Milling in Transit Rate Being Asked

Heavy Losses are Suffered Because of Poor Grading

PORTLAND, Ore., May 2.—A mill-
ing in transit rate is being asked of
the railroads by local grain interests.
The claim is made that very heavy
losses have been suffered by the Pa-
cific northwest trade, as well as pro-
ducers, by reason of the portness of
the grading at interior points for east-
ern shipment. It is claimed that af-
ter the wheat was graded in the inter-
ior it was regraded in the east, there-
by causing heavy losses to the shipper
and the producers were sufferers in
the end.

Under the terms of the proposed
rate that grain interests here are ask-

ing, the wheat will be shipped to this
city and graded. The proposed rate
would also aid in the milling industry
of this city because it would enable
millers to secure a thorough rate on
the manufactured product which is not
possible under present arrangements.

A very sudden and sharp advance
was forced in the price of wheat at
Chicago during the early session, due,
it is stated, to the crop damage re-
ports from the middle west.

Flour—Selling price: Patent, \$5.20;
Willamette valley, \$4.90; local
straight, \$4.60@5.00;akers' local,
\$4.50@5.20; Montana spring wheat,

Calcutta, 12 1-2@13 5-8c in carlots;
less amounts are higher.

Millstuffs—Selling price, carload
lots: Bran, \$23; shorts, \$25.50.
Rolled oats—\$4.50@6.75 per barrel.
Rolled barley—\$31.50@32.50 per
ton.

Catarrh Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts thru the blood on the mucous surface of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

\$9.20 IS PRICE IN PORTLAND ON SMALL QUANTITY OF HOGS

PORTLAND, Ore., May 2.—Small
butchers paid as high as \$9.15@9.20
for selected quality hogs in small lots
at North Portland during the morn-
ing, but the bulk of the good stuff
again sold at \$9@9.05, the latter a
fractional advance over what similar
stuff brought during last week.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morn-
ing helps us look and feel
clean, sweet, fresh.

Happy, bright, alert—vigorous and
vivacious—a good clear skin—a nat-
ural, rasy complexion and freedom
from illness are assured only by
clean, healthy blood. If only every
woman and like every man could real-
ize the wonders of the morning inside
bath, what a gratifying change would
take place.

Instead of the thousands of sickly,
anaemic-looking men, women and
girls with pasty or muddy complex-
ions; instead of the multitudes of
"nervy wrecks," "rundowns," "brain
fags" and pessimists we should see a
vibrant, optimistic throng of rosy-
checked people everywhere.

An inside bath is had by drinking,
each morning before breakfast, a
glass of real hot water with a tea-
spoonful of limestone phosphate in it
to wash from the stomach, liver, kid-
neys and ten yards or bowels the pre-
vious day's indigestible waste, sour
fermentations and poisons, thus
cleansing, sweetening and freshening
the entire alimentary canal before
putting more food into the stomach.

Those subject to sick headaches, bil-
iousness, nasty breath, rheumatism,
colds, and particularly those who
have a pallid, sallow complexion and
who are constipated very often, are
urged to obtain a quarter pound of
limestone phosphate at the drug store
which will cost but a trifle but is suf-
ficient to demonstrate the quick and
remarkable change in both health and
appearance awaiting those who prac-
tice internal sanitation. We must re-
member that inside cleanliness is
more important than outside, because
the skin does not absorb impurities
to contaminate the blood, while the
pores in the thirty feet of bowels do.

SMART SET ASSISTS AT FLOWER SHOW

MRS. ARTHUR SCOTT BORDEN ©INTL. FILM SERVICE.

NEW YORK, April 27.—The most
beautiful flowers of the agricultural
kingdom and the social world are rep-
resented at the International Flower
Show now in full swing at the Grand
Central Palace.

Spring gardens thick with hyacinths
tulips and daffodils, rock gardens
with creeping cress and phlox vie with
rose gardens, where buds of all shades
from the delicate pink varieties to the
deep shades of the crimson ramblers
climb over trellises, gates and arbors.
A whole department is devoted to or-
chids.

Society is well represented in the
Tea Garden, the proceeds of which

will be devoted to various charities.
Among the prominent chorists at the
Tea Garden were Mrs. Oden L. Mills,
Mrs. Arthur Scott Borden, Mrs. C. B.
Alexander, Mrs. William Shaw, Jr.,
Mrs. I. N. Phelps Stokes, Miss de Bar-
rell, Mrs. E. R. Hewitt, Mrs. H. M. Har-
rigan, Miss May Vogel, Miss Egerton
L. Winthrop, Mrs. Morris L. Kellogg,
Mrs. C. D. Gibson, and the Misses Har-
bars and Florence Loe.

