COUNTY OFFICIAL PAPER

IRISH WHO LED IN UPRISING TO BE GIVEN TRIAL

Every Rebel Who Bore Arms Will Be Brought to England and May Have to Face Courtmartial.

EXECUTIONS ARE EXPECTED

Sympathizers and Suspects Who Did Not Openly Fight Will Be Tried in the Irish Courts; 500 Rebels Estimated to Have Been Killed During Trouble.

DROGHEDA, Ireland, May 2.—A party of rebels attacked the police at Garristown, 16 miles from Dublin this morning wounding four. Eight rebels were captured. The rest escaped. Slight disturbances occurred in suburbs of Dublin and in outlying districts.

LONDON, May 2.—All rebels who bore arms in the Dublin revolt will be brought to England for trial, it was announced today. Suspects and sympathizers who did not openly fight the government will be tried in Irish courts. Several hundred prisoners already have reached England. They are liable to trial by court martial and perhaps execution. It is probable the trials will be postponed until the government disposes of the case of Sir Roger Casement.

The greatest interest has been displayed in the probable fate of the Countess Markievicz. No fresh disturbances have been reported. Laborers are razing the walls of buildings wrecked during the fighting. Troops brought in 50 insurgents from the suburbs of Dublin last night.

DUBLIN, May 2.—At least 500 rebels were killed and 1500 wounded in the seven days' fighting here, soldiers who canvassed the city estimated today.

Rebel bodies were found in the ruins of the post office and Liberty Hall and other buildings which the artillery demolished. The casualties are believed far in excess of the estimates. It is believed many corpses are still undiscovered. Hospitals are overflowing with wounded, including women and children.

Lord Donoughmore was shot while motoring north of Dublin. He suffered a flesh wound.

A small squad of rebels, determined to die hard, fired the last volley of the insurrection last night near Westland. Machine guns decimated the whole party.

The city of Dublin is resuming its normal life. Shops are re-opening.

MILTON IS AROUSED OVER QUESTION OF TEACHERS AT DANCE

PETITION MAY BE SENT COUNCIL TO DISCONTINUE PUBLIC DANCES.

(East Oregonian Special.) MILTON-FREEWATER, Ore., May 2.—Considerable feeling has been stirred up in Milton and Freewater over several of the school teachers of District No. 31 attending dances given by Burton's orchestra Wednesday and Saturday nights of each week. It is understood that a petition was to be circulated and presented to the city council asking for discontinuance of the public dances, but the council has not been directly appealed to yet, and has not been able to take action of any kind. Rev. Arthur Thomas of the Methodist church has taken up the fight of the anti-dance people, and particularly when attended by public school teachers. There is much bitter comment among those who have been attending the dances and many who have not at the opposition. They claim the dances have been attended by people ranked among the best thought of in the two towns, and that there has not been a single time since the new management took hold of the dances, that they have not been strictly respectable in every way. The fight promises to develop into an acute stage as the Sunday baseball issue a few years ago, when it was forced to a vote at a special election, and the opponents of Sunday ball lost their contention by a heavy majority.

Agricultural Bill Passes. WASHINGTON, May 2.—The house today passed the agricultural bill carrying a total of twenty four million and a half dollars in appropriations.

NEW YORK, May 2.—Orders calling out the garment workers from all the independent shops threatened to complete the tie-up in the clothing trade today. It was claimed that hundreds of non-union tailors will join the strike.

The longshoremen's strike is spreading. Shipping is greatly affected. Stevedores, marine engineers, firemen, cooks, deck hands, warehousemen and tugmen strikes may hamper the entrance of transatlantic liners.

CHICAGO, May 2.—Ten thousand employees of the International Harvester company struck today, demanding recognition of the union and better working conditions.

MEETINGS WITH OBREGON DO NOT GAIN ANY POINT

Deadlock in View Over the Fact That Mexican General Will Insist Upon Army Withdrawal.

SCOTT GIVEN INSTRUCTIONS

Further Diplomatic Exchanges are Expected to Result but Washington is Not Apprehensive of a Break; Second Conference With Obregon Scheduled Today.

