MORE CURRENCY WILL BE ISSUED IN MEXICO

MEXICO CITY, April 28.—The secretary of the treasury of the de facto government announced that a new issue of 500,000,000 pesos will be placed in circulation May 1. The department states that the new currency will be backed by a gold reserve of \$50,000,000 in Mexican gold, the equivalent of \$25,000,000 in American gold. Each peso according will have a value of 5 cents in American money. The old issue of \$750,000,000 will remain in circulation, with an arbitrary value placed upon it by the government of 2 1/2 cents gold. This is

acceptable for all internal revenue taxes and will, it is stated, be destroyed as received. A decree has been issued that after May 1 all freight and passenger traffic tariffs on the national railways shall be payable in Mexican gold, on the same scale as before the revolution. Brazilian Steamer in Tow. NORFOLK, Va., April 28.—The Brazilian steamer Guafara, with passengers from Rio, was 300 miles south of Scotland Light, disabled and in tow of the United Fruiter Sikolia, with which she is supposed to have been in collision.

IF YOU HAVE CATARRH--READ THIS!

A Message of Joy to Catarrh Sufferers. Wonderful Results From Breathing Marvelous Germicidal Air. Money Back If It Don't Help You.

Catarrh is a germ disease and the germs thrive far up in the recesses of your nose, throat and lungs where no medicines, sprays, or ointments can ever reach them. Before you can get rid of catarrh you must get rid of the germs which cause it. Breathing the air of Hyomei is the only method known so far for killing catarrh germs and driving them from your system. Simply put a few drops of Hyomei in the inhaler that comes with every complete package and then breathe its air for a few minutes, four times a day. It seems remarkable that so simple a way of treating catarrh will effect such marvelous results, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters the air passages of the nose, head and throat and goes into the lungs, is charged with a powerful, antiseptic, healing balsam that is carried into the remotest air cells, killing all the germs and bacilli of catarrh, and soothing and healing the sore, inflamed membranes. The action of Hyomei is quick and

lasting. The first day's use will show improvement and in a short time there should be no further trouble from catarrh or any symptom of catarrh. Regarding Hyomei Mrs. Martie Wisemiller, a nurse, residing 1528 9th St., N. W., Washington, D. C., writes: "I suffered with catarrh of the nose and throat which also affected the eyes and after using Hyomei have received great benefit. If the use of my name will benefit anyone, you are welcome to use it. Through me several of my friends are now using Hyomei." The complete Hyomei outfit is inexpensive. It makes a pleasant, convenient treatment as the inhaler can be carried in the vest pocket or a hand bag. The inhaler lasts a life time and if one bottle of Hyomei don't give permanent relief an extra bottle can be obtained at any time for a trifling sum. As Tallman & Co. and leading druggists everywhere sell Hyomei under a positive guarantee of successful results or money back, surely no catarrh sufferers should go long before trying this simple home treatment.

Foes of Defense Mailed.

NEW YORK, April 28.—The appearance of Major General Wood to speak at a meeting of students of the College of the City of New York on "Preparedness" was the occasion of an attempted demonstration of "anti-militarists" among the students and the rough handling of several who interrupted him.

A student who attempted to rally those opposed to preparedness was hustled from the hall and another who attempted to address the students on the campus had to be rescued by the police.

The afternoon of June 5 will witness a rehearsal of the crowning ceremony. The same evening she will visit the city hall at 7 p. m. and with the mayor and festival governors will be escorted to the festival center by the Rosarians, mounted police and national guardmen.

After the crowning ceremony takes place at 8 p. m. the queen with Mayor Albee and J. H. Dundore, president of the show, will inspect the floral display at the festival center.

The morning of June 7 the queen will head the children's parade and proceed to the Columbia river highway for the national dedication ceremonies at 2 p. m. Cottolene

"The Natural Shortening"

Make delicious pie crust after this recipe

Mix one scant teaspoon salt with one and one-half cups pastry flour. Chop in scant half cup chilled Cottolene. Mix in gradually three tablespoons cold water. Mix well, but do not knead with hands. If soft, lay paste in pan and place on ice till chilled. Sprinkle flour on molding-board; flour rolling-pin; roll out flat, then roll up into form of jelly roll; stand it on end; pat down and roll into circular shape. When rolled into proper size cover sides and bottom of pie dish. Fill in pie material. Roll top crust in same way, making several incisions to allow for filling and puffing in baking.

Cottolene makes pie-crust light flaky, wholesome: it excels for all shortening and frying.

Its use is simple, and you can get it in pails of various sizes to suit your convenience. Ask your grocer for a supply today.

Write for a free copy of our real cook book, "HOME HELPS." Our General Offices, Chicago, will supply you.
