMITTEE FAVORABLE TO CREDIT ARRANGEMENT FOR TIMBER LAND.

WASHINGTON, April 26.—Credit versus cash sales of timber on the Oregon & California land grant was the most controverted point in the final consideration of the Ferris-Cham, belain bill by the house public lands committee and subcommittee, following the receipt of strenuous objections made to the cash plan of sale by the forestry officials.

Secretary Houston termed the cash plan "archaic," and asserted that it meant the loss of a large sum in selling the timber. Against this was the advice of Secretary Lane of the interior department, who held that difficulties connected with a deferred payment sale are too great.

Representative Slinnot protested against a change to the credit plan because of the delay that will result in bringing large areas onto the tax rolls of the counties. The subcommittee stood by him, but Chairman Ferris was much impressed by the idea that something should be done to mollify the criticism directed the bill by the department of agriculture. He contended that it would be unwise to take the bill on the floor of the house without some concessions, and the full committee accepted his arguments.

Under the credit plan approved, it is proposed that when timber is put up for sale it shall be offered on a 10-year payment plan, the principal to be paid in 10 annual sums, with interest on deferred payments at a rate not exceeding 6 per cent. This interest, of course is to go into the general proceeds fund, along with the principal.

The argument is advanced that, with payments of interest going into the fund in lieu of direct taxation, and annual payments made at a price presumably much higher than would be offered for cash, local interests will be better off than if the cash plan were adopted.

The major matters will be fought through to a finish. This program is contradictory to the one generally understood the president favored. Pro-longed fights and perhaps filibusters are practical certainties on the ship purchase and child labor bills. Rural credits is the next legislation for the senate to consider. Some hoped to adjourn before the June convention.

Airbrake Plant Closes. PITTSBURG, April 26.—The West-inghouse Airbrake Company plant closed today with 3000 employees

striking. The Union Switch and Signal company employes have joined the strike. Five hundred men quit in a body. Approximately 20,000 men are striking now.

Match Prices Are Soaring.

ST. PAUL, Minn., April 25.—Rubbing sticks again may become the world's way of making a fire. The price of matches is soaring. Soon boxes selling now for a penny may be bringing ten cents. This was the declaration of T. E. Tucker, match manufacturer of Chicago, who says that of the 37 chemicals used in making matches, the majority are imported from foreign countries, now at war and cannot be gotten.

The Boy is Father to the Man

Old sayings like this are fraught with a most important meaning. And what will add the expectant mother in conserving her health, her strength, her mental repose and the absence of venereal disease is a subject of great moment. Among the recognized helps is a splendid remedy known as "Mother's Friend." Applied to the muscles it sinks in deeply to make them firm and pliant. It thus lifts the strain on the nervous system, induces calm, restful nights of health-giving sleep and makes the days sunny and happy. Get a bottle of "Mother's Friend" of any druggist and you will then realize why it has been considered true to its name in our best homes through three generations. It is perfectly harmless but an effective that once used it is recommended to all expectant mothers by those who went through the ordeal with surprising ease.
