NEWS OF PENDLETON

Making Improvements.

The sign painting firm of Kem & Wright is making extensive improvements at their shop on Cottonwood street.

Divorce is Granted.

A decree of divorce was granted yesterday afternoon by Judge Phelps in the case of Minnie E. Irvin vs. Augustus Irvin and plaintiff was given her maiden name of Minnie E. Smith.

Home From College.

Clara McCoy has returned to Pendleton from Portland where he has been taking a course of pharmacy in the North Pacific Dental College. He will have another year yet.

Sold Four Autos.

The McLean Auto company has just made the following sales: To William R. Melner, six cylinder Overland; J. R. Jordan of Echo, 53-B Overland; Dave H. Dale, Helix, Model 75 Overland.

Drove Over Mountains.

Mr. and Mrs. C. W. McClain and Mr. and Mrs. W. D. McReynolds of Boise, arrived here yesterday by auto, having made the trip over the mountains in their Buick light six. This is said to have been the first car over the mountains this spring.

Bad Weather Forecasted.

Supervisor Cryder of the Umatilla forest has received special word from the weather bureau in Portland that bad weather may be expected for the next two or three days. This is a critical period for the freshly shorn sheep and growers will no doubt take precautions.

Rev. McCormick Resigns.

Rev. W. F. McCormick is closing a three year term as pastor of the church at Helix and is not certain as to where he will be located in the future. On Sunday evening Rev. McCormick will preach the baccalaureate sermon to the class of the Helix high school.

Sister Seriously Ill.

Miss Grace Gilliam, candidate for the republican nomination for county treasurer, was called to Los Angeles last night on account of the serious illness of her sister, Mrs. Claire Oliver, who is not expected to live. Miss Gilliam left on the midnight train and will remain as long as necessary.

Pinkham Passes Through.

Louis H. Pinkham, Jr., former star University of Oregon football player and later coach at his alma mater, passed through Pendleton last evening from Spokane to Boise where he will take charge of an engineering crew for the government land office. He was met at the train by several former college friends.

Play at Pilot Rock Tomorrow.

The Pendleton team of the Blue Mountain league will play tomorrow at Pilot Rock and this will be the first meeting of the two teams this season. The Pirates have only lost one game and have a strong batting

club. Pendleton is much strengthened by the presence of Peterson, Anderson, Clark and Coshov and Manager McGarrigle hopes to take the measure of the southenders.

Judge To Heppner.

Circuit Judge G. W. Phelps will leave tomorrow for Heppner where he will hold court next week.

Applies For Citizenship.

Tom Apostolopos of this city, a native of Greece, has taken out his first papers for citizenship.

Poor Day For a Picnic.

The pupils of the sixth grade of the Washington school went on a picnic this morning to Round-up Park under the chaperonage of Misses Carpenter and McCully. The cold rain, however, spoiled their day and they returned home before noon.

Found Coyote Den.

Al Despain yesterday raided a den of coyotes which he found by the road not far from his home on McKay creek. He located the den through seeing the mother coyote in the vicinity and on investigation found six coyote pups. The den was remarkable through having been located so close to a house on a main travelled road.

Firemen Give Banquet.

The members of Hose Company No. 1 last evening banqueted the members of the city council, the mayor and the members of the other hose companies in their quarters in the city hall. Chief W. E. Ringold acted as toastmaster and speeches were made by Mayor Best, Councilmen Folsom and Taylor and visiting firemen. An enjoyable time was had and all did full justice to the variety of "eats" prepared by Mrs. Bert Lovell. Bert Lovell and Harrison Minnis, members of No. 1 served the banquet.

Harry Redford Case Dismissed.

By motion of the district attorney this afternoon the perjury case against Harry Redford was dismissed. The evidence of the state failed to show that the druggist selling alcohol to the defendant had caused him to swear to the affidavit he made, which, according to the opinion of the district attorney, made it impossible to convict him of perjury. There is no question that Redford secured more alcohol than his statement shows, but according to District Attorney Steiner, the prohibition law does not fix any limit to the amount of alcohol a person may secure from a drug store.

W. G. Bogart Sued For Divorce.

Mrs. Rose Bogard of this city this afternoon filed suit for divorce against her husband, W. G. Bogart, proprietor of Billy's Place. She asks that he be compelled to give her one half of his property which she estimates to be worth between \$20,000 and \$30,000. She also asks for \$200 attorney fees and an injunction restraining him from coming near her or their two children during the pendency of the suit. They were married in this city in 1905 and plaintiff alleges that he has been domineering toward her and has been trying to get rid of her without giving her anything but a railroad ticket and \$100. Raley & Raley are attorneys for the plaintiff.