EMBARGO IS EFFECTIVE. DOUGLAS, May 2.—An embargo on arms and ammunition was effective here today. Shipments were prevented reaching the Carranzistas.

EL PASO, May 2.—After receiving final instructions from Washington, Scott stated that a second meeting with Obregon was scheduled for this afternoon on the American side of the international bridge, in the immigration station.

The instructions confirm the statements that the conference would not have the power to decide the future movements of the American troops in Mexico and that there would not be an immediate withdrawal of the expedition. Scott will advise Obregon that Washington has refused to consent to a discussion of withdrawal. Obregon is expected to politely decline to discuss anything else until the withdrawal question is settled. The conference must adjourn deadlocked.

Obregon said he would report the whole situation to Carranza. It was indicated that the failure of the conference would result in further diplomatic exchanges and not in military operations. A break is not considered likely. Intervention interests are still busy along the border trying to induce into the situation something to make intervention inevitable.

The Mexicans and the American armies are inactive. At some places there are only a few miles apart. There are now 17,000 Americans in Mexico. Funston was confident that the Americans could hold out indefinitely against the large force of Mexicans, taking the offensive if desirable.

BAKER AND LANSING ARE HOPEFUL OF AGREEMENT

WASHINGTON, May 2.—Secretary of War Baker and Secretary of State Lansing believe that Scott and Obregon can reach an agreement for a better cooperation between the Americans and the Mexicans in hunting down Villa. Thought the Carranzistas strongly desire the withdrawal of the Americans it was thought they may see the logic of assisting the expedition when they realize that the hunt must continue.

Baker's new instructions to Scott are regarded as assuring further conference. Baker was informed that intervention advocates at El Paso are endeavoring to befog the atmosphere and influence opinions and actions of the military authorities. Whether the information was official was not revealed. Baker stated that he had the utmost confidence in Scott's ability to handle the situation.

PERSHING CONCENTRATES FORCES FOR ANY CRISIS

COLUMBUS, May 2.—Pershing was concentrating his forces today as though an attack was momentarily imminent. With the conference at El Paso hanging fire, the situation was tense. Every movement in the conference room was immediately wired to Pershing.

The scattered American columns have been drawn into the advanced base and additional defensive works have been constructed at several points. Troops at Columbus are held in readiness for a move at short notice. Four companies of infantry are preparing to march soon. It was believed they had received orders to reinforce the advanced detachments.

A new high power aeroplane was tested today. It probably will be sent to the front immediately.

Carranza and His Chief Aide

GEN. CARRANZA AND GOV. GONZALEZ. (DIPLOMAT SERVICE)

Now that the Mexican situation is fast approaching what many term a crisis, Washington officials are beginning to wonder what Carranza will do. Reports from various sources in Mexico declare that the de facto head has lost control of the situation and does not know himself what may be done by his troops. Obregon is admittedly the strong man in Mexico and he is believed to have complete control of the Mexican de facto armies.

Conscription to be Put in Force Among Britishers

ASQUITH ANNOUNCES THAT POLICY WILL BE IMMEDIATELY ADOPTED.

LONDON, May 2.—Asquith announced in the house of commons that the government has decided upon a policy of immediate and general compulsory military service.

The government will introduce the conscription measure in parliament tomorrow. Asquith said the British army now numbers five million men.

Asquith's announcement was a surprise. It had been understood that he would give the volunteer system a few weeks' more trial before asking the enactment of the law calling the married eligible men included in the conscription measure. The decision is a complete victory for the Lloyd George and Northcliffe parties. The adoption of conscription adds three hundred to six hundred thousand men.

Suit For Foreclosure. Suit was begun this afternoon in the circuit court by Flora Simpson Rose against Mrs. Nellie Blackman, a widow, and Harry McBride to foreclose a mortgage alleged to have been given to secure a note upon which is due \$1562.50 principal, interest and \$150 attorney fees. McBride claims some interest in the land, it is alleged.

Undergoes Operation. Mrs. Guy Cook underwent a serious stomach operation at the hospital this morning.

