NEWS OF PENDLETON

Buy New Automobiles.

D. C. Graybeal and J. H. Luck have each purchased new Buick Overlands from the McLean Auto company.

Son is Born.

A son was born last night at 1403 West Railroad street to Mr. and Mrs. Charles E. Bedal of Coombs' Canyon.

Daughter is Born.

A daughter was born last evening at St. Anthony's hospital to Mr. and Mrs. Henry A. Barrett of Athens. Mrs. Barrett was formerly Miss Katherine McEwen.

W. A. Walpole Quite Ill.

Dr. E. O. Parker left this morning for Irrigon to attend W. A. Walpole, prominent resident of that town and well known here. He is reported to be quite ill.

Decree is Granted.

Judge Phelps has signed a decree of divorce in favor of the plaintiff in the case of C. A. Penn vs. Pearl Penn and plaintiff is given the custody of their two children.

Assistant Forester Here.

Thomas P. McKenzie, assistant district forester with headquarters at Portland, is here today conferring with W. W. Cryder, supervisor of the Umatilla forest. He is returning from a trip into the Okanogan country.

Morton Here Again.

Oliver P. Morton, attorney for the reclamation service who was recently transferred from Portland to Los Angeles, is here conferring upon some matters with George T. Cochran, water superintendent for eastern Oregon.

Jap and Chinaman Fight.

Last evening in Chinatown Arthur J. Arata, a Japanese, and a Chinese, name unknown, became engaged in a brawl that resulted in the arrest of Arata by Street Commissioner John Heathman. The Chinaman escaped. The Jap is out on \$19 bail pending the efforts of the police to apprehend the other.

Two Fires Last Month.

The monthly report of Fire Chief Ringold shows that the damage done by fire in the city last month was approximately \$900. There were two fires, one at the Pendleton Meat Company's plant, and one at the house on Garden street owned by H. A. Mederbach. There was one false alarm on April 1.

39 Building Permits.

April proved a banner month in Pendleton from a building standpoint. The recorder reported last evening that 39 permits were issued for improvements valued approximately at \$27,520. Fourteen sidewalk permits were issued for 1562 lineal feet of cement work. Nine plumbing permits were issued and ten burial permits.

Funeral of Mrs. Knight.

The funeral of the late Mrs. G. W. Knight of this city was held yesterday afternoon at 2 o'clock at Helix. Rev. H. H. Hubbard of the Christian church of this city, conducted the services. Quite a number of Pendleton and many friends of the Helix community attended the funeral to pay their last tribute to the deceased.

Matlock Memorial Raised.

A granite memorial to the late Mayor, William F. Matlock, has just been raised over his grave at Olney cemetery and is the largest monument in that burial ground. Jock Coleman, formerly of this city and now representing the Northwestern Granite Co. of Baker, superintended the erection of the memorial which is made of granite quarried in Baker. Selection of Baker granite was made in deference to the loyalty of the deceased to the state and his life-long love for home products.

Interesting Curios Found.

The Harrington yesterday turned over to Major Lee Moorhouse two interesting old curios which he had found. One was a pair of puzzle hobbles made of iron bands connected with a chain. These hobbles were fastened together in a puzzling fashion and were designed to prevent Indians from stampeding the stock of immigrants. The Indians could cut ordinary hobbles but could neither cut or unfasten these. The other curio of a piece of a shrapnel almost as large as a pool ball. The hobbles were found by Harrington on Alkali Canyon above Echo and the other relic was plowed up on Tutuilla creek near the present mission. Major Moorhouse thinks it probably fell there during the Indian war of 1878.

Chapter Installed at Hermiston.

At 4 o'clock this morning the delegation of Pendleton Royal Arch Masons, who assisted in installing a chapter at Hermiston last night, arrived home. Ten members of the local chapter were in attendance and there were ten from the Hppner chapter. Among those going from here were Joe H. Parkes, George Tonkin, S. A. Newberry, Frank Salling, C. E. Roosevelt, R. Alexander, Frank Sherman, J. F. Robinson and C. A. Murphy. Mayor E. E. Starner of Umatilla, who is a member of the local chapter, was also in attendance. S. R. Oldaker is high priest of the new chapter which had twelve charter members. Others will be taken in soon. H. M. Dryer of Umatilla was also in attendance.