GOVERNMENT TRIES TO STIMULATE THE QUALITY OF FLEECES

WASHINGTON, May 2.—The wool
car of the U. S. department of agricul-
ture which left Livingston, Mont., on
January 13, has given demonstrations
in more than 50 towns of the import-
ant sheep growing states to at least
500 persons directly interested in wool
growing. Since leaving Livingston,
the car has been touring Montana,
Idaho, Wyoming and Utah in order to
demonstrate to sheepmen that the
production of better wool means more
money for them. The tour is the re-
sult of cooperative arrangements made
between the bureau of animal indus-
try of the department of agriculture
and the agricultural colleges of the
four states named.

The trip of this car is reported by
wool specialists as the most import-
ant educational effort that has yet
been made in aid of the sheep indus-
try, which provides nine states, em-
bracing one third of the total area
of the country, with the greater part
of their income. In recent years a
wide interest has been aroused in the

wool in various stages of manufacture,
from the wool in the fleece to the fin-
ished fabric. Very few sheep men un-
derstand the many processes involved
in the manufacture of finished articles
from the fleece and are not therefore
in a position to appreciate the im-
portance which manufacturers attach
to the different characteristics of the
wool that they purchase.

The exhibits in the car are explain-
ed to visitors by representatives of the
department of agriculture and the ag-
ricultural colleges cooperating with
the federal department. A number
of colleges in other western states
have asked to have the car visit their
territories, and dates and places will
be arranged for continuing the dem-
onstration as soon as it is known what
funds will be available for the pur-
pose during the coming fiscal year.

Five Live on \$765 a Year.

WASHINGTON, May 1.—The min-
imum wage on which an American
workingman can support a wife and
three children is \$765 a year, Arthur
Hoelzer, legislative representative of
the American Federation of Labor,
told the House labor committee in
appearing in behalf of the Nolan min-
imum wage bill.

Air Raids Repulsed.

PARIS, April 28.—Numerous air-
raids on the western front, where
several German planes, including a
Fokker, were brought down were of-
ficially reported. There were no other
activities excepting an intermittent
bombardment of Verdun.

234,472 Citizens Trained.

WASHINGTON, May 1.—Approx-
imately 234,472 citizens of military age
in the United States now outside of
the army have had military training.
This estimate was transmitted by the
war department to the senate in re-
sponse to a resolution.

Adjutant-General McCain reported

67,763 men passed out of the army
after three years' service between
1906 and 1915. Of these 6893 were
deserters or others who left without
honorable discharges.

There were 126,490 men who serv-
ed and passed through the organized
militia during that period, and 49,317
who were graduated from some civil
educational institution where they

received instructions satisfactory to the war department.

EAT A SQUARE MEAL AND NOT FEAR INDIGESTION

There are hundreds of people in
Pendleton who were not the least bit
surprised when they read in the "East
Oregonian" that Tallman & Co. were
selling Mi-o-na on a guarantee to re-
fund the money in case it did not re-
lieve. This remarkable dyspepsia
remedy will relieve the worst case of
indigestion, headache, dizziness, or
the general layed-out condition that
afflicts every one suffering with stom-
ach trouble. Mi-o-na does not simply
relieve, it aims to cure.

Tallman & Co. can tell you of many
well known people in this city who this
remedy has restored to health, often
after they have tried many other meth-
ods of treatment with little or no
benefit. No other dyspepsia remedy
has made so large a percentage of
cures as Mi-o-na. It is so large that
Tallman & Co. stands ready to refund
the price to any customer whom it
does not help.

The best kind of advertising is the
praise of a pleased customer, and there
are hundreds in Pendleton today
praising Mi-o-na because it does what
it is advertised to do. A few months
ago they could eat nothing without
wondering what the result would be.
Since using Mi-o-na, they eat what
they want and when they want with
no fear of suffering. This medicine
comes in the form of a small tablet
and is very pleasant to take. It
speedily and permanently relieves al-
most all forms of stomach trouble
and is the only one sold under a pos-
itive guarantee without any restric-
tion, to refund the money if it does
not relieve. This is a good time to
get well and you ought to take advan-
tage of Tallman & Co.'s offer.