TEUTON NOTE TO MAKE PLAY FOR FURTHER DELAY

German Officials at Washington Believe Kaiser Will Temporarily For More Negotiations.

REPLY SAID TO BE FINISHED

Gerard is Back in Berlin After Conference With Emperor William; Few Alterations Have Been Made in Text; Probably Will be Cabled to Washington Tonight.

WASHINGTON, May 2.—German officials today believed that the Kaiser's note replying to the American submarine demands will temporarily. They think it will suggest and perhaps request further negotiations.

BERLIN, May 2.—Gerard arrived in Berlin today. The German reply to Wilson's demands has been completed. A few alterations were made in the text, but do not change its character. It probably will go by cable to Washington tonight or tomorrow.

The American embassy received a message explaining Wilson's interpretations of several points on international law involved in the note. Gerard cabled to Washington a long report immediately after returning from the conference with the Kaiser. Whether it contained a private message from the emperor to Wilson is unknown.

It was officially stated that nothing has occurred to materially change the situation since Wednesday.

Germans Hurlled Back at Douaumont as Soldiers of the Republic Capture 550 Yards of Trenches.

ADVANCE AT DEADMAN'S HILL

600 Yards Are Gained Against Teuton Lines; Drive Against Verdun Is Believed to Have Been Effectively Shattered; French May Now Take the Offensive.

PARIS, May 2.—The French captured 550 yards of German trenches, southeast of Douaumont and 100 prisoners late yesterday. It was officially announced. It was also announced today that the French captured 1000 yards of trenches and advanced nearly 600 yards at Dead Man's Hill Saturday.

Great enthusiasm was shown here. The statement was taken to mean that the German drive against Verdun has been definitely checked. It is believed that the Verdun offensive has passed into the hands of the French.

West of the Meuse there has been incessant artillery fighting.

Mayor Best Files Demurrer in The Case Against Him

ARGUMENT WILL BE HEARD THIS AFTERNOON BEFORE JUSTICE OF PEACE.

Mayor James A. Best, through his attorneys, Fee & Fee, this morning filed a demurrer to the complaint made against him recently. Argument on the demurrer will be given this afternoon before Justice of the Peace Joe H. Parks, and, in the event that the demurrer is overruled, it is probable that the mayor will be given a hearing tomorrow some time.

The complaint, made out by the district attorney and sworn to by Arthur J. Gibson, charges the mayor with violating the state vagrancy law and specifically charges him with "violent, riotous and disorderly conduct" by using "abusive and obscene language" in the presence of a large assembly of people at the Oregon theater on the night of March 23.

The demurrer is made upon four grounds, as follows: First, that the complaint does not state facts sufficient to constitute a crime; second, that it does not substantially conform to the requirements of Chapter 7, Title 18, Lord's Oregon Laws; third, that more than one crime is charged; and fourth, that the complaint contains matter which, if true, would constitute legal justification and excuse for the crime charged therein.

FARMER WILL BE EXAMINED TO DETERMINE HIS SANITY

ORDER OF COURT IS OUTGROWTH OF TROUBLE IN THE FAIRVIEW SECTION.

As a new development in a controversy that has been rattling the Fairview section of the county for some time, a citation was made today by County Judge Marsh requiring O. W. McDole, a farmer living three miles from Touchet, Wn., and just this side of the state line, to appear in court for examination as to his sanity. The citation was made upon a petition, charging him with being an insane person and will be served tomorrow probably by the sheriff.

The controversy started over the school teacher of the district of which McDole is one of the directors. She had been living at his home and when ordered to leave because of domestic differences, charged before the school board that he had been improper in his conduct toward her. She made the charges in an affidavit and also in a letter.

During the absence of District Attorney Stever, who was in Portland, McDole caused the arrest of the teacher on a charge of criminal libel. The district attorney and County Superintendent Young intended making a personal investigation of the matter Thursday of this week.

Yesterday the clerk of the board charged that McDole is insane and a neighbor made a similar complaint. They allege that he has been terrorizing the teacher and also the school children by exhibiting a gun.
