NEWS OF PENDLETON

Plaintiff Gets Judgment.

Justice of the Peace Joe H. Parkes this morning gave the Pendleton Rubber & Supply Co., judgment for \$106.70 against R. H. Horne.

Supreme Court Concluding.

The supreme court, which began its May session here yesterday, is grinding through the docket rapidly and may finish up this evening. All members of the court, with the exception of Justice Robert Ekam, are present. There are no Umatilla county cases for argument at this session.

Alleged Perjurer Before Court.

Harry Redford, arrested recently on a charge of perjury in connection with the purchase of alcohol, is being given a preliminary hearing this afternoon before Justice of the Peace Parkes. Redford is accused of making false statements regarding the amount of alcohol he purchased within a given time.

Opium Smoker Arrested.

The police today arrested Jane Doe, a colored woman who is alleged to be an opium smoker. The arrest was made at the home of Ed Howls, by on Willow street and the police found apparatus for the home manufacture of opium. This was confiscated. The woman will probably be tried tomorrow.

Will Sell Rooming House.

Penland Bros., who have operated a rooming house over the Tallman Drug Store in connection with their transfer business for the past 17 years, have announced that they intend selling their lease and fixtures and devoting their time exclusively to the transfer business. They will move their office from their present location to the East Oregonian block.

Road Meeting is On.

Pilot Rock is having a good road meeting this afternoon for the purpose of listening to arguments for and against the road bonds. J. F. Robinson, president of the good roads association is there and the side of the road bond advocates will be presented by J. T. Hinkle of Hermiston. C. P. Strain is to make a talk in opposition to the bonds.

Service Cannot Attend.

Robert Service, candidate for the republican nomination for public service commissioner, is in the city today and says it will be impracticable for him to be here for a meeting May 4 owing to the fact he has appointments in central Oregon at that time. He states that some weeks ago he suggested a joint canvass of the district but it was rejected by other aspirants.

Selling Many Harvesters.

Four orders for Blewett harvesters were placed yesterday by Umatilla county farmers, those buying machines being Fanshier Bros., Pendleton; Frank Hardy, Pendleton; C. W. Howell, Pendleton, and Jacob Rhoda, Echo. According to A. R. Blewett, president of the company, many orders have also been received from outside the county and he says the entire output for this year, 27 machines will soon be disposed of. The work of assembling harvesters is now underway at the Blewett plant.

Voters May Be Sworn In.

An impression prevails over the county that unregistered voters will not be permitted to vote under the new law. This is erroneous as the law provides that an unregistered voter may be sworn in by filling out a registration card, signed by two freeholders and being sworn by a judge of the election board. Under the old law voters could be sworn in before any justice of the peace, inasmuch as the number of election judges has

been cut from three to two, the swearing of a large number of voters will increase the work of the election board.

Case is Dismissed.

The suit of Ellen Darr vs. Charles Darr has been dismissed upon motion of the plaintiff.

Estate is Appraised.

H. S. Murray, B. B. Richards and F. S. Le Grow have appraised the estate in this county of Warren W. Raymond at \$85,800. It consists of 1440 acres of land.

Will Build New Walk.

S. Hugo & Co. last night secured the contract from the city for laying a cement walk on Ann street from Alta to Webb.

The Circus is Coming.

Glad news for the kids is contained in the announcement today that John Robinson's Ten Big Shows has been booked to show in this city on June 14.

2100 Registered in City.

An even 2100 voters are registered in Pendleton for the primary election, according to Miss Frances Saling, registration clerk who is today totaling up the registration in the various precincts.

No Steelheads at Dam.

Game Warden George Tonkin today received word that there are no steelheads now running at the Furnish dam and thinks local anglers planning on a trip down would have a profitless trip.

Redmen Will Initiate.

Umatilla Tribe, the local of the order of Redmen, will hold a class initiation this evening and the Pilot Rock degree team will come in to put on the work. J. A. Donovan of Hermiston, the grand sachem, will also pay the lodge an official visit.

Small Wreck Near Echo.

A loose wheel on a boxcar attached to a westbound freight yesterday afternoon caused a small wreck near Echo on the O-W mainline and delayed the arrival of No. 2 and No. 18 about two hours. No great damage was done.

Pioneer Westman Here.

Ben Walden, pioneer farmer of the Weston section, is paying Pendleton his first visit in a year. Mr. Walden has been a resident of Umatilla county for the past forty years. When he first came here from Brownsville he lived on the old Knotts place near Pilot Rock but most of the time he has been in the county has been spent on his farm near Weston. In recent years he has lived a retired life in Weston. Mr. Walden came to Oregon in 1852 and belongs to a well known pioneer family of the state. He is a cousin of Senator Harry Lane. He is renewing old acquaintances in Pendleton today and will remain over night.

HIGH SCHOOL NOTES

A full course luncheon was prepared and served today at noon by half the members in the domestic science class II of the high school to the other members. Next week the plan is vice versa so that all the members get actual work in preparing and serving meals.