Winter Here Again?

Time is her flight turned backward again today and gave Pendleton a touch of March weather. Cold showers have been falling most of the day and the disagreeable weather has made the Saturday an unusually quiet one. Opinions differ as to the effect the weather will have upon the crops but the majority is that the ultimate effect will probably be bad. More of the same kind of weather is promised for the next few days, according to the following forecast received at noon by Supervisor Cryder of the Umatilla forest: "Unsettled weather; local showers and cooler weather Sunday and Monday; probably clearing Tuesday and Wednesday with cold nights; warmer last of week."

OTHERS IN CONTEST DOING BEST TO BEAT PENDLETON

CITIES WITH QUEEN CANDIDATE CONSIDER THIS CITY CHIEF OPPONENT.

"The other cities over the state are out to beat Pendleton. You people may have fixed upon one or two or three of the other contestants as your principal opposition but everyone of the others recognize Pendleton as their chief opposition."

This is the statement made this morning by W. R. Crow of Portland who is connected with the queen contest of the Portland Rose Festival. His remarks made it evident that if Pendleton wins the honor of naming the queen she will have to put up a strong fight.

Mr. Crow is here in the interests of the campaign which, he states, is growing quite warm. He feels certain that the queen will be named from outside of Portland and thinks Pendleton has as good a chance as any. Several of the Willamette valley towns, he states are making big efforts to name the queen, various organizations rallying to the support of their candidates with dances and other benefits.

Miss Murie Salling of Pendleton is still in the lead but voting will be heavy during the next two weeks.

Isn't It Strange?

That even though these so-called sales are coming due right now you can always buy the best materials, newest patterns for less money at the Golden Rule Store. The Golden Rule prices are sale prices every day of the year. We don't have to put on special sales to move our goods, the price being so low they move themselves. The secret of our low prices is the enormous quantity cash buying for our 125 stores and the eliminating of all expenses which the other merchants of necessity must add to the selling price of his goods.

WE CLAIM THAT SPECIAL SALES IS AN EXCUSE FOR HIGH PRICES.

Because He is Your Boy---

There is an epoch in your boy's life when it offers you an opportunity to award him for being your boy; it is the last opportunity that you will have to commemorate an achievement in your boy's life because his graduation is in the last days of his boyhood.

He will soon be a man.

He will enter the world's activities on his own account.

He will be separated from his boyhood home and will be among strangers.

Give him something to take with him and carry through-out his life so that he can associate some object of merit with his parents' affection.

Give him the pleasure when he is away with other companions of showing a nice watch and saying, "See this watch. My mother and father gave this to me when I graduated."

You may give him a house and lot or an automobile but you have not satisfied that craving for a keepsake that he can carry with him through his life.

He may pass through financial straits and may have to sacrifice all of his worldly goods but he will cling to his watch and on his very last day he will have retained possession of his watch, not because it was of any certain kind of a watch nor because it was of any stipulated price, but because "my mother and father gave it to me when I graduated."

Don't miss this opportunity of awarding your boy for being your boy.

1916

BUICK

"SIX"

ON THE FIRST TRIAL BEATS THE LARK BY 3 HOURS. BEATS FORMER RECORD OF 1 HOUR 23 MINUTES HELD BY CADILLAC, A CAR COSTING TWICE AS MUCH.

457 Miles in 10 Hrs. 47 Min.

MAN HAS NEVER BEFORE TRAVELED AS FAST BETWEEN THESE TWO CITIES.

The Buick left Los Angeles Monday night at 8 o'clock and arrived in San Francisco Tuesday morning at 6:47 o'clock. (THIS TIME IS OFFICIAL.)

Most Marvelous Road Record in Motor Car History

The car used was a regular stock Touring Car, Model D-6-45, which sells in Pendleton at \$1175. All former record-holders were much larger and higher-priced cars.

ANOTHER REMARKABLE DEMONSTRATION OF

BUICK SPEED, POWER, ENDURANCE and RELIABILITY

The extraordinary time made by the Buick Six up the long, hard grades, over rough mountain passes, fording streams and racing over miles of desolate desert in its intercity dash was no surprise to us. We knew that the Buick valve-in-head motor was capable of driving the car at a continued speed of more than sixty miles per hour when called upon. We also knew that the Buick chassis, notwithstanding the continued heavy hammering over rough roads at unusual speed, would be in the same perfect condition at the finish as at the start. By this remarkable performance we have demonstrated to the public the superiority of Buick construction.

[Not a Mishap on the Entire Sensational Run proving perfect ignition, perfect carburetion, perfect lubrication, perfect cooling system, perfect construction and design.
