Meat Scarce in Berlin.
LONDON, May 1.—Vorwaerts of Berlin is quoted in a Reuter dispatch from Amsterdam as saying the most significant development of the Easter holidays for the people of Berlin was the steadily growing scarcity of meat.

Makes Your Stuffed, Germ-laden, Catarrhal Head Clear as a Bell

When you wake in the morning plagued with the tortures of head colds and catarrh, head, nose and throat stopped up, air passages clogged with obnoxious catarrhal discharges that have collected during the night and you can hardly breathe—just put a little Hymel Pocket Inhaler charged with the pleasant healing oil of Hymel between your lips. Hold it there while dressing and breathe the medicated, antiseptic, germ killing air deep in to your nose, throat and lungs with every breath you draw.

By the time you are dressed your head will be clear as a bell, you will breathe with ease and comfort, eat your breakfast with a relish and go about your day's work with a clear brain and steady eye.
This clean smelling, germ destroying air of Hymel penetrates deep down into every fold and crevice of the membranous linings of your nose, throat and lungs where no liquid spray could possibly get and absolutely kills and drives out of your system every germ it finds there, heals the inflamed swollen tissues and after the very first trial you notice a wonderful improvement. A few weeks' use and every catarrhal germ is killed and driven out of your system.
Druggists everywhere think so well of Hymel that they agree to give you a guarantee with every complete inhaler set you purchase that if it does not satisfy they will gladly return every cent you paid for it, but if using for the first time be sure to ask for the complete Hymel Pocket Inhaler outfit as the smaller package does not contain the inhaler. Tallman & Co. or most any other reliable druggist will gladly supply you on request.

MANY TROUBLES DUE TO WEAK KIDNEYS

"It's no use advertising a medicine unless the medicine itself is good enough to back up the claims you make for it," said Tallman & Co., the popular druggist, to an East Oregonian man. "On the other hand, it is a pleasure to sell a medicine when our customers come in afterward and tell us how much good it has done them. And that is why we like to sell and recommend Solvax, the great kidney remedy. Ever since we first introduced Solvax in Pendleton our clerks have been so busy selling it that we have a hard time keeping a sufficient stock on hand. We have so much faith in this great article that we are going to guarantee it in the future and will return the money to any purchaser of Solvax whom it does not help. This may seem rash but our customers have said so many good words in its favor that we do not expect to have many packages returned."

"This shows great faith in Solvax. It really is a most unusual medicine because it overcomes the worst cases of kidney complaint by removing the cause. It goes straight to the seat of the trouble. It soaks right in and cleans out the kidneys and makes them pass off all the uric acid and poisonous waste matter that lodges in the joints and muscles, causing rheumatic pains; soothes and heals the bladder and quickly ends all such troubles.
"Nothing is more uncomfortable or hurts a person's perfect enjoyment of life more than troublesome kidneys and their attending evils. Use Solvax and get your full measure of benefit out of life."

FINE PROGRAM HAS BEEN PLANNED FOR BENEFIT OF QUEEN

SOMETHING INTERESTING EVERY HOUR DURING THE JUNE CELEBRATION.

Will Visit Festival Center on Afternoon of June 6 Where the Crowning Ceremony Will be Rehearsed; Queen Rides at Head of Children on Opening Day.

PORTLAND, May 1.—(Special)—The queen of the 1916 Rose Festival with her maids of honor will find something of interest every hour during the progress of the June celebration.
The queen will visit the festival center the afternoon of June 6, where with J. H. Dundore, president of the festival and Mayor Abbe, she will rehearse the crowning ceremony.
This ceremony will take place the evening of June 8, when Mayor Abbe presents her with the key to the city and, in company with the mayor and festival governors she will inspect the festival center.
Opening day, June 7, the Queen rides at the head of the children's parade at 9:45 a. m. At 2 p. m. she is crowned "Queen of the Columbia" at the national dedication ceremonies of the Columbia river highway at Multnomah Falls. The same evening she is the guest of honor at a magnificent display of fireworks on the Willamette river in which the reproduction of the sinking of a battleship by a submarine will be presented. Colored lights and the presence of Portland's fire boats will make this most spectacular feature.

The second day finds the queen present when the second annual roller skating marathon is held. In the afternoon she appears in the beautiful floral parade and in the evening presides at the children's sing where more than 5,000 boys and girls take part.
June 3, closing day, features the queen in the mammoth fraternal, military and civic parade, the first rose festival regatta and the flutes carnival parade to close the show. She will also appear at the annual rose show of the Portland Rose Society and take part in the many other functions festival week.
It will be a merry festival time for the ruler of the Tenth annual fiesta in the Oregon metropol.

Beware the Raw Oyster
(Little Talks on Health and Hygiene by Samuel G. Dixon, M. D., LL. D., Pennsylvania Commissioner of Health.)