Who Was It Anyway?

Yesterday's paper chronicled the fact that Si Reetz had purchased a

house on Garden street and would move it to a Clay street lot. Si read the item with much surprise. He consulted the records at the recorder's office and found a permit had been taken out by I. Wilkes for Si Reetz. Later Mr. Wilkes himself called at the Reetz barber shop and inquired for Si. When Si presented himself, Wilkes' face fell. "You're not the man," he said. He said he had taken a contract from a man to move the house and that he understood the man's name to be "Si Reetz." He was an elderly man, he said, with gray hair and at last accounts the clues were leading in the direction of John Vert.

Minor's Estate Appraised.

The estate of Glen McMahon, minor son of the late Tom McMahon who was killed at the Pilot Rock Junction yards, has been appraised at \$1000. It consists of money from a life insurance policy.

HARD FOUGHT CONTEST IS EXPECTED HERE TOMORROW

The annual high school track meet with Walla Walla will be held tomorrow afternoon at the Round-Up Park at 2:30 o'clock.

The meet will be the last one on the local track this season and not only that but it is expected to be the hardest fought meet ever held on the local track.

Coach Gordon is confident that his men will win but to do this every ounce of energy the boys have will have to be used.

Manager Arnold Mills has now selected all his officials but one and he has so arranged that the events will take place in rapid succession.

The local boys will endeavor to get Tom Boylen, U. of O. track star for the position of starter and referee. Chloupek, Pradier and Thompson will be timekeepers for the races. Devine and Kimball will act as field judges and it is quite probable that judges for the turns will be selected.

The high school boys are putting the track in shape this afternoon for the meet. The Walla Walla boys will arrive tomorrow morning by auto. About ten men will comprise the team. Coach Gordon will use every man in some event.

NO DESIRE FOR CITIZENSHIP.

(Continued from page one.)

cents in fee for their allotments, declare that their standing with their people would be prejudiced by such action, that they cannot well adapt themselves to the status of the pale face and if required to manage their own affairs, may lose their lands and money.

The interior department states that Patawa and his wife have a well stocked farm, worth \$10,000. Patawa is educated and making money. Sampson is interpreter at the Umatilla agency at a salary of \$5000 a year, and has an allotment which he leases for \$800 yearly, besides other property, and was educated at the expense of the government.

Does Not Pay Taxes.

Secretary Lane is apparently not in frame of mind to allow reservation Indians to remain under the protecting arm of the government after he is convinced that they are capable of managing for themselves. He suspects that one of the main influences against citizenship is the fact that taxes have to be paid on allotted land when the Indian becomes a citizen.

"Many of the competent Indians are comparatively wealthy," says a statement issued by the interior department. "Their lands are the most valuable in the Indian country, yet contribute not a cent to the maintenance of roads, bridges and schools, or to the cost of other facilities for which citizens must pay taxes."

"It is the purpose of Secretary Lane to be assured that only competent and trustworthy Indians be made citizens, and to that end he is having thorough investigation of each case, but he is determined that the mere expedient of tax-dodging shall not avail to prevent an Indian, simply because he is an Indian, from assuming the duties and responsibilities of American citizenship."

EYE COMFORT FOR READING AND DISTANCE

KRYPTOK Glasses are a wonderful convenience to middle-aged men and women who wear glasses.

You can see both near and far objects through KRYPTOKS with equal distinctness. Yet KRYPTOKS cannot be distinguished from single-vision glasses.

KRYPTOK GLASSES

THE ONLY INVISIBLE BIFOCAL

end the nuisance of removing your reading glasses every time you look across the room or at a distance. They relieve the tiring strain upon your eyes caused by frequently looking through your reading glasses, at objects three or four feet away.

KRYPTOKS are solid lenses without seam, line, or blur. They are the only bifocals with smooth, even surfaces—no age-revealing, vision-blurring lines, seams, or shoulders.

Why I Bought a Buick

Being Part of a Letter From a Buick Owner That is a "Buyers' Guide" in Itself.

"The features which influenced me most in purchasing my present car were: Light weight, high car efficiency, low cost of maintenance, easy riding, flexibility, the high reputation of the manufacturer, and the fact that he had specialized in one particular type of car for several years."