The raw oyster today is to be looked upon with suspicion. Great care should be observed in purchasing them. The seller should be known to be reliable and he should know from what beds he gets his supply.
It is hard to explain why the oyster furnishes a fashionable dish when it has become the custom to supply the culls, which a few years ago would have been thrown back into their beds as being unfit for the market.
The food value of four or five of these culls is almost nil and the taste so insipid that they are flavored with strong condiments that entirely destroy what little natural flavor the culls had. It can hardly be said that these culls thrown out from the cookable oysters from various beds, are palatable. They are, however, dangerous, as they can and do sometimes carry the germs of typhoid fever.
Why, therefore, eat raw oysters containing little or no nourishment with little or no taste and yet not infrequently carrying germs of disease?
It is believed that all lions are "left handed." A famous explorer says that when a lion desires to strike a forcible blow it nearly always uses the left paw.

SPORTS

LOCAL BUCKS TAKE GAME FROM ECHO BY SCORE OF 13 TO 5

LARGEST CROWD OF SEASON SEE PENDLETON SLAUGHTER VISITING TEAM.

Pendleton drew a brimming cup of revenge from Echo yesterday in the second meeting of the two teams this season. By a score of 13 to 5, the Bucks won the game which was played at Round-up Park before the biggest crowd of the season.

The Bucks had the best team in the field yesterday that Pendleton has claimed since the last year of the Western Tri-state. The presence of Anderson, a former Tri-stater, and Hinderman in the field, and Clark, a former H. M. A. athlete on second, materially strengthened the line-up. These three were the leading stickers of the day, Anderson getting three blows in four times up, Hinderman pulling out a homer and a single and Clark cracking out two singles, besides drawing a pass and dumping a bunt which proved as good as a hit.

Echo was in no such form or spirit as at the first game of the season. Hale, the unhittable on that occasion, was easy for the Bucks yesterday. Charley Hoskins, who switched positions with him, was hit pretty hard and bunted to death in one inning, but Brother Bill, who twirled one frame, got by without trouble. There were several gaps in Echo's regular line-up and there was considerable shifting about, all to the injury of the team. A glance at the error column will show that the pitchers were not alone at fault. In fact almost every man on the team was booting the ball at one stage or another.

Pendleton started after Hale in the first and by the time the sixth rolled around had seven runs across against the visitors' cipher. McGarrigle had been pitching fine ball up to this time but in the sixth the Echoes got to him for a single, two doubles, a triple and a sacrifice fly. Together with Mac's own error and a passed ball by Hayes on the third strike, this hitting was good for five runs, all Echo made. Varian went in after this and pitched shutout ball.

With two down in the last of the sixth and none on, Hinderman got a circuit swing which started things wrong again for the Irrigators and four runs filtered over before the third out came. Two hits and two errors gave two more in the seventh.

Tabulated score

FINAL SCORE IS 15 TO 7; GAME IS PLAYED SATURDAY AFTERNOON HERE.

ATHENA HIGH SCHOOL WINS FROM WESTON 10 TO THREE

ATHENA, Ore., May 1.—(Special)—The Athena high school nine journeyed over the hill Friday and defeated Weston, 10 to 3. Banister worked on the mound for Athena and allowed only two scattered hits. The Athena boys fielded a nice game and robbed Weston batters of hits at several stages of the game. Kirkpatrick, Weston's pitcher, was batted out of the box in the fifth and was replaced by Lundell, whose curves were easily mastered.

Les Cost Dollar a Word.
ATLANTIC CITY, April 29.—Flirting with the truth cost two prisoners \$1 a word when they were asked to plead a charge of disorderly conduct in recorder's court. Al Russell was discovered pummeling Julia Hill on Rosemount avenue early in the morning, and both were taken in custody by Patrolman "Spike" Turner. After he had told his story they were given a chance to enter their defense. "I'm not guilty at all," stoutly asserted Russell.
"No, sir; I'm not either," chimed in Julia.
"A dollar a word," said Recorder Gaskill, and both were led below.

Trousers 100 Years Old.
CINCINNATI, O., May 1.—Members of Yeatman Lodge, No. 182, F. and A. M., have returned from Williamsburg, Va., where they assisted in conferring the master Mason degree on Roy A. Peterson.
Peterson, who is a relative of Dr. M. L. Peterson, worshipful master of Yeatman Lodge, wore the same pair of homespun wool trousers his great-grandfather had worn during a similar ceremony in 1815. He is a member of the fifth generation of that family to become a Mason. His grandfather presented him with a ring his great-grandfather had worn in 1815.

They take their time

YOU can't make good cigars in a hurry. The makers of the OWL don't try to "speed up".
Instead of hurrying the process of curing, they let Nature take her time to do it right. Eighteen long months the leaf is curing—mellowing—developing flavor.
Then, the workmanship. It is *hand-workmanship* throughout. It is *careful* workmanship. The result is, the OWL is always a specially good, satisfying smoke.

ALBANIAN REFUGEES STARVING

According to reports, 150,000 Albanians who fled from their homes at the approach of the Austrians and sought refuge in Serbia, are now suffering greatly from lack of food. The allied forces holding a small portion of Serbia are doing what they can to relieve the distress.
